A General Catalogue of Books

The number of books in the Bible depends on which Bible is being referenced. Protestant and Catholic churches recognize 27 New Testament books. Protestants recognize 39 books of the Jewish canon in the Old Testament. Roman Catholics hold 46 books of the Old Testament as canon, along with expanded versions of Esther and Daniel. In addition to the 73 books of the Catholic Bible, the Orthodox Church adds three more books to their canon. By far, the largest canon of all is found in the Ethiopic Church, whose Bible totals 81 books. This Apocryphal volume contains the books of the

a host of others that were excommunicated from the KJV. Books of the Ethiopian Bible features 20 of these books that are not included in the Protestant Bible.

The book examines the missionary-evangelists' side of establishing non-Orthodox ecclesial communities in three major ethnic groups in southern Ethiopia between 1927-1944. The Kale Heywat Church, an association of almost 3600 congregations is the strongest confirmation of the movement's success.

The earliest of the four Gospels, the book portrays Jesus as an enigmatic figure, struggling with enemies, his inner and external demons, and with his devoted but disconcerted disciples. Unlike other gospels, his parables are obscure, to be explained secretly to his followers. With an introduction by Nick Cave

These essays honor James C. VanderKam on the occasion of his sixty-fifth birthday and twentieth year on the faculty of the University of Notre Dame. Essays from an international group of scholars address various topics in Second Temple Judaism and biblical studies.

Pastoral Approaches to Same-Sex Attraction

It's December 1997, and a man-eating tiger is on the prowl outside a remote Russian village. The tiger isn't just killing people, it's annihilating them, and a team of men and their dogs must hunt it on foot through the forest in the brutal cold. As the trackers sift through the gruesome remains of the victims, they discover that these attacks aren't random: the tiger is apparently engaged in a vendetta. Injured, starving, and extremely dangerous, the tiger must be found before it strikes again. As he re-creates these extraordinary events, John Vaillant gives us an

unforgettable portrait of this spectacularly beautiful and mysterious region. We meet the native tribes who for centuries have worshipped and lived alongside tigers, even sharing their kills with them. We witness the arrival of Russian settlers in the nineteenth and early twentieth centuries, soldiers and hunters who greatly diminished the tiger populations. And we come to know their descendants, who, crushed by poverty, have turned to poaching and further upset the natural balance of the region. Beautifully written and deeply informative, The Tiger circles around three main characters: Vladimir Markov, a poacher killed by the tiger; Yuri Trush, the lead tracker; and the tiger himself. It is an absolutely gripping tale of man and nature that leads inexorably to a final showdown in a clearing deep in the taiga.

This volume brings together an ecumenical team of scholars to present key theological concepts related to worship to help readers articulate their own theology of worship. Contributors explore the history of theology's impact on worship practices across the Christian tradition, highlighting themes such as creation, pneumatology, sanctification, and mission. The book includes introductions by N. T. Wright and Nicholas Wolterstorff. A forthcoming volume will address the historical foundations of worship.

***Living the Truth in Love* grew out of the desire to provide answers to the questions posed for the Synod on Marriage called by Pope Francis: How can the Christian community give pastoral attention to families with persons with same-sex attraction? While avoiding any unjust discrimination, how can the Church give such persons pastoral care in light of the Gospel? How can God's will be proposed to them in their situation? People who want to be instruments of Christ's love to those who experience same-sex attraction (SSA) seek guidance on how best to do so. They need to listen to the stories of those who experience SSA and the stories of those who have accompanied them on their journeys. They also need to ground their responses in a genuine Christian understanding of the human person and of human sexuality. This volume includes essays that lay out the Christian view of the human person and of human sexuality, essays that challenge the bifurcation of sexualities into "heterosexual" and "homosexual". Topics include an explanation of the meaning of the word "disorder", a discussion of the therapeutic power of friendship, and an application of Saint John Paul II's personalism to the question of same-sex attraction. Psychologists and counselors explain various ways of affirming those who experience SSA and of leading them to experience the power of Christ's healing love. Several of those who experience SSA tell their touching and inspiring stories.**

Eugene Peterson's landmark Spiritual Theology series is foundational reading for the twenty-first century Church. The product of Peterson's many years' experience as both pastor and professor of the highest calibre, this series combines first-class scholarship and genuine, lived application. Beautifully written, it presents a fresh and urgent evaluation of contemporary Christian spirituality. 'St John walks up to the angel and say, "Give me the book.'" writes Peterson. 'The angel hands it over, "Here it is; eat it, eat the book." And John does. He eats the book - not just reads it - he got it into his nerve endings, his reflexes, his imagination. The book he ate was Holy Scripture.' Eat This Book encourages the art of the reading the Bible so that it becomes a text for living and growing, not just thinking or behaving, and recasts the ancient discipline of lectio divina - spiritual reading - for a postmodern culture. Also available in the Spiritual Theology series: Christ Plays in Ten Thousand Places, The Jesus Way, The Word Made Flesh and Practise Resurrection.

This is the only modern translation of the complete collection of deuterocanonical books known popularly as "The Apocrypha" that also includes Enoch, Jasher, and Jubilees. Aside from Jasher, they were included as secondary works in the canon of Scripture for most of the Church's history. This handsome 6" x 9" edition features a matte finish with thick, high-quality, cream-colored pages and 8-point Times New Roman font for elegance and easy reading. The Complete Apocrypha offers a staggering two-thirds as much material as the canonical 66 books of the Holy Bible.
