Pauli Murray (1910–1985) was a poet, lawyer, activist, and priest, as well as a significant figure in the civil rights and women's movements. Throughout her careers and activism, Murray espoused faith in an American democracy that is partially present and yet to come. In the 1940s Murray was in the vanguard of black activists to use nonviolent direct action. A decade before the Montgomery bus boycott, Murray organized sit-ins of segregated restaurants in Washington DC and was arrested for sitting in the front section of a bus in Virginia. Murray pioneered the category Jane Crow to describe discrimination she experienced as a result of racism and sexism. She used Jane Crow in the 1960s to expand equal protection provisions for African American women. A co-founder of the National Organization of Women, Murray insisted on the interrelation of all human rights. Her professional and personal relationships included major figures in the ongoing struggle for civil rights for all Americans, including Thurgood Marshall and Eleanor Roosevelt. In seminary in the 1970s, Murray developed a black feminist critique of emerging black male and white feminist theologies. After becoming the first African American woman Episcopal priest in 1977, Murray emphasized the particularity of African American women's experiences, while proclaiming a universal message of salvation. *The Dream Is Freedom* examines Murray's substantial body of published writings as well personal letters, journals, and unpublished manuscripts. Azaransky traces the development of Murray's thought over fifty years, ranging from Murray's theologically rich democratic criticism of the 1930s to her democratically inflected sermons of the 1980s. Pauli Murray was an innovative democratic thinker, who addressed how Americans can recognize differences, signaled the role of history and memory in shaping democratic character, and called for strategic coalition building to make more justice available for more Americans.

Taken together, the Twelve Prophets offer a panoramic view of Israel's religion during one of the most critical periods in the Israelites' history. Hosea, Joel, Amos, Obadiah, and Jonah are the figures considered in this first of Peter C. Craigie's two-volume work. Although differing in substance as well as style, these prophetic books are united in their common purpose: the declaration of the word of God to the people of God. Carrying forward brilliantly the pattern established by Barclay's New Testament series, the Daily Study Bible has been extended to cover the entire Old Testament as well. Invaluable for individual devotional study, for group discussion, and for classroom use, the Daily Study Bible provides a useful, reliable, and eminently readable way to discover what the Scriptures were saying then and what God is saying today.

What will become of America? America! Can You Hear God Calling? is a prophetic wakeup call that will take you on a journey. You will discover America's destiny as you travel back in time and capture a glimpse of the faith and heart of the noble men and women who contributed to making our nation

so great and prosperous. Your journey will lead you through the slow, steady decline into the condition we have found ourselves in today. God has been trying to capture our attention for years. He longs to place us on a path that will lead us to Him. He has sent prophets to warn us and preachers to woo us. They are crying out, "Come back, America! Wake up and return to your first love!" If we continue on the path we're on, destruction and devastation are certain. But what will happen if we heed this call from the heart of God? Reader Comments: "I truly believe this book couldn't have come at a better time; God chose Deborah to bring it forth for such a time as this! This book is going to touch many lives. "Pamela Bankston, Prophetess "At a time when voices and forces are trying to rewrite American history and change the face of America, this much-needed read will jump-start our passion for God's heart for this nation and the people in it." R.T. Lewis, Pastor "This book packs a punch, with timely exhortations to the nation and to the church. If only we can hear the Lord calling, and respond..." Ellen Mathews, Author

Sharpen and sustain your prophetic gift, and learn strategies for speaking the Word of God with confidence. There is a prophetic remnant rising up in the earth who want to be called out, trained, and activated in their gift to hear God's voice and deliver His messages to His people, and they must not grow weary. Best-selling author John Eckhardt provides encouragement for those who operate in their prophetic gift, to endure and continue to be a mouthpiece for the kingdom of God.

The latest addition to the Forms of the Old Testament Literature series presents a complete form-critical analysis of the last six books in the Minor Prophets: Nahum, Habakkuk, Zephaniah, Haggai, Zechariah, and Malachi. By looking carefully at the literary genre and internal structure of each book, Michael Floyd uncovers the literary conventions that helped shape the composition of these prophetic books in their final form. Useful to scholars, pastors, and students, this commentary shows how analysis of literary form can lead to a more profound understanding of the Minor Prophets. - Publisher.

