

Art Deco Gift Creative Paper Book Vol 75

Stylish coloring book presents 31 full-page illustrations of women and girls in the broad-shouldered, narrow-waisted fashions in vogue from the 1890s to the early 1900s. Perforated pages are printed on one side only. Bring out your child's creativity and imagination with more than 60 artful activities in this completely revised and updated edition Art making is a wonderful way for young children to tap into their imagination, deepen their creativity, and explore new materials, all while strengthening their fine motor skills and developing self-confidence. The Artful Parent has all the tools and information you need to encourage creative activities for ages one to eight. From setting up a studio space in your home to finding the best art materials for children, this book gives you all the information you need to get started. You'll learn how to:

- * Pick the best materials for your child's age and learn to make your very own
- * Prepare art activities to ease children through transitions, engage the most energetic of kids, entertain small groups, and more
- * Encourage artful living through everyday activities
- * Foster a love of creativity in your family

Inspired by fashions of the 1920s, '30s, and early '40s, this gallery of smart-looking styles to color features 31 full-page illustrations of models in vintage day and evening outfits. Parenting isn't easy. Showing up is. Your greatest impact begins right where you are. Now the bestselling authors of *The Whole-Brain Child* and *No-Drama Discipline* explain what this means over the course of childhood. "There is parenting magic in this book." —Michael Thompson, Ph.D., co-author of the *New York Times* bestselling classic *Raising Cain* One of the very best scientific predictors for how any child turns out—in terms of happiness, academic success, leadership skills, and meaningful relationships—is whether at least one adult in their life has consistently shown up for them. In an age of scheduling demands and digital distractions, showing up for your child might sound like a tall order. But as bestselling authors Daniel Siegel and Tina Payne Bryson reassuringly explain, it doesn't take a lot of time, energy, or money. Instead, showing up means offering a quality of presence. And it's simple to provide once you understand the four building blocks of a child's healthy development. Every child needs to feel what Siegel and Bryson call the Four S's:

- Safe: We can't always insulate a child from injury or avoid doing something that leads to hurt feelings. But when we give a child a sense of safe harbor, she will be able to take the needed risks for growth and change.
- Seen: Truly seeing a child means we pay attention to his emotions—both positive and negative—and strive to attune to what's happening in his mind beneath his behavior.
- Soothed: Soothing isn't about providing a life of ease; it's about teaching your child how to cope when life gets hard, and showing him that you'll be there with him along the way. A soothed child knows that he'll never have to suffer alone.
- Secure: When a child knows she can count on you, time and again, to show up—when you reliably provide safety, focus on seeing her, and soothe her in times of need, she will trust in a feeling of secure attachment. And thrive!

Based on the latest brain and attachment research, *The Power of Showing Up* shares stories, scripts, simple strategies, illustrations, and tips for honoring the Four S's effectively in all kinds of situations—when our kids are struggling or when they are enjoying success; when we are consoling, disciplining, or arguing with them; and even when we are apologizing for the times we don't show up for them. Demonstrating that mistakes and missteps are repairable and that it's never too late to mend broken trust, this book is a powerful guide to cultivating your child's healthy emotional landscape.

Introduced on a grand scale at the 1925 Paris International Exposition, the new Art Deco style expressed modernity and new technologies that were changing the world. In the realm of fashion, it was the new "chic," representing glamour, luxury, and a sleek style. Tom Tierney captures fashion highlights from that period in this spectacular paper doll review. Two dolls and 28 costumes focus on an array of dramatic creations by outstanding designers of the early twentieth century. Included are a fur-trimmed cloak with an abstract modern design by Paul Poiret; a tightly pleated and richly colored gown by Mariano Fortuny; Helen Dryden's day dress in stark zebra stripes; a daring, two-piece knit swimsuit, featuring a bare midriff; as well as dramatic designs by Sonia Delaunay, Jeanne Lanvin, Coco Chanel, and other noted designers. An additional page features hats of the period — everything from an exotic Poiret turban to Schiaparelli's novel "shoe" hat. An exciting display of elegant style and cool sophistication, this collection will not only delight paper doll fans but will also thrill collectors and devotees of Art Deco.
