The proceedings of International Conference on Science, Education, and Technology 2019 are the compilation of articles in the internationally refereed conference dedicated to promote acceleration of scientific and technological innovation and the utilization of technology in assisting pedagogical process.

In the age of digital communication and global capitalism, people’s mental, social and natural environments are interconnected in complex and often unpredictable ways. This book focuses on the visual media, one of the key factors in shaping the contemporary ecology of colliding environments. Case-studies include video artists, community media activists, television programme makers and literary authors in the fourth most populous country in the world, Indonesia. The author demonstrates that these actors are part of an international creative and social vanguard that reflect on, criticise and rework the multidimensional impact of the visual media in imaginative and innovative ways. Their work explores alternative and more sustainable presents and futures for Indonesia and the world. This research is urgent and timely, as Indonesia has emerged in recent years as one of the world’s most vibrant hubs for contemporary art and media experimentation. Using an innovative interdisciplinary framework of visual culture analysis that derives from a wide range of academic fields, the book will be of interest to academics in the field of Southeast Asian Studies, Media Studies, Cultural Studies and Art History, Anthropology and Sociology. This is the seventh and final volume of the most authoritative reference on the Law of the Sea (UNCLOS III, 1973-1982). The volume provides the original text of the 1982 convention as fully integrated with the provisions of the 1994 Agreement on the Implementation of XI, in addition to an extensive subject index to Volumes I through VI of the series.

As constitutional scholar John Nowak noted when the book was first released, "Professor Choper's Judicial Review and the National Political Process is mandatory reading for anyone seriously attempting to study our constitutional system of government. It is an important assessment of the democratic process and the theoretical and practical role of the Supreme Court." That view is no less true today, as borne out by the countless citations to this landmark work over the decades, including scores in the last few years alone. It is simply part of the foundational canon of constitutional law and political theory, an essential part of the library of scholars, students, and educated readers interested in considering the hard choices inherent in what the courts should decide and how they should decide them.

Kissinger's invaluable and lasting contribution to the history of this crucial time. One of the most important books to come out of the Nixon Administration, the New York Times bestselling White House Years covers Henry Kissinger's first four years (1969-1973) as Assistant to the President for National Security Affairs. Among the momentous events recounted in this first volume of Kissinger's timeless memoirs are his secret negotiations with the North Vietnamese in Paris to end the Vietnam War, the Jordan crisis of 1970, the India-Pakistan war of 1971, his leaders to limit the nuclear arms race, his secret journey to China, and the historic summit meetings in Moscow and Beijing in 1972. He covers major controversies of the period, including events in Laos and Cambodia, his "peace is at hand" press conference and the breakdown of talks with the North Vietnamese that led to the Christmas bombing in 1972. Throughout, Kissinger presents candid portraits of world leaders, including Richard Nixon, Anwar Sadat, Golda Meir, Jordan's King Hussein, Leonid Brezhnev, Chairman Mao and Chou En-lai, Willy Brandt, Charles

Sudah siapkah kalian menghadapi rangkaian tes seleksi TNI/POLRI? Tidak bisa dipungkiri, ujian seringkali membuat cemas sebagian besar orang. Terlebih ujian dengan karakter persaingan yang luar biasa ketat ditambah hasil seleksi ikut menentukan nasib kita ke depan. Sebenarnya, apa yang membuat seseorang merasa cemas menghadapi ujian? Jawaban dari pertanyaan ini cukup sederhana, semua itu disebabkan karena kurangnya persiapan seseorang dalam menghadapi ujian. Kecemasan umumnya timbul dari rasa tidak percaya diri atau rasa tidak mampu. Ketidakepercayaan diri timbul karena kurangnya persiapan. Jadi, persiapanlah yang menjadi kunci keberhasilan dalam menghadapi ujian. Persiapan menghadapi tes seleksi TNI/POLRI tidak hanya sebatas belajar untuk menguasai materi, tapi juga mencakup persiapan mental. Mempersiapkan mental untuk