AWAKE O DEBORAH AND SING is a powerful prophetic call for women to arise in anointed ministry based on the inspirational life of the biblical prophet and judge named Deborah.

What is God saying to us TODAY? What does He want to tell the NEXT GENERATION? The world is in desperate need of the voice of God. If the church is to be a force in the world. If Christians are to be a transformative voice to the next generation. We need to be tuned in to what God wants to tell us. In *The Prophetic Advantage* Michelle McClain delivers a practical, comprehensive, and balanced look at the role of the prophetic ministry in today's world. Using the lion as an example, she encourages believers to rise up in boldness, power, and strength, as she... Provides a clear understanding of the biblical mandates and mission of the prophetic. Outlines the function and focus that prophets should exhibit. Tackles the issues of prophetic operation and balance. Gives one hundred advantages that come to those who receive a revelation from God through the voice of the prophetic. The world needs prophetic people who will declare righteousness. We need the prophetic advantage, and we will not see breakthrough in our jobs, churches, families, financial situations, health, and homes without it.

This is a multi-view book in which representatives of differing viewpoints make a positive statement of their case, followed by responses from the others, and concluding with a rebuttal by the original author. The topic at hand in this book is the identity of Jesus (also known as Christology). What is the meaning of Jesus's identity as "the Son of God"? Charles Lee Irons argues that the title "Son of God" denotes his ontological deity from a Trinitarian perspective. Danny Andre Dixon and Dustin R. Smith challenge this view from two different non-Trinitarian viewpoints. Smith argues that Jesus is the authentically human Son of God, the Davidic Messiah, who did not possess a literal preexistence prior to his virgin birth. Dixon argues that Jesus is God's preexistent Son in the sense that God gave him life or existence at some undefined point prior to creation. The authors

engage the topic from the perspective that reverences the authority and inspiration of Scripture as the final arbiter of this debate. The literature of early Judaism is also engaged in order to try to understand the extent to which the New Testament's Christology may have been influenced by or operated within the context of Jewish conceptions of divine secondary beings as agents of God.

This book is a full colored illustrated Children and Youth Bible Study Curriculum. The book chronicles the Prophetic ministry of Elijah, the prophet who often called down fire from Heaven. His ministry took place during the time when King Ahab and Jezebel ruled Israel, polluted the land with idolatry and killed the prophets of Baal. Elijah as the Prophet of God declared the judgement of God upon the land by shutting the Heavens through prayer so that there was no rain or dew in the land for three and half years. The Lord used him to confront and destroy the prophets of Baal and to prove Himself the only True God in the land. Elijah's prophetic ministry displayed the power of God to bring judgment upon the land for the wickedness of the people; His ability to sustain and protect His servants who trust in Him. In spite of the displays of the power of God through Elijah which is attributed to His fervent life of prayer, we also see that he displayed his humanity through the time of discouragement through which we saw the grace of God to sustain and refresh His servants in times of weakness and discouragement. At the end of his ministry, he anointed Elisha with the double power of his spirit to continue his prophetic ministry, while he was taken to Heaven by whirlwind.

Is it possible to speak of prophets and prophetic activity in today's world? If so, who determines whether the prophetic acts are authentic? Is this role, formerly filled by faith communities, now being done within the secular community? Randall Bush explores these questions from biblical, theological, and historical perspectives, looking at examples from the prophet Jeremiah, the writings of Paul Tillich, and the modern civil rights movement work of Rosa Parks and Dr. Martin Luther King, Jr. This compelling discussion touches on issues as old as scripture and as current as today's news headlines, and the topic remains as relevant now as it ever was for those "with eyes to see and ears to hear."

