

3er Set Lingam Massage Kurzanleitung 2017 23 Peni

This book provides detailed information on the various ethnic fermented foods and beverages of India. India is home to a diverse food culture comprising fermented and non-fermented ethnic foods and alcoholic beverages. More than 350 different types of familiar, less-familiar and rare ethnic fermented foods and alcoholic beverages are traditionally prepared by the country's diverse ethnic groups, and include alcoholic, milk, vegetable, bamboo, legume, meat, fish, and cereal based beverages. Most of the Indian ethnic fermented foods are naturally fermented, whereas the majority of the alcoholic beverages have been prepared using dry starter culture and the 'back-sloping' method for the past 6,000 years. A broad range of culturable and unculturable microbiomes and mycobiomes are associated with the fermentation and production of ethnic foods and alcoholic drinks in India. The book begins with detailed chapters on various aspects including food habits, dietary culture, and the history, microbiology and health benefits of fermented Indian food and beverages. Subsequent chapters describe unique and region-specific ethnic fermented foods and beverages from all 28 states and 9 union territories. In turn the classification of various ethnic fermented foods and beverages, their traditional methods of preparation, culinary practices and mode of consumption, socio-economy, ethnic values, microbiology, food safety, nutritional value, and process optimization in some foods are discussed in details with original pictures. In closing, the book addresses the medicinal properties of the fermented food products and their health benefits, together with corresponding safety regulations.

A brilliantly colorful memoir of becoming a monk and a young man's spiritual journey in India. Nikolai Grozni, a Boston jazz piano prodigy struck by spiritual ennui, suddenly abandoned 15 years of music studies to seek out the Dalai Lama's university in India, where he began his quest for the ultimate truth. Instead of finding answers, Grozni fell in with an unusual cast of characters, and struggled with Buddhist logic and with the many small challenges to life as a monk in a community of Tibetan refugees. Turtle Feet is his bittersweet and funny memoir about the search for higher power, and the discovery of oneself amidst teeming, chaotic, and glorious humanity.

A bookstore can be a wonderful, welcoming place of both commerce and curiosity. That's the goal for Woody, an American recently transferred to England to run a branch of Texts. He wants a clean, orderly store and lots of sales to show his bosses when they arrive from the States for a pre-Christmas inspection. Not easy given the shop's location in a foggy strip mall. And things keep going wrong. No matter how often the shelves are put in order before the doors are locked at night, when the staff returns in the morning, books are lying all over the floor, many damp and damaged beyond repair. The store's computers keep acting up-errors appear in brochures and ads and orders disappear completely. And even when the machines are turned off, they seem to glow with a spectral gray light. The hit-and-run death of an employee in the store's parking lot marks a turning point. One employee accuses another of making sexual advances and they come to blows. Between one sentence and the next, one loses his ability to read. The security monitors display half-seen things crawling between the stacks that vanish before anyone can find them. Desperate, Woody musters his staff for an overnight inventory. When the last customers reluctantly depart, leaving almost-visible trails of slime shining behind them, the doors are locked, sealing Woody and the others inside for a final orgy of shelving. The damp, grey, silent things that have been lurking in the basement and hiding in the fog may move slowly, but they are inexorable. This bookstore is no haven. It is the doorway to a hell unlike any other. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Many couples feel stacked in their love life - If you are a woman and your partner didn't touch you in years, what do you do? How can you bring back erotic play in your relationship? - This book gives you core essential techniques to get your partner excited again - I don't think that ANY MAN would be able to resist the pleasures that this type of approaches triggers - They are so powerful and so unknown by the vast majority of women and men out there! - Why is that? Because sex is still VERY taboo! - Information on what works and what doesn't with sexual behaviors does not circulate freely! - On top of that, people are often ashamed by their desires and sexual needs - They try to suppress them instead of

embracing them - So, here is what I suggest, get these techniques and start using them in your couple to multiply the passion and complicity in your relationship - I will share with you... A simple technique that instantly boost how much sex you have in your couple - How to give feed back when you like something - How to master ejaculation control - A simple ingredient that triples the pleasure any man gets from a lingam massage - Why so many couples fail in keeping sexual play alive - The key mistake women make when massaging a man's lingam - How to take control and lead an erotic play session - and so much more! - So many people out there are frustrated because they feel their partner under performs in the bedroom - They want THIS but have no idea how to ask for it - If you are a guy and long to get your wife or girlfriend to be more erotically creative and develop skills to please you WAY better, get this for her - If you are a woman and your partner struggles with performance anxiety and ejaculates too fast, teach him these sex mastery techniques - If your couple is sexually bored and needs to wake up erotic play again, this is THE book to read! TOGETHER! - In fact I believe that ANYONE who is serious about mastering their sex life SHOULD read this! - These are the erotic play strategies you should have discovered a long time ago - It will give you a new edge in your sex life that you will love and remember for ever!

