

## *Arabian Nights A Selection*

***This 1883 version of "The Arabian Nights" is one that was ironically published out of Philadelphia. More often than not, the American translations of "The Arabian Nights" were released out of New York.***

***These are the tales that saved the life of Shahrazad, whose husband, the king, executed each of his wives after a single night of marriage. Beginning an enchanting story each evening, Shahrazad always withheld the ending: a thousand and one nights later, her life was spared forever. Full of mischief, valor, ribaldry, and romance, The Arabian Nights has enthralled readers for centuries. This volume contains the most famous and representative stories from Sir Richard F. Burton's multi volume translation, and, unlike many editions, is complete unexpurgated. These tales, including 'Aladdin or the Wonderful Lamp', 'Sinbad the Sailor', and 'Ali Baba and the Forty Thieves', have entered into the popular imagination. This edition of The Arabian Nights brings together the magical translation of Sir Richard Burton and the art of William Harvey. He was Thomas Bewick's most famous pupil and his evocative black and white woodcuts are complemented by the delightful engravings of the renowned brothers Thomas Dalziel and Edward Dalziel who were strongly influenced by Sir John Gilbert, and who regarded their illustrations for The Arabian Nights as their finest work.***

***Embracing Aladdin; Or, The Wonderful Lamp, Ali Baba and the Forty Thieves, Ali Cogia, a Merchant of Bagdad, Envy Punished; Or, The Three Sisters, and Sinbad the Sailor ...***

A magnificent and richly illustrated volume—with a groundbreaking translation framed by new commentary and hundreds of images—of the most famous story collection of all time. A cornerstone of world literature and a monument to the power of storytelling, the Arabian Nights has inspired countless authors, from Charles Dickens and Edgar Allan Poe to Naguib Mahfouz, Clarice Lispector, and Angela Carter. Now, in this lavishly designed and illustrated edition of *The Annotated Arabian Nights*, the acclaimed literary historian Paulo Lemos Horta and the brilliant poet and translator Yasmine Seale present a splendid new selection of tales from the Nights, featuring treasured original stories as well as later additions including “Aladdin and the Wonderful Lamp” and “Ali Baba and the Forty Thieves,” and definitively bringing the Nights out of Victorian antiquarianism and into the twenty-first century. For centuries, readers have been haunted by the homicidal King Shahriyar, thrilled by gripping tales of Sinbad’s seafaring adventures, and held utterly, exquisitely captive by Shahrazad’s stories of passionate romances and otherworldly escapades. Yet for too long, the English-speaking world has relied on dated translations by Richard Burton, Edward Lane, and other nineteenth-century adventurers. Seale’s distinctly contemporary and lyrical translations break decisively with this masculine dynasty, finally stripping away the deliberate exoticism of Orientalist renderings while reclaiming the vitality and delight of the stories, as she works with equal skill in both Arabic and French. Included within are famous tales, from “The Story of Sinbad the Sailor” to “The Story of the Fisherman and the Jinni,” as well as lesser-known stories such as “The Story of Dalila the Crafty,” in which the cunning heroine takes readers

into the everyday life of merchants and shopkeepers in a crowded metropolis, and “ The Story of the Merchant and the Jinni, ” an example of a ransom frame tale in which stories are exchanged to save a life. Grounded in the latest scholarship, The Annotated Arabian Nights also incorporates the Hanna Diyab stories, for centuries seen as French forgeries but now acknowledged, largely as a result of Horta ’ s pathbreaking research, as being firmly rooted in the Arabic narrative tradition. Horta not only takes us into the astonishing twists and turns of the stories ’ evolution. He also offers comprehensive notes on just about everything readers need to know to appreciate the tales in context, and guides us through the origins of ghouls, jinn, and other supernatural elements that have always drawn in and delighted readers. Beautifully illustrated throughout with art from Europe and the Arab and Persian world, the latter often ignored in English-language editions, The Annotated Arabian Nights expands the visual dimensions of the stories, revealing how the Nights have always been—and still are—in dialogue with fine artists. With a poignant autobiographical foreword from best-selling novelist Omar El Akkad and an illuminating afterword on the Middle Eastern roots of Hanna Diyab ’ s tales from noted scholar Robert Irwin, Horta and Seale have created a stunning edition of the Arabian Nights that will enchant and inform both devoted and novice readers alike.

Almost three centuries have passed since the oldest manuscript of "The Thousand and One Nights" arrived in Europe. Since then, the "Nights" have occupied the minds of scholars world-wide, in particular the questions of origin, composition, language and literary form. In this book, Muhsin Mahdi, whose critical edition of the text brought so much praise, explores the complex literary history of the "Nights," bringing to fruition the search for the archetype that constituted the core of the surviving editions, and treating the fascinating story of the growth of the collection of stories that we now know as "The Thousand and One Nights,"

Probably one of the original 'story within a story' books, Arabian nights is a selection of stories told by a young girl on her wedding night to a prince who has sworn to kill any girl who marries him. Her clever stories serve as 'cliff-hangers' and keep him from murdering her night after night. This collection is where classic fairy tales such as Aladdin and Ali Baba and the Forty Thieves come from as well as well-known moral tales and metaphors. The use of djinns, magic and an evocation of Oriental splendour makes Arabian Nights dazzle. A 'must read' book and the perfect counter point to western fairy tales such as Hans Christian Anderson and the Brothers Grimm.

**A selection of thirteen tales told by Scheherazade in the Arabian Nights, which enchanted the cruel sultan so much that, he gave up executing his daily wives. Full of mischief and valour, ribaldry and romance, The Arabian Nights is a work that has enthralled readers for centuries. The origins of The Arabian Nights are obscure. About a thousand years ago a vast number of stories in Arabic from various countries began to be brought together; only much later was the collection called The Arabian Nights or the Thousand and One Nights. This selection includes many of the stories that are universally known though seldom read in this authentic form: "Aladdin; or, the Wonderful Lamp," "Sindbad the Sailor" and "Ali Baba and the Forty Thieves. Excerpt from The Arabian Nights: A Selection of Stories From Alif Laila Wa Laila, the Arabian Nights' Entertainment In making a collection from these fascinating stories, long enough to show the reader of this series what their interest consists in, I have not confined myself to any one of the several English versions. And even for readers who do not care to go much into the literature of the subject, it will be proper to give a brief account of the way in which these stories have been presented to readers in Europe and America.