You are Gods strategy for revival. As the nations crumble under chaos and compromise, have Christians sunk so low in their hope that they can no longer anticipate a glorious move of God? Or will a remnant of ordinary dreamers shake off despair, rise up, and join God in His mighty purpose for His people? Aernie examines the prophetic material in the Old Testament and its relationship with the prophetic material in Second Temple Judaism, Hellenism, and the early Christian movement. The subsequent analysis of 1 Corinthians constitutes an investigation of the effect of the Old Testament prophetic tradition on Paul's self-presentation in 1 Cor 9.15-18 and rhetorical framework in 1 Cor 14.20-25 as a methodological foundation for the exegetical analysis of 2 Corinthians. Aernie explores the influence of the Old Testament prophetic tradition on Paul's apostolic self-presentation and rhetoric in 2 Corinthians. The analysis of Paul's self-presentation examines the apostle's relationship with Moses, the Isaianic servant, and Jeremiah in order to define Paul's position with regard to the preceding prophetic tradition. Aernie analyses Paul's argument in 2 Cor 2.14-16; 4.1-6; 6.14-7.1; 12.1-10 then seeks to examine the influence of the Old Testament prophetic tradition on the formation of Paul's rhetorical framework. Aernie's intention is

to provide support for the notion that the particularly prophetic nature of Paul's apostolic persona affects both his self-presentation and rhetorical agenda in 2 Corinthians. **ARISE and PROPHECY!** Are Christians personally walking in the supernatural power and releasing the societal Kingdom transformation that Jesus made available? In the contemporary church, there has been an upsurge of those who claim to receive direct communication through visions and dreams. But their claim contradicts the testimony of scripture. This book will expose and analyze false prophecies made by two well-known American and Kenyan "prophets". According to Apostle Paul, the purpose of prophetic gift was for edification in the early church, so in the end it would not be carried about with every wind of doctrine (1 Corinthians 14:3, 5; Ephesians 4:12, 14). As the New Testament drew to completion, the same apostle taught that the role of prophetic gift was coming to an end, being superseded by completed and inspired Holy Scripture. Today the prophetic claims by contemporary charismatic "prophets" are never tested for veracity by any witnesses, contrary to apostolic admonition. These untested visions and dreams cannot compete with the inspired and tested words of Paul in edifying the church, which was the main purpose of prophetic gift in Bible times. "We need people like you who can give **REASON** for their faith objectively and consistently. Thank you."

- George Odero, Nairobi, Kenya "This is just awesome! For lack of words of how to describe such a God-given insight into the truth ... It's about time someone was raised of God to counter some of these hypocritical religions." - Martin Kilungu, Nairobi, Kenya Charles O. Ndege of Kenya undertook an in-depth study of the Bible after his conversion in 1982. He wrote this book so "the people of God may not continue to be deceived by the contemporary 'prophets' and their outlandish false claims." Publisher's Website: <http://sbpra.com/CharlesONdege>

In the Song of the Prophet, we learn that affection doesn't happen in isolation; it happens in relationship with others. However, the moments when our soul is deeply affected by the Lord's divine presence, the song of all songs does just that to our spirits. God graciously gave the wisest man that ever lived a revelation of love a love that's real and not just a passing lustful thought, a love where growth and maturity are free to exist through both pain and promise, free from rejection and shame. The Songs of Solomon give us a map of what love can become through the eyes of God. Each phrase and each verse is the language of what heaven feels about those who are called. Language is such a beautiful gift from our Lord that expresses many multifaceted emotions. These eight chapters are an invitation to sit at his feet like Mary. The Song of the Prophet shows us that the ways of God make abandonment the only way to live. Giving our Lord everything isn't weighed because of what we might lose; Jesus gave us his all, so we give all.

Simon is thoroughly versed in the secondary literature but has managed to write a volume accessible to both scholars and informed general readers..." -- Choice Noted biblical scholar Uriel Simon undertakes a systematic study of prophetic narratives in the Bible. A Sourcebook Taken from the Prophets in the Hebrew Bible

**There is no more trusted mentor of preachers in North American Christianity today than William H. Willimon. The author of over sixty books, a frequent preacher and teacher in pastors' schools and events, Willimon has earned a following as one of the people to whom preachers turn more often than any other. Turner and Malambri make Willimon's role as a mentor to preachers more available than ever. Both former students of**

**Willimon's, they provide detailed and practical tools for learning from this "peculiar prophet." They offer samples of Willimon's sermons, and commentary on them by other leading preachers and homiliticians such as Tom Long and Peter Gomes. The point of this examination of Willimon's work is not simply to praise it, but to assess both its strengths and its weaknesses, and to help readers learn in the process how Willimon can be a model of what to do and--at times--what not to do in the pulpit. Written with the needs of practicing preachers in mind, this book will make a significant contribution, not only to understanding a great preacher, but also to preaching itself.**