The Genetics and Genomics of the Brassicaceae provides a review of this important family (commonly termed the mustard family, or Cruciferae). The family contains several cultivated species, including radish, rocket, watercress, wasabi and horseradish, in addition to the vegetable and oil crops of the Brassica genus. There are numerous further species with great potential for exploitation in 21st century agriculture, particularly as sources of bioactive chemicals. These opportunities are reviewed, in the context of the Brassicaceae in agriculture. More detailed descriptions are provided of the genetics of the cultivated Brassica crops, including both the species producing most of the brassica vegetable crops (*B. rapa* and *B. oleracea*) and the principal species producing oilseed crops (*B. napus* and *B. juncea*). The Brassicaceae also include important “ model ” plant species. Most prominent is *Arabidopsis thaliana*, the first plant species to have its genome sequenced. Natural genetic variation is reviewed for *A. thaliana*, as are the genetics of the closely related *A. lyrata* and of the genus *Capsella*. Self incompatibility is widespread in the Brassicaceae, and this subject is reviewed. Interest arising from both the commercial value of crop species of the Brassicaceae and the importance of *Arabidopsis thaliana* as a model species, has led to the development of numerous resources to support research. These are reviewed, including germplasm and genomic library resources, and resources for reverse genetics, metabolomics, bioinformatics and transformation. Molecular studies of the genomes of species of the Brassicaceae revealed extensive genome duplication, indicative of multiple polyploidy events during evolution. In some species, such as *Brassica napus*, there is evidence of multiple rounds of polyploidy during its relatively recent evolution, thus the Brassicaceae represent an excellent model system for the study of the impacts of polyploidy and the subsequent process of diploidisation, whereby the genome stabilises. Sequence-level characterization of the genomes of *Arabidopsis thaliana* and *Brassica rapa* are

presented, along with summaries of comparative studies conducted at both linkage map and sequence level, and analysis of the structural and functional evolution of resynthesised polyploids, along with a description of the phylogeny and karyotype evolution of the Brassicaceae. Finally, some perspectives of the editors are presented. These focus upon the Brassicaceae species as models for studying genome evolution following polyploidy, the impact of advances in genome sequencing technology, prospects for future transcriptome analysis and upcoming model systems.

“ Kim ” is a novel by English author Rudyard Kipling, originally published as a serial in McClure's Magazine between December 1900 and October 1901. The story revolves around the young Kim and aged priest Lama who together venture off on a mutual quest, although for very different reasons. Though now a controversial novel,

“ Kim ” is considered Kipling's greatest literary accomplishment and offers poignant insights into the religious, social, and political issues of the time. Joseph Rudyard Kipling (1865–1936) was an English novelist, journalist, poet, and short-story writer most famous for his stories set in and related to colonial India. He innovated the art of short story writing and was one of the most popular writers in the U.K. during the nineteenth and twentieth centuries. Other notable works by this author include:

“ The Jungle Book ” (1894), “ The White Man's Burden ” (1899), and “ The Man Who Would Be King ” (1888). Read & Co. Classics is republishing this classic story now in a new edition complete with a specially-commissioned new biography of the author.

A tantric massage practice for awakening and honoring male creative energy and allowing a man conscious, loving contact with his own masculinity • Empowers men to expand and deepen their experience of arousal and sensuality • Demonstrates how deep relaxation is important to a strong and lasting erection • Shows how the lingam connects a man to his dynamic strength while the prostate is linked to his more receptive side Lingam is the Sanskrit word for the male generative organ, the penis. In India, the lingam is revered as an expression of Shiva ' s clarity, symbolizing the fine sword that differentiates between truth and falsehood. The goal of a lingam massage is to provide a man conscious, loving contact with his own masculinity.

