How do you ruin someone's childhood? Ellie Marsden was born into the legendary Lovinger acting dynasty. Granddaughter of the infamous Lottie Lovinger, as a child Ellie shared the silver screen with Lottie in her one-and-only role playing the child monster in a cult horror movie. The experience left Ellie deeply traumatised and estranged from people she loved. Now seventeen, Ellie has returned home to Hobart for the first time in years. Lottie is dying and Ellie wants to make peace with her before it's too late. When a chance encounter with a young film buff leads her to a feminist horror film collective, Ellie meets Riya, a girl who she might be able to show her real self to, and at last comes to understand her family's legacy. A story of love, loss, family and film – a stirring, insightful novel about letting go of anger and learning to forgive without forgetting. And about embracing the things that scare us, in order to be braver. Sesame Street: The Monster at the End of This Sound Book

"A black tide of perversity, violence, and lush writing. I loved it." –*Joe Hill* Debut author Jennifer Giesbrecht paints a darkly compelling fantasy of revenge in *The Monster of Elendhaven*, a dark fantasy about murder, a monster, and the magician who loves both. The city of Elendhaven sulks on the edge of the ocean. Wracked by plague, abandoned by the South, stripped of industry and left to die. But not everything dies so easily. A thing without a name stalks the city, a thing shaped like a man, with a dark heart and long pale fingers yearning to wrap around throats. A monster who cannot die. His frail master sends him out on errands, twisting him with magic, crafting a plan too cruel to name, while the monster's heart grows fonder and colder and more cunning. These monsters of Elendhaven will have their revenge on everyone who wronged the city, even if they have to burn the world to do it. A Little Boy's Astounding Story of His Trip to Heaven and Back

Sesame Street: Another Monster at the End of This Sound Book

A Libertarian Walks Into a Bear

#1 New York Times best-seller with more than 11 million copies sold and Amazon's #17 best-selling book of all time. Heaven Is for Real was the best-selling non-fiction book of 2011 as reported by Nielsen's Bookscan, and was developed as a major motion picture by Sony in 2014. "Do you remember the hospital, Colton?" Sonja said. "Yes, mommy, I remember," he said. "That's where the angels sang to me." When Colton Burpo made it through an emergency appendectomy, his family was overjoyed at his miraculous survival. What they weren't expecting, though, was the story that emerged in the months that followed—a story as beautiful as it was extraordinary, detailing their little boy's trip to heaven and back. Colton, not yet four years old, told his parents he left his body during the surgery—and authenticated that claim by describing exactly what his parents were doing in another part of the hospital while he was being operated on. He talked of visiting heaven and relayed stories told to him by people he met there whom he had never met in life, sharing events that happened even before he was born. He also astonished his parents with descriptions and obscure details about heaven that matched the Bible exactly, though he had not yet learned to read. With disarming innocence and the plainspoken boldness of a child, Colton tells of meeting long-departed family members. He describes Jesus, the angels, how "really, really big" God is, and how much God loves us. Retold by his father, but using Colton's uniquely simple words, Heaven Is for Real offers a glimpse of the world that awaits us, where as Colton says, "Nobody is old and nobody wears glasses." Heaven Is for Real will forever change the way you think of eternity, offering the chance to see, and believe, like a child. Continue the Burpos story in Heaven Changes Everything: The Rest of Our Story. Heaven Is for Real also is available in Spanish, El cielo es real.

Gabe must have gone to Ethan's little sister's room! She has been climbing out of bed every night to play, and obviously needs a monster to help her get to sleep – but not HIS monster! Ethan tries to help his sister find her own monster, but none are the perfect blend of cute and creepy. Just when it seems that Ethan will lose his monster forever, an uninvited, tutu-toting little monster full of frightening fun appears. Following in the spooky-silly tradition of I Need My Monster, here's another irresistible monster-under-the-bed story with the perfect balance of giggles and shivers.

A tiny American town's plans for radical self-government overlooked one hairy detail: no one told the bears. Once upon a time, a group of libertarians got together and hatched the Free Town Project, a plan to take over an American town and completely eliminate its government. In 2004, they set their sights on Grafton, NH, a barely populated settlement with one paved road. When they descended on Grafton, public funding for pretty much everything shrank: the fire department, the library, the schoolhouse.

State and federal laws became meek suggestions, scarcely heard in the town's thick wilderness. The anything-goes atmosphere soon caught the attention of Grafton's neighbors: the bears. Freedom-loving citizens ignored hunting laws and regulations on food disposal. They built a tent city in an effort to get off the grid. The bears smelled food and opportunity. A Libertarian Walks Into a Bear is the sometimes funny, sometimes terrifying tale of what happens when a government disappears into the woods.

Complete with gunplay, adventure, and backstabbing politicians, this is the ultimate story of a quintessential American experiment -- to live free or die, perhaps from a bear.
