Inequality is the crisis of
our time. The growing
gap between a few at the
top and the rest of
society damages us all.
No longer able to deny
the crisis, every
government in the world
is now pledged to fix it
– and yet it keeps on

getting worse. In this book, international anti-inequality campaigner Ben Phillips shows why winning the debate is not enough: we have to win the fight. Drawing on his insider experience, and his personal exchanges with the real-life heroes of successful movements, he shows how the battle against inequality has

been won before, and he shares a practical plan for defeating inequality again. He sets a route map for us to overcome deference, build our collective power, and create a new story. Most books on inequality are about what other people ought to do about it – this book is about why winning the fight needs you. Tired of feeling