menghadapi ujian mutlak diperlukan. Mental yang tidak siap mengakibatkan buayarnya konsentrasi kita dalam menjalani proses ujian. Alhasil, materi-materi yang sebelumnya sudah kita kuasai pun ikut hilang. Mengingat begitu besarnya pengaruh mental terhadap keberhasilan kita menjalani ujian, maka gangguan-gangguan mental termasuk kecemasan yang kita rasakan harus diatasi. Caranya, pertama, hilangkan pikiran negatif terkait ujian. Kedua, hilangkan rasa tidak percaya diri dengan banyak persiapan dan latihan. Tumbuhkan keyakinan yang kuat bahwa kita bisa melakukannya. Ketiga, jaga kesehatan. Menjaga kesehatan tubuh penting agar kita bisa tampil prima. Di dalam tubuh yang sehat terdapat jiwa yang kuat. Jadi, dalam rangka mempersiapkan mental untuk menghadapi ujian, kita harus menjaga kesehatan tubuh dengan baik. Jika badan sakit, jaya, kurang istirahat, kita juga tidak akan bisa belajar. Berilahragiah secara rutin, makan yang teratur, dan istirahat cukup. Terakhir adalah banyak berdoa. Doa adalah bentuk kepasrahan kita kepada yang Mahapencipta. Kita adalah milik-Nya, jadi selalu mohon perlindungan kepada Tuhan dari hal-hal negatif baik dari dalam maupun luar diri kita. Memohon diberi fisik dan mental yang sehat agar bisa menjalani ujian dengan baik adalah langkah yang baik untuk membuat diri kita jauh lebih siap. Setelah memperbaiki mental dari negatif menjadi positif, kini saatnya kita mempersiapkan materi dari negatif menjadi positif, yaitu dengan belajar dan berlatih dengan penuh semangat. Hal terpenting dalam belajar adalah jangan belajar mendadak. Persiapan belajar untuk ujian seleksi TNI/POLRI setidaknya 3 bulan sebelum hari H. Tujuan kita belajar adalah

mendapatkan pemahaman dan pemahaman membutuhkan waktu. Dalam seleksi TNI/POLRI sesungguhnya materi ujian sudah standar dan tidak jauh berubah dari tahun ke tahun. Persiapan semuanya. "Sedikit demi sedikit lama-lama menjadi bukti", belajar rutin setiap hari jauh lebih efisien dari belajar sistem borongan, alias sistem SKS. Kita perlu menguasai pola belajar. Misalnya, ada berupa materi tes yang diujikan dalam pennerimaan TNI/POLRI dan ada berupa bab tiap materi tes tersebut. Kemudian, coba hitung masih ada berapa waktu yang dimiliki dan jumlah bab itu dibagi per minggu. Jadi, setiap minggu kita memiliki "tugas" mempelajari bab-bab tertentu sesuai jadwal. Dengan target tiap minggu ini, beban sebelum ujian akan dirasakan lebih terkeoloia, sehingga saat menghadapi ujian seleksi pennerimaan TNI/POLRI kelak perasaan menjadi lebih tenang karena semua bahan sudah dipelajari. Buku ini hadir sebagai teman belajar kalian menghadapi rangkaian ujian/tes seleksi masuk TNI POLRI. Berisi seribu lebih soal full pembahasan oleh Tim LITBANG Psiko-Akademik Salemba (LPAS). Buku juga dilengkapi bonus CD software dan video tes fisik, plus aplikasi android yang bisa kalian download gratis dari Google Play. "Sutanto brilliantly infuses comedy and culture into the unpredictable rom-com/murder mystery mashup as Meddy navigates familial duty, possible arrest and a groomzilla. I laughed out loud and you will too."—USA Today (four-star review) "A hilarious, heartfelt romp of a novel about—what else?—accidental murder and the bond of family. This book had me laughing aloud within its first five pages. Utterly clever, deeply funny, and altogether charming, this book is sure to be one of the best of the year!"—Emily Henry, New York Times bestselling author of Beach Read One of PopSugar’s “42 Books Everyone Will Be Talking About in 2021!" What happens when you mix 1 (accidental) murder with 2 thousand wedding guests, and then toss in a possible curse on 3 generations of an immigrant Chinese-Indonesian family? You get 4 meddling Asian aunties coming to the rescue! When Meddlein Chin ends up accidentally killing her blind date, her meddlingome mother calls for her even more meddlingome aunties to help get rid of the body. Unfortunately, a dead body proves to be a lot more challenging to dispose of than one might anticipate, especially when it is inadvertently shipped in a cake cooler to the over-the-top billionaire wedding Meddy, her Ma, and aunties are working at an island resort on the California coastline. It's the biggest job yet for the family wedding business—"Don't leave your big day to chance, leave it to the Chans!"—and nothing, not even an unsavory corpse, will get in the way of her auntie's perfect buttercream flowers. But things go from inconvenient to downright torturous when Meddy's great college love—and biggest heartbreak—makes a surprise appearance amid the wedding chaos. Is it possible to escape murder charges, charm her ex back into her life, and pull off a stunning wedding all in one weekend?

