Building community
and connections
between students:
Creating a sense of
community in the face-

classroom is a huge
part of language
learning and

something that Tu
Business 101
mundo does implicitly.

Whether students
collaborate in a
physical classroom or
in Connect Spanish,
they are provided with
opportunities to
engage in meaningful
conversations and
collaborative task-
based activities. The
Amigos sin fronteras,

a cast of young Hispanic students that share common interests, are featured throughout the entire program and showcased in the Así somos video segments. Through the Amigos sin fronteras, students are exposed to a friendly model on how to apply what they are

learning to another friendly group of students, i.e. their own class. In addition, Tu mundo presents an interactive online environment that applies engaging content and task-based scenarios that enable you to practicing your language skills in a fun, immersive way.

Thus, students can practice Spanish in a context that is not only fun but extremely motivating. 4. More Culture and Comparisons coverage: Culture is so often left behind—so Tu mundo offers it throughout the program. Each chapter features a country of

focus which doubles as the home country of one of the fifteen amigos. Along with in-chapter cultural sections, every chapter of Tu mundo features a second video segment called Mi país (within Connect), narrated by the amigos themselves, as they share information

around the following

principles: Focus and Flexibility. Whereas most Italian programs attempt to cover too much material in the first year, Avanti! reflects a reasonable expectation that most beginning learners can acquire in one year of classroom instruction. The

Structure sections focus on the core structures that are necessary for meaningful communication at the elementary level. Additional structures are either presented “ for recognition only ” or appear in Per saperne di più, giving instructors flexibility to teach the

Cultural Competence:
In addition to
providing a

Students are asked to think critically about the experience of learning a language and how it can

benefit people's lives through exposure to new skills, behaviors, and attitudes. The first of four new modules features a video interview of Pulitzer Prize-winning author Jhumpa Lahiri, who sets the stage for new learners by describing the challenges and

new language.

Subsequent modules feature a series of interviews with a diverse group of young Italians, and new activities related to intercultural competence have been added to each chapter (Prospettive a confronto and Cosa vedi? Cosa capisci?).