Western cultural expectations around sexual “ performance ” have created sexual difficulties for many men, including erectile dysfunction and premature ejaculation. Through loving touch, lingam massage provides the deep relaxation that supports sustained erection, putting a man in touch with less familiar aspects of his sexuality, including the energetic responses of his perineum, prostate gland, and anus. Lingam massage is not simply a hands-on technique but involves the conscious direction of energy throughout the body. It allows men to savor longer, deeper orgasms and teaches taoist and tantric practices for conserving sexual energy. Over time, as his consciousness deepens, these practices give a man complete control over his ejaculation.

Shares tantric secrets for deepening relationships, intimacy, and passion, and discusses harmony, communication, and healing

Awakening Male Sexual Energy

Congenital Anomalies of the Penis

A tantric massage practice for awakening and enhancing women's innate sensual, emotional, and spiritual energies • Provides emotional healing by releasing traumatic memories stored in the yoni • Includes exercises that use sexual energy to cleanse and stimulate the chakras • Empowers women to draw strength and radiant vitality from the restored connection to their innermost core "Yoni" is the Sanskrit word for the female genitalia, describing not only the anatomy but also encompassing the energetic and spiritual dimensions. While a yoni massage offers women the opportunity to enhance their sexuality, Michaela Riedl shows that the effects of this practice are much more profound and have ramifications affecting every area of life. Long held inhibitions in the West about sexuality and the shame and guilt associated with the sexual zones of the body have created deep-seated barriers that prevent individuals from fully expressing themselves. The practices provided in Yoni Massage are designed to allow women to overcome these barriers and reconnect to their innermost core and deepest feminine nature. Yoni massage is not simply a hands-on technique but involves the conscious direction of energy throughout the body through deep breathing and visualization. It provides women the ability to cleanse and energetically stimulate the chakras as well as achieve emotional healing by releasing the traumatic pain that often becomes seated in the yoni. The author explains that the relegation of this important spiritual and energetic center to a "private part" hinders the process of enlightenment. Once women are able to be in touch with their yoni energy, their connection to the entire web of life is restored to its rightful place.

Tantric massage is a great way to provide erotic pleasure and sexual healing for you and your partner. Yoni (Vagina) and Lingam (Penis) are two of the oldest types of Tantric massage techniques in the world. This basic guide will give you an introduction to simple and easy to learn techniques that you can start using right away. Includes graphic and explicit detail of sexually stimulating massage. Do not read if you are uncomfortable with sexual massage techniques.

It's no secret that certain social groups have predominated India's business and trading history, with business traditionally being the preserve of particular 'Bania' communities. However, the past four or so decades have seen a widening of the social base of Indian capital, such that the social profile of Indian business has expanded beyond recognition, and entrepreneurship and commerce in India are no

longer the exclusive bastion of the old mercantile castes. In this meticulously researched book - acclaimed for being the first social history to document and understand India's new entrepreneurial groups - Harish Damodaran looks to answer who the new 'wealth creators' are, as he traces the transitional entry of India's middle and lower peasant castes into the business world. Combining analytical rigour with journalistic flair, India's New Capitalists is an essential read for anyone seeking to understand the culture and evolution of business in contemporary South Asia.

Early Tantric Medicine looks at a traditional medical system that flourished over 1,000 years ago in India. The Garuda Tantras had a powerful influence on traditional medicine for snakebite, and some of their practices remain popular to this day. Snakebite may sound like a rare and exotic phenomenon, but in India it is a problem that affects 1.4 million people every year and results in over 45,000 deaths. Michael Slouber offers a close examination of the Garuda Tantras, which were deemed lost until the author himself discovered numerous ancient titles surviving in Sanskrit manuscripts written on fragile palm-leaves. The volume brings to life this rich tradition in which knowledge and faith are harnessed in complex visualizations accompanied by secret mantras to an array of gods and goddesses; this religious system is combined with herbal medicine and a fascinating mix of lore on snakes, astrology, and healing. The book's appendices include an accurate, yet readable translation of ten chapters of the most significant Tantric medical text to be recovered: the Kriyakalagunottara. Also included is a critical edition based on the surviving Nepalese manuscripts.

Lingam Massage - Advanced Techniques To Sexually Please A Man

A guidebook for gay men about the mysterious sensual art of tantra.

