_____ Is having 'somebody to love' the most important thing in your life? Do you constantly believe in Mr Right, and that being with him would guarantee you would no longer feel depressed or lonely? Are you bored with 'nice guys' who are open, honest and dependable? If being in love means being in pain, this book was written for you. Leading relationship and marriage therapist Robin Norwood describes loving too much as a pattern of thoughts and behaviour, which certain women develop as a response to problems from childhood. Many women find themselves repeatedly drawn into unhappy and destructive relationships with men. They then struggle to make these doomed relationships work. This bestselling relationship self-help book investigates and reveals how powerfully addictive these unhealthy relationships are - but also gives a very specific programme for recovery from the disease of loving too much, a problem that plagues women everywhere.

El príncipe Sebastian y la modista Frances ocultan un secreto que no pueden revelar sin poner en peligro el futuro de la corona: a él le gusta vestirse de mujer y ella es su costurera personal en la sombra. Enredos de palacio y amor romántico en una trama cargada de aventura, dobles juegos y el descubrimiento de la identidad.

“Cuando nació mi Pena la alimenté con esmero y la custodié con amorosa ternura. Y mi Pena creció como todas las cosas vivientes, fuerte y bella y cargada de asombrosos deleites. Y nos amamos el uno al otro, mi Pena y yo, y amamos el mundo alrededor de nosotros; porque la Pena tenía un corazón amable y el mío era amable con ella.” En estas parábolas y poemas, Gibrán muestra que la cordura no es siempre tan buena como la pintura.

The compilation “La Habana Elegante. Segunda época. XV Anniversary (1998-2012). Julian del Casal (In Memoriam)” produced by prof. Francisco Moran offers a wide selection of memories, testimonies, and critical readings on Julian del Casal (Havana, 1863-1893), and of literary works inspired by his work and poetic figure that attest to the fascination that for already more than a century the poet of Nieve has exerted on Cuban and other Latin American writers. Included are texts from already classic authors such as: Ruben Dario, Jose Marti, Paul Verlaine, Jose Lezama Lima, Cintio Vitier, Dulce Maria Loynaz, Virgilio Pnera, Enrique J. Varona, Juan Marinello, etc. This selection shows the impact of Casal on the generation of Cuban writers of the 90s, who took him as a point of reference to critically examine the Cuban literary tradition. Among other important texts from those years are those authored by Antonio J. Ponte, Pedro Marques de Armas and Victor Fowler, which are already essential when evaluating Casal's critical reception and his permanent mark on Cuban poets. That's why this compilation is also a testimony to the modernity of Modernismo, because Casal emerges as an exemplary poet in whom life and work can no longer be separated one from the other, nor from the scope of the city. This volume also shows the intimate connection between graphics and print, and between popular and literary culture when reproducing the advertising announcements of the magazines of the time, as well as their covers, photographs, cartoons and drawings and bringing into light their mutual interdependency. Besides contributing to Casal's own iconography - photos are included that were either unknown until now or had not been printed - the volume features a complete reproduction of the issue of La Habana Elegante from October 29, 1893, in which the magazine paid tribute to Casal only a few days after his death. Through critical readings of Casal's works written when he was still alive, and then throughout the twentieth century, the author of Nieve - whom Marinello considered one of the most representative Modernists of Hispano-America - scholars will find a unique critical archive, for its comprehensiveness, which invites one to rethink, through Casal, the modernista canon, the relationship between literature and politics, modernismo-modernity, the autonomy of the art, decadentism in Hispano-America, the representations of eroticism and sexuality in Modernismo, the relation between high culture and popular culture, the construction and debates of identities (Cuban, Hispano-American). Specialists, enthusiastic scholars, and professors dedicated to the teaching of nineteenth century literature and culture in Hispano-American will want to have this edition for its value as an archive and a critical source and one of knowledge about the time. Along with the anthologies of Juana Borrero and Bonifacio Byrne, also compiled by Moran, and published by Stockero, the volume dedicated to Casal expands still more the possibilities of re-evaluating Cuban Modernismo - and even Hispano-American Modernism - facilitating new lines of investigation that seek to extend and to complicate the relationship between the most canonical figures and geographical areas of Modernismo and those that are still considered "peripheral.""

From the internationally bestselling author of Love Her Wild comes The Dark Between Stars, a new illustrated collection of heartfelt, whimsical, and romantic poems from Instagram poetry sensation, Atticus. Atticus, has captured the hearts and minds of nearly 700k followers (including stars like Karlie Kloss, Emma Roberts, and Alicia Keys). In his second collection of poetry, The Dark Between Stars, he turns his attention to the dualities of our lived experiences—the inescapable connections between our highest highs and lowest lows. He captures the infectious energy of starting a relationship, the tumultuous realities of commitment, and the agonizing nostalgia of being alone again. While grappling with the question of how to live with purpose and find meaning in the journey, these poems offer both honest explorations of loneliness and our search for connection, as well as light-hearted, humorous observations. As Atticus writes poignantly about dancing, Paris, jazz clubs, sunsets, sharing a bottle of wine on the river, rainy days, creating, and destroying, he illustrates that we need moments of both beauty and pain—the darkness and the stars—to fully appreciate all that life and love have to offer.

Los autores pretenden mostrar la riqueza y variedad del pensamiento que conformó la época que va desde el Humanismo hasta el Barroco y enriqueció su expresión formal. Han querido ofrecer un panorama teórico apoyado siempre en lo textual, de modo que se pueda ver cómo y por qué la literatura acoge arte, pensamiento y nuevas formas de expresión.

A Journey to the Center of the Earth was a science fiction novel written by Jules Verne in 1864. Jules Verne was considered by many to be a father of science fiction writing and incorporated the latest discoveries of the day into his work. As such, we are not surprised to find allusions to dinosaurs, natural gas, and ancient Scandinavian texts in this book. Equally, we also find the thorough respect that Verne has for the intellectual mind, both as a reckless force and as a tempering power.