With all the warnings against women being pregnant after 35, I started to observe people who are pregnant during the "late age". I cursed myself for not having this urge when I was 30, not a couple of years away from 40. Well, Nicole Kidman was having her first baby at 41, but obviously I'm not a Hollywood starlet with an army of top-notch doctors and babysitters. Or should I opt for adoption instead?

One ordinary spring morning in Reykjavik, Iceland, Thordis Elva kisses her son and partner goodbye before boarding a plane to do a remarkable thing: fly seven thousand miles to South Africa to confront the man who raped her when she was just sixteen. Meanwhile, in Sydney, Australia, Tom Stranger nervously embarks on an equally life-changing journey to meet Thordis, wondering whether he is worthy of this milestone. After exchanging hundreds of searingly honest emails over eight years, Thordis and Tom decided it was time to speak face to face. Coming from opposite sides of the globe, they meet in the middle, in Cape Town, South Africa, a country that is no stranger to violence and the healing power of forgiveness. South Africa is an unprecedented collaboration between a survivor and a perpetrator, each equally committed to exploring the darkest moment of their lives. It is a true story about being bent but not broken, facing fear with courage, and finding hope even in the most wounded of places. Personable, accessible, and compelling, South of Forgiveness is an intense and refreshing look at a gendered violence, rape culture, personal responsibility, and the effect that patriarchal cultures have on both men and women.

"Earth Dance," the story of four generations of Balinese women, centers on conflicts that arise between the demands of caste and personal desires. Narrated by Ida Ayu Telaga, a Balinese woman in her thirties, the novel shows Balinese women-as depicted by her mother, grandmother and female peers-to be motivated by two factors: the yearning to be beautiful, and the desire for a high-caste husband. Headstrong Telaga defies her mother's wishes and marries the man of her dreams, who is a commoner. Thus, in a reversal of societal expectations, as shown in the novel by images of women who aspire to "liberation" through "marrying up," Telaga's emancipation is implicitly characterized as a move downwards, through transformation to the status of a commoner. "Earth Dance" also reveals that-like high-caste status-beauty, too, has a price. Behind the thick, glossy hair and golden complexion, lies a web of jealousy, derision and intrigue. Telaga, whose life is controlled by her mother's avarice, her mother-in-law's bitterness and the greed of her sister-in-law, has frequent cause to wonder: "Is this what it means to be a woman?"

A groundbreaking scientific examination of the way our brains understand politics from a New York Times bestselling author One of the world’s best-known linguists and cognitive scientists, George Lakoff has a knack for making science make sense for general readers. In his new book, Lakoff spells out what cognitive science has discovered about reason, and reveals that human reason is far more interesting than we thought it was. Reason is physical, mostly unconscious, metaphorical, emotion-laden, and tied to empathy-and there are biological explanations our moral and political thought processes. His call for a New Enlightenment is a bold and striking challenge to the cherished beliefs not only of philosophers, but of pundits, pollsters, and political leaders. The Political Mind is a passionate, erudite, and groundbreaking book that will appeal to anyone interested in how the mind works and how we function socially and politically.