The spiritualist and author of Dictionary of Aphrodisiacs presents an in-depth study of love potions and charms through the centuries. Love and sexuality are perhaps some of the most essential, eternal, and universal concerns of humankind. Since before recorded history, societies have sought ways to improve their physiological potency, attract mates amorously, and—in some instances—prevent such attraction or divert it elsewhere. Over time, these means have taken many forms: love elixirs, spells, and rites have been part of virtually

every civilization through the ages. This survey explores the evolution of love potion practices over the centuries and across the world. Separate chapters focus on ancient Greece, Rome, India, and the Orient, as well as the Middle Ages and modern times. Author Harry E. Wedeck relays the spiritual aspects of these concoctions as well as historical anecdotes about them. Recipes are also included, though Wedeck cautions that they are exclusively for academic purposes and not intended for personal use.

Textbook of Pharmacognosy and Phytochemistry This comprehensive textbook is primarily aimed at the course requirements of the B. Pharm. students. This book is specially designed to impart knowledge alternative systems of medicine as well as modern pharmacognosy. It would also serve as a valuable resource of information to other allied botanical and alternative healthcare science students as well as researchers and industrialists working in the field of herbal technology. Only Textbook Offering... Recent data on trade of Indian medicinal plants (till 2008) Illustrated biosynthetic pathways of metabolites as well as extraction and isolation methodologies of medicinal compounds Bioactivity determination and synthesis of herbal products of human interest Information on Ayurvedic plants and Chinese system of medicine Simple narrative text that will help the students quickly understand important concepts Over 300 illustrations and 120 tables in order to help students memorize and recall vital concepts making this book a student's companion cum teacher A must buy for every student of pharmacognosy!

This unique book provides a comprehensive picture of the vivid kaleidoscope of traditional medicine in Asia presented by 34 eminent authors from 15 countries belonging to the different systems like Ayurveda and Chinese Traditional Medicine. Important emerging areas such as harmonization of the traditional systems with modern medicine and the growing role of these systems in the health care structure of countries are also dealt with. Legislation and regulation of these systems and practitioners, an area of growing concern, the need for good preclinical toxicology studies and scientific clinical evaluation of the products and medicinal plants used for therapy are exhaustingly dealt with. The vital issue of protection of traditional systems of medicine and patenting of medicinal plants is discussed in detail. The book is replete with suggestions, and ideas aimed at making traditional systems more effectively, and more widely used for health care. The book also covers the prevailing situation regarding the use and other aspects of traditional medicine in the 10 Member countries of the South-East Asia Region of the World Health Organization.

Mastering the Intimate Massage: the Ultimate Guide to Spicing Up the Bedroom:

Uncover the Secrets to a Better Sex Life !

Discover Secrets Massage Techniques such as the Yoni & Lingam in this Amazing Book !! Learn the Ancient Art that will Spice Up your Bedroom - 10 Amazing Tantric Tips and Tricks Included. In this book, you will learn how the practice of the intimate massage has helped many couples achieve greater sexual satisfaction and intimacy. Learning the techniques taught in this book will help you develop closer, more meaningful, and highly rewarding relationships. With the consistent application of these principles, you'll find that your commitment and love will only grow deeper. When you give your lover a sensual and intimate massage, you are not expecting anything in return but you are completely engrossed in giving him or her pleasure. While it helps your lover relax and enjoy the massage, it offers you the freedom and convenience to open not only your eyes, but your mind and body as well to a whole new way of experiencing intimacy. The intimate massage is not a novelty but an ancient ritualistic practice common in Eastern traditions. In fact, in many cultures, it is a natural expression of love. As we became more materialistic and our lives got busier, nobody had the time or inclination to make love the way it should be done. After all, love is never about you as a person, is it? It is about the experience. Give your lover an intimate massage and bring back the connection that you naturally have on a physical, sensual, spiritual and universal level. Here is a preview of what you will learn... . The ancient and somewhat mysterious origins of some of the most successful massage techniques . How to increase the levels of intimacy with your partner using lighting, sounds and scents... How different breathing techniques will enhance your pleasure and that of your partner . The benefits and methods to incorporate tantra to the massage . Learn the amazing Yoni and Lingam techniques that will drive your partner crazy! Purchase your copy today!