**In this first volume of a trilogy, Daniel J. Elazar addresses political uses of the idea of covenant, the tradition that has adhered to that idea, and the political arrangements that flow from it, Among the topics covered are covenant as a political concept, the Bible as a political commentary, the post-biblical tradition, medieval covenant theory, and Jewish political culture.**

**Recently, an increasing number of prophetic words from established, world-class prophets-of both genders-are calling for women to arise and fulfill the callings and destinies that God ordained for them before the world began. And women are rising to the call: thoughtful, godly, competent women, with compassion for the lost, deep intimacy with God, and a passion to see the mercy and blessings of Jesus poured out onto a seriously damaged world. Also, there is a dawning awareness on the part of males in church leadership that they have been missing out on much of what God wants to pour out because highly gifted women have been disregarded, ignored, passed over, and even actively suppressed in their attempts at ministry. God is opening up revelation about things that have been in the Word all along, but about which we have long had a flawed understanding. Why is God revealing it now? Because with the glory that God is intending to pour out in the Third Great Awakening, the Church no longer has the "luxury" of limping along with half of its soldiers in the brig because the other half thinks they're incapable.**

**Millions of modern churchgoers are spiritually asleep. As Christian leaders have compromised the gospel, God's people have fallen prey to lust, divorce, consumerism, false teaching, and more. Strong Christians everywhere wonder if God will turn the tide, while many sleepy churchgoers ask, "can I ever wake**

**up?"In Samuel's day, Israel's spiritual climate had also grown cold. Both priest and people lived in darkness; therefore, "the word of the Lord was rare" (1 Samuel 3:1 ESV). But one night, God awakened young Samuel as he lay by the altar. Breaking heaven's silence, God called Samuel by name, purified his heart, opened his eyes to eternity, and activated his prophetic calling. Then, God used Samuel's prophetic ministry to awaken Israel and restore His glory in the land. As a result, "Israel served the Lord alone!" (1 Samuel 7:4 NASB).In Samuels Arising, former Brownsville Revival School of Ministry president Keith Collins reminds us that Samuel's God is still on the move. As God awakened Samuel, God waits to awaken you from spiritual sleepiness, recover your gospel vision, and ignite your prophetic calling to win the lost and revive the saved! Then, God can use you to turn the tide of compromise in your generation. Through this guide to personal revival, God calls: "Samuels, arise!"**

The Old Testament is no ordinary text; it is a revelation of God's will, character, purpose, and plan, inspired by the Spirit of God. That same Spirit continues to work within God's people today as they read the Bible, even when the meaning is difficult to discern. In The Law, the Prophets, and the Writings, eighteen evangelical scholars analyze the Old Testament through a historical, literary, and theological hermeneutic, providing new insights into the meaning of the Scriptures. This festschrift in honor of Duane A. Garrett seeks to help Christians faithfully read and understand the Old Testament Scriptures.

A collection of writings in Hebrew and English on the theme of justice from the Prophets in the Hebrew Bible (Isaiah, Jeremiah, Ezekiel, Hosea, Amos...) for adult study. Great for Bible study and discussion groups. Published at cost. All texts are taken from Sefaria.org and are in the public domain. Some questions the reader might ask while reading are: What motivates the prophets (spiritual, political, economic, cultural, etc.)? To whom is each prophet speaking (kings, priests, the people, future generations...)? What is the content of each prophet's message? Rabbi Abraham Joshua Heschel claimed that the prophet related God's pathos or feelings. What are God's emotions as related by the Prophets? What challenges does the prophet have to overcome or endure? What personalities can be discerned? What problems in the world does each prophet name? What role does justice play in

the call of the Prophets? What is justice? In addition to justice, what general themes (overarching message), motifs (recurring images), and symbols do you see used in the Prophets? What kind of world does the prophet ultimately envision? What conflicts arise in you personally as you read the Prophets? What resonates with you personally as you read the Prophets? How would you relate any of the above to today? Can you think of contemporary or recent prophets?
