So she wonders ... what would happen if she ran away and left them to it? Lizzy heads to her favourite place: a beach hut on the golden sands of Everdene. There she meets an unlikely collection of new friends, all running away from something. But the spirit of Christmas gets under Lizzy's skin: soon the fairy lights are twinkling and the scent of mulled wine mingles with the sea air. Back at Pepperpot Cottage, her family are desperate to find her. For Christmas isn't Christmas without Lizzy. Can they track her down in time and convince her she means the world to them, every day of the year?

In Clothing Gandhi's Nation, Lisa Trivedi explores the making of one of modern India's most enduring political symbols, khadi: a homespun, home-woven cloth. The image of Mohandas K. Gandhi clothed simply in a loincloth and plying a spinning wheel is familiar around the world, as is the sight of Gandhi, Jawaharlal Nehru, and other political leaders dressed in "Gandhi caps" and khadi shirts. Less widely understood is how these images associate the wearers with the swadeshi movement -- which advocated the exclusive consumption of indigenous goods to establish India's autonomy from Great Britain -- or how khadi was used to create a visual expression of national identity after Independence. Trivedi brings together social history and the study of visual culture to account for khadi as both symbol and commodity. Written in a clear narrative style, the book provides a cultural history of important and distinctive aspects of modern Indian history.

Challenging the received orthodoxies of social anthropology, Ifi Amadiume argues that in precolonial society, sex and gender did not necessarily coincide. Examining the structures that enabled women to achieve power, she shows that roles were neither rigidly masculinized nor feminized. Economic changes in colonial times undermined women's status and reduced their political role and Dr Amadiume maintains, patriarchal tendencies introduced by colonialism persist today, to the detriment of women. Critical of the chauvinist stereotypes established by colonial anthropology, the author stresses the importance of recognizing women's economic activities as an essential basis of their power. She is also critical of those western feminists who, when relating to African women, tend to accept the same outmoded projections.

When the anxiety of materialistic excess overcomes your soul, and you hear a cry from deep within, what do you do? Author Mark Kacik traveled the remote back roads of Asia in search of a peaceful mind, a deep understanding of self, and an alternative to his hectic and materialistic American lifestyle. Probing remote footpaths and following the breeze of his soul, Kacik serendipitously encounters Buddhist masters in out-of-the-way temples and monasteries, where he is given deep meditative exercises and lessons in awareness, consciousness, and mindful living. Follow Kacik's spiritual odyssey as he travels through the timeless deserts of India, the frigid Himalayas of Nepal, scorching Vietnamese jungles, and the culturally rich Korean mountains and has surprising and sometimes terrifying adventures. Meet the incredible people he comes face-to-face with who lead lives so amazingly different from his own. Caves, Huts, and Monasteries is more than a travelogue: The vibrant descriptions of faraway jungles, mountains, and deserts, along with jewels of advice gifted from masters of various Buddhist traditions, speak to the heart of spiritual seekers of any faith tradition. Kacik shares the teachings that affected him most deeply; those that helped evolve his perception of self, and taught him that peace can settle in the wailing soul that remains open and still. Because all of us get stuck; all of us sometimes want to scream; all of us have heard our deeper self crying for

more substance in our lives.

The Woodman's Hut

A Comparative Analysis

The Pearl and the Hut, Volume I, is a comprehensive therapeutic resource for adult children of divorce and for caregivers helping young children who are experiencing parental divorce. Yiana Belkalopolos addresses the trauma many children experience in parent divorce through the lens of the practical and soul-spiritual philosophy of Rudolf Steiner, the Austrian scientist and philosopher behind Waldorf education and the international Anthroposophical movement. Belkalopolos' work gives psychosocial and soul spiritual support, as well as loving, practical encouragement for children and adult children of divorce through:

- Individual-honoring biographies that speak to the support that other growing children of divorce and adult children of divorce have experienced from Rudolf Steiner's work.
- Providing safe, soul-spiritual developmental approaches and demonstrating practices that are supported around the world, helping children of divorce feel more calm, whole, steady, supported, and rightful within themselves.
- Revealing to adult children of divorce that there are true and rational explanations for what they are feeling which make them capable of a wholesome life.
- Empowering "Pearl" people to take care of their own holistic wellbeing more thoroughly and to know where to reach out for help.

Readers of medieval Japanese literature have long been captivated by its romance and philosophy. In this volume, two acclaimed thirteenth-century classics, *The Ten Foot Square Hut* and *Tales of the Heike*, are presented in translation. *The Ten Foot Square Hut* (the *Hojoki*) takes its title from a four and half mat sized Tearoom, the size of the hut in which the hero of the story, Chomei, lives. It offers the memorable reflections of this sensitive aristocrat who has retired from a world filled with violent contrasts and cataclysms to find refuge in nature and Buddhist philosophy. Though this narrative was written 700 years ago, its message continues to have an astonishing timeliness. *Tales of the Heike* (selections from the *Heike Monogatari*) deals with the same period but from a different point of view, supplying the background of Chomei's meditations. It is a collection of episodic stories, written in poetical prose, related to the rise and fall of the Taira clan in twelfth-century Kyoto, one of the great turning points in Japanese history. The translations, by the late Professor A. L. Sandler, are complemented by an informed Introduction on the background to these masterpieces of Japanese literature.