Global Nomads provides a unique introduction to the globalization of countercultures, a topic largely unknown in and outside academia. Anthony D'Andrea examines the social life of mobile expatriates who live within a global circuit of countercultural practice in paradoxical paradises. Based on nomadic fieldwork across Spain and India, the study analyzes how and why these post-metropolitan subjects reject the homeland in order to shape an alternative lifestyle. They become artists, therapists, exotic traders and bohemian workers seeking to integrate labor, mobility and spirituality within a cosmopolitan culture of expressive individualism. These countercultural formations, however, unfold under neo-liberal regimes that appropriate utopian spaces, practices and imaginaries as commodities for tourism, entertainment and media consumption. In order to understand the paradoxical globalization of countercultures, Global Nomads develops a dialogue between global and critical studies by introducing the concept of 'neo-nomadism' which seeks to overcome some of the shortcomings in studies of globalization. This book is an essential aide for undergraduate, postgraduate and research students of Sociology, Anthropology of Globalization, Cultural Studies and Tourism Studies.

A reference to help nursing students and practising nurses select a nursing diagnosis and write plans of care with ease and confidence. The book provides care plans for every NANDA diagnosis and provides a quick access index of appropriate nursing diagnoses for over 1200 clinical entities.

Every day in Mumbai 5,000 dabbawalas (literally translated as "those who carry boxes") distribute a staggering 200,000 home-cooked lunchboxes to the city's workers and students. Giving employment and status to thousands of largely illiterate villagers from Mumbai's hinterland, this co-operative has been in operation since the late nineteenth century. It provides one of the most efficient delivery networks in the world: only one lunch in six million goes astray. Feeding the City is an ethnographic study of the

fascinating inner workings of Mumbai's dabbawalas. Cultural anthropologist Sara Roncaglia explains how they cater to the various dietary requirements of a diverse and increasingly global city, where the preparation and consumption of food is pervaded with religious and cultural significance. Developing the idea of "gastrosemantics" - a language with which to discuss the broader implications of cooking and eating - Roncaglia's study helps us to rethink our relationship to food at a local and global level.

Additional sections: Massage - Sexual and Non-Sexual Cooking for the Citchen Clueless The Flood - AKA Menstruation Buying Lingerie - Without Dying of Embarrassment Paul H. Byerly began e-mailing generous tips in 2001. His daily Generous Husband messages are now received by over two thousand men around the world.

Why do men need lingam or penis massages? To awaken their Inner Clitorises, and because "men keep a lot of their stress in their pelvic area," say the experts. Which leads the author to propose a grand plan in which universal lingam and yoni massages lead to safe sex, peace, and global economic recovery. This is a book of humor and satire meant as a gift to make people laugh.

"Sexual Secrets" is the definitive and all-encompassing guide to sex and mysticism. No book of this magnitude has ever appeared on the subject. The distillation of more than two thousand years of practical techniques for enhancing sexual awareness and achieving the transcendental experience of unity, "Sexual Secrets" explores the path of love and mysticism, making accesible for the first time the sexual mysteries of the East.

Learn sensual touch for improved intimacy and better sex! This volume provides comparative perspectives on issues related to education, culture, sustainable development and nation-building in India and Canada. It takes cognizance of current research in Indo-Canadian comparative studies and is meant to facilitate further research in these areas. It importantly highlights the trends and growth areas in comparative social science and humanities research between the countries. The chapters in this volume discuss the research that scholars have recently undertaken in both countries and the impact that such comparative research has on developing partnerships, learning methodologies, and socio-cultural narratives that empower interdisciplinary research. The chapter authors take up important issues related to community college development, mental health in education, multilingual education, indigenous populations and their education and development. They discuss issues related to bilateral and foreign trade agreements as well as policies of the two countries on climate change research. Lastly, they discuss indigenous performance cultures and sports in the two countries and the long history of migration from India to Canada. The volume is of interest to a wide readership from the humanities and social sciences, particularly readers interested in Indo-Canadian scholarship.

