

## Andre Lafosse Trombone

Guide to the Euphonium Repertoire is the most definitive publication on the status of the euphonium in the history of this often misunderstood and frequently under-appreciated instrument. This volume documents the rich history, the wealth of repertoire, and the incredible discography of the euphonium. Music educators, composers/arrangers, instrument historians, performers on other instruments, and students of the euphonium (baritone horn, tenor tuba, etc.) will find the exhaustive research evident in this volume's pages to be compelling and comprehensive. Contributors are Lloyd Bone, Brian L. Bowman, Neal Corwell, Adam Frey, Marc Dickman, Bryce Edwards, Seth D. Fletcher, Carroll Gotcher, Atticus Hensley, Lisa M. Hocking, Sharon Huff, Kenneth R. Kroesche, R. Winston Morris, John Mueller, Michael B. O'Connor, Eric Paull, Joseph Skillen, Kelly Thomas, Demondrae Thurman, Matthew J. Tropman, and Mark J. Walker.

Early Twentieth-Century Brass Idioms

Traité de pédagogie du trombone à coulisse

1955: July-December

A History of the Trombone

Concerto in F Minor for Trombone and Piano

Drawing on well over 100 interviews with European and American students, colleagues, and family members, McCutchan traces his career, with particular attention to the cultural and political conditions that helped mold him. She distills a truthful and full portrait of this charismatic, complex and sometimes puzzling man.

Méthode complète de trombone à coulisse

Marcel Moyse

Méthode complète de trombone à coulisse. Nouv. éd., entièrement revue par l'auteur et considérablement augm. d'exercices et études

School of Music Programs

The School Musician

Prominent scholar and performer Douglas Yeo provides an accessible reference guide for all instruments in the low brass family and addresses a broad range of relevant topics with ready answers to issues that students, players, and conductors encounter. Extensive illustrations by Lennie Peterson provide clear insight into many of the entries.

Third series

Leitfaden für die Ausbildung auf der Zugposaune

Historic Brass Society Journal

Dissertation Abstracts International

Literature for the Bb Tenor Trombone

Includes miscellaneous newsletters (Music at Michigan, Michigan Muse), bulletins, catalogs, programs, brochures, articles, calendars, histories, and posters.

Twentieth-century Brass Soloists

The Trombone

Organ prelude and fugue for two trumpets, horn and trombone

Complet method of slide-trombone

School of Sight Reading for Tenor Trombone

Highlights the trombone and its history, music, performers, performance practices, instruments and equipment, and pedagogical concerns of interest to those who teach the instrument. Many of the references cited are in books or media which may not be in many libraries or included in major online sources. Includes appendices of periodicals and journals, obituaries of trombonists, presidents of the International Trombone Association, and award recipients.

Traité de pédagogie du trombone à coulisse

A Twentieth-century Treatise on the Trombone

School of Sight Reading and Style for Tenor Trombone

Literature for the B? Tenor Trombone

***This is the first comprehensive study of the trombone in English. It covers the instrument, its repertoire, the way it has been played, and the social, cultural, and aesthetic contexts within which it has developed. The book explores the origins of the instrument, its invention in the fifteenth century, and its story up to modern times, also revealing hidden aspects of the trombone in different eras and countries. The book looks not only at the trombone within classical music but also at its place in jazz, popular music, popular religion, and light music. Trevor Herbert examines each century of the trombone's development and details the fundamental impact of jazz on the modern trombone. By the late twentieth century, he shows, jazz techniques had filtered into the performance idioms of almost all styles of music and transformed ideas about virtuosity and lyricism in trombone playing.***

*An Annotated Bibliography*

*This book, the first in the American Wind Band series, is a comprehensive account of the development of the trombone, from its initial form as a 14th-century Medieval trumpet to its alterations in the 15th century; from its marginalized use in a particular Renaissance ensemble to its acceptance in various kinds of artistic and popular music in the 19th and 20th centuries. The book is fully illustrated with more than 80 images and includes an appendix of transcriptions of selected primary source documents with translations and a comprehensive bibliography.*

*Art, Jazz, and Other Popular Traditions*

**The work of multiple scholars is combined in this single volume, bringing together in conversation the traditions of brass instrumentalism and jazz idiom. Early Twentieth-Century Brass Idioms: Art, Jazz, and Other Popular Traditions, edited by Howard T. Weiner, features articles by some of the most distinguished jazz and brass scholars and performers in the world. The topics covered span continents and decades and bridge gaps that until now remained uncrossed. Two primary themes emerge throughout the book and enter into dialogue with each other: the contribution brass performers made to the evolution of jazz in the early 20th century, and the influence jazz and popular music idioms had on the evolution of brass performance. The 13 articles in this volume cover a range of topics from Italian jazz trumpet style to the origins of jazz improvisation to the role of brass in klezmer music. New Orleans becomes a focal point as the essays examine the work of many important musicians, including Louis Armstrong, Buddy Bolden, Bunk Johnson, King Oliver, James Reese Europe, and Newell 'Spigle' Willcox. Included as well is an interview with two legends of jazz trumpet, William Fielder and Joe Wilder, and the renowned performer and teacher Jimmy Owens reveals his practice techniques. Many of the essays include bibliographies, discographies, and other reference information. The meeting of the Historic Brass Society and the Institute of Jazz Studies represents the first time scholars have gathered to bring these two fields into such comprehensive discussion with each other. Early**