The Hut Builder

This study uses an abundance of primary sources to restore African American female participants in the Civil War to history by documenting their presence, contributions and experience. Free and enslaved African American women took part in this process in a variety of ways, including black female charity and benevolence. These women were spies, soldiers, scouts, nurses, cooks, seamstresses, laundresses, recruiters, relief workers, organizers, teachers, activists and survivors. They carried the honor of the race on their shoulders, insisting on their right to be treated as "ladies" and knowing that their conduct was a direct reflection on the African American community as a whole. For too long, black women have been rendered invisible in traditional Civil War history and marginal in African American chronicles. This book addresses this lack by reclaiming and resurrecting the role of African American females, individually and collectively, during the Civil War. It brings their contributions, in the words of a Civil War participant, Susie King Taylor, "in history before the people."

Often, most people are stuck in the process of transformation. Everyone is at a different stage and different phases of the process and deep inside are fighting a battle with themselves. Thoughts have become so strong that they have started controlling the individual when it should be the other way around. When thoughts start to empower us, things start getting unreal. The book describes the 6 phases of life, everyone goes through with the story of Aarush who was struggling with his career, financial issue and relations and how he met Sara who introduced her to "faith." Why not buy the book and start reading?

Soul Wisdom for Growing up and Living Between Divorced Parents

This book tells the forgotten story of the Shakespeare Hut, a vast, mock-Tudor building for New Zealand Anzac soldiers visiting London on leave from the front lines. Constructed in Bloomsbury in 1916, the Hut was to be the only built memorial to mark Shakespeare's Tercentenary in the midst of war. With a purpose-built performance space, its tiny stage hosted the biggest theatrical stars of the age. The Hut is a vivid and unique case study in cultural memory and performance of Shakespeare. One extraordinary building brings together Shakespeare's place in First World War theatre, in emerging new post-colonial identities, the story of Shakespearean performance in the twentieth century and in the struggle for women's

suffrage. Grant Ferguson transports you to the Hut and its lively, idiosyncratic world. From a feminist-led stage to a hub of Indian intellectual and political debate, from a Shakespeare memorial to an Anzac social club, this is the story of a building truly at a crossroads.

Gill Heriz presents another inspirational collection of women's sheds and other small spaces In A Woman's Huts and Hideaways Gill Heriz presents an inspirational collection of stunning small spaces. Each place has its own story, a reason for being, whether it's somewhere to escape, to create, to work, or just a place to be. By the Waterside, Ivy has built a mud hut near the River Willamett in Portland, Oregon—a place to inspire and educate and share with her community. In the Countryside Monica's Cabin on the Hill is a writing retreat and provides a place for women who need time away from busy lives. A purpose-built shed in an Urban garden serves as studio for illustrator and artist, Martha. Hidden away, in an enchanting wilderness in Suffolk, UK, is Janet and Sue's Secret Garden. Here, there are three sheds: an old summerhouse full of light; a hide nestled in the bushes for watching the local wildlife; and a renovated wagon used as a base for recording their wildlife observations. From yurts to Airstreams, beach huts to bothies, the huts and hideaways have one thing in common—they are all inspirational spaces created by women, for women.

For a long time African history has been dominated by western perspectives through predominantly male accounts of colonial governments and missionaries. In contrast, Dr Emily Onyango provides an African history of mission, education development and women's roles in Kenya. Based on archival research and interviews of primary sources this book explores the relationship of these areas of history with each other, focusing on the Luo culture and the period of 1895 to 2000. With the pre-colonial African context as the foundation for understanding and writing history, Dr Onyango uses gender to analyze the role of Christian missionaries in the development of women's education and their position in Kenyan society. The result of this well-researched study is not only a challenge to the traditional understanding of history, but also a counternarrative to the common view that to be liberated

African women must disregard Christianity. Rather she looks at the importance Christianity plays in helping women establish themselves economically, politically and socially, in Kenyan society. This research is a vital contribution to women's history and the history of Christianity in Africa.

EIRENNE; ON A WOMAN'S RIGHT

Giving a General View of Current Foreign Medical Literature

Holly, 12, and her sister, Beth, 9, are in their Brighton beach hut one day when there is a knock at the door. Marjorie, the little girl they meet, is somehow different, and very soon a friendship develops that mysteriously transports them to the summer of 1914 and the eve of the outbreak of war.

Martha Gatkuoch is a young Sudanese woman who lived through unthinkable trauma. She was a child when her idyllic rural village in Southern Sudan was attacked. She and her brothers were separated from their parents in a heartbreaking journey that took them from their homeland to a refugee camp in Uganda, and then through a difficult journey in the American foster care system. Against all odds, Martha has maintained a resilient peace. In this touching memoir, Martha shares the difficulties and joys of her adventures as a Sudanese woman forging her new life. Martha can recite her lineage twelve generations back, remembering hundreds of years of peace isolated from the rest of the world along the Nile River. Martha's adoptive father, Brett Bymaster, traces the history of Sudan through the eyes of Martha's forefathers, in an attempt to explain Martha's experience in the broader global context. For centuries the impenetrable Sudd, the Sudanese swampland, held back Arab Islamic militants. When the British conquered the Sudd, the floodgates of war broke open. The civil war recently ended and Southern Sudan gained independence. With Martha's generation of resilient Sudanese nationals, there is again hope for peace and tranquility.