The Wrestler's Body tells the story of a way of life organized in terms of physical self-development. While Indian wrestlers are competitive athletes, they are also moral reformers whose conception of self and society is fundamentally somatic. Using the insights of anthropology, Joseph Alter writes an ethnography of the wrestler's physique that elucidates the somatic structure of the wrestler's identity and ideology. Young men in North India may choose to join an akhara, or gymnasium, where they subject themselves to a complex program of physical and moral fitness. Alter's first-hand description of each detail of the wrestler's regimen offers a unique perspective on South Asian culture and society. Wrestlers feel that moral reform of Indian national character is essential and advocate their way of life as an ideology of national health. Everyone t is called on to become a wrestler and build collective strength through self-discipline.

The Complete Spa Book for Massage Therapists is specifically for massage therapy students who want to succeed in the spa industry, whether as an employee or an owner of their own spa. It is the only book that includes extensive information about real-world working conditions in actual spas, with an enormous amount of feedback from working spa directors and owners regarding what they are looking for in employees. Beyond giving explanations and step-by-step instructions regarding a wide range of spa modalities, the book offers an in-depth look at topics that many other resources do not cover. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

An ancient Hindu text, "The Kama Sutra" is attributed to Vatsyayana-a Vedic philosopher of the Gupta Empire. The book offers advice on the practice of sexual intercourse, with additional passages about virtue, love, family, and other aspects of human life. It is arguably the world's most famous literary document concerning human sexuality.

52 Mind-Blowing Ways to Poop The only known translation of an ancient manual instructing readers in the art of enlightened bathroom experience, the Kama Pootra offers a thrilling rediscovery of the tiled path to porcelain nirvana. Willing seekers will find fifty-two progressive positions designed to maximize how you do number two. Every time the bathroom door closes, a new experience awaits.

Vascular surgery has experienced remarkable growth and diversification in the last decade, especially with its embracing the disruptive endovascular technological revolution. Vascular surgeons remain the only group of specialists capable of total treatment of patients with vascular disease, providing medical, minimally invasive, and surgical therapy. Although vascular surgeons practice in all areas of the world, practice patterns in different areas naturally have both similarities and differences that reflect both regional patterns of disease, genetic characteristics of local peoples, cultural preferences for treatment, local political and economic situations, different access to resources and devices, as well as different training paradigms. Thus, the practice of vascular surgery has diversified and evolved in parallel in many areas, converging and diverging in many ways. Vascular Surgery: A Global Perspective provides the first review and comparison of the diversity of vascular surgery practice around the world. The book is grouped according to common vascular diseases such as aneurysmal and occlusive arterial disease, as well as venous and lymphatic disease and dialysis access. Each major disease topic includes multiple chapters written by expert specialists from around the world, each discussing their local approach to the disease and its treatment. Similarly, the status of vascular surgery practice is addressed, including discussion of the influence of payment systems on practice, patient access to the internet for information, training paradigms, and the legal system including malpractice. This textbook provides the first worldwide summary of the care of patients with vascular disease and will be of interest to a wide audience including vascular surgeons, vascular medical specialists, cardiologists, radiologists, internists, and family practice physicians.

This book provides comprehensive but concise data for congenital diseases of the penis, explaining the embryological and anatomical background, incidence, historical background, investigation approaches, imaging and management of each condition. The book is organised in themed parts, starting from embryology and normal anatomy and examining anomalies for each anatomical part: prepuce, penis, urinary meatus, penile urethra with a final part of acquired penile diseases with congenital

background. With clear illustrations in each chapter to explain each condition in detail, online animations for the difficult and complex cases are also provided. Practitioners in the field of pediatric urology and surgery will find this highly readable book particularly valuable. The author is a pioneer pediatric surgeon with over 30 years' experience in the field of genitourinary anomalies.

Tantra for Gay Men**

This is not only a book about Tantric practices, but also about how you can use them to create a life-long, loving relationship. Because Pala and Al's emphasis is on Tantra in relationships, both beginners and skilled Tantric practitioners will find value here. Through the authors' mix of ancient Eastern sexual practices and modern Western approaches to communication and intimacy, you and your partner will learn to connect in ways that are respectful, nourishing, and lusty. Pala and Al offer their relationship as a model for a successful, long-term relationship in which to be happy, fulfilled, and spiritually awakened. Soul Sex includes thought-provoking discussions, personal anecdotes, and precise but simple techniques to inspire you to apply to your daily life. The observations and exercises included are drawn from the authors' own heady partnership and from the hundreds of couples they have had the privilege to teach at their Tantra sacred sex workshops.
