Women who have maintained their sexual purity often ask, "Is it really that important for me to wait until I get married?" Meanwhile, single women who have been sexually active mourn the loss of their innocence, wishing they could somehow start again. Women want to protect the purity that is God's gift to them, and they also long to be loved. This volatile combination makes them vulnerable to temptation. That is why it is vital that women know not only that God wants them to wait, but why God wants them to do so. They need solid reasons, conviction, and a strategy that will prepare them to live out their sexual purity as God intends. Filled with powerful true stories of hope and healing, *Gift-Wrapped by God* provides compelling emotional and spiritual reasons for choosing God's path of sexual purity, as well as practical help for following it. Whether women have held onto their sexual innocence, have become prematurely

The Jungle is a 1906 novel written by the American journalist and novelist Upton Sinclair (1878-1968). Sinclair wrote the novel to portray the lives of immigrants in the United States in Chicago and similar industrialized cities. Many readers were most concerned with his exposure of health violations and unsanitary practices in the American meatpacking industry during the early 20th century, based on an investigation he did for a socialist newspaper. The book depicts working class poverty, the lack of social supports, harsh and unpleasant living and working conditions, and a hopelessness among many workers. These elements are contrasted with the deeply rooted corruption of people in power. A review by the writer Jack London called it, "the Uncle Tom's Cabin of wage slavery." Sinclair was considered a muckraker, or journalist who exposed corruption in government and business. He first published the novel in serial form in 1905 in the Socialist newspaper, Appeal to Reason, between February 25, 1905, and November 4, 1905. In 1904, Sinclair had spent seven weeks gathering information while working incognito in the meatpacking plants of the Chicago stockyards for the

Anyone who's ever lost sleep over an unreturned phone call or the neighbor's Lexus had better read Alain de Botton's irresistibly clear-headed new book, immediately. For in its pages, a master explicator of our civilization and its discontents turns his attention to the insatiable quest for status, a quest that has less to do with material comfort than with love. To demonstrate his thesis, de Botton ranges through Western history and thought

From the bestselling author of Blink and The Tipping Point, Malcolm Gladwell's *Outliers: The Story of Success* overturns conventional wisdom about genius to show us what makes an ordinary person an extreme overachiever. Why do some people achieve so much more than others? Can they lie so far out of the ordinary? In this provocative and inspiring book, Malcolm Gladwell looks at everyone from rock stars to professional athletes, software billionaires to scientific geniuses, to show that the story of success is far more surprising, and far more fascinating, than we could ever have imagined. He reveals that it's as much about where we're from and what we do, as who we are - and that no one, even a genius, ever makes it alone. *Outliers* will change the way you think about your own

The Crucible is a 1953 play by American playwright Arthur Miller. It is a dramatized and partially fictionalized story of the Salem witch trials that took place in the Massachusetts Bay Colony during 1692/93. Miller wrote the play as an allegory for McCarthyism, when the United States government ostracized people for being communists. The play was first performed at the Martin Beck Theatre on Broadway on January 22, 1953, starring E. G. Marshall, Beatrice Straight and Madeleine Sherwood. Miller felt that this production was too stylized and cold and the reviews for it were largely hostile (although The New York
