My First Keyboard - Learn to Play

Now you can master Bach's most beautiful prelude—even if you've never sat down at a piano before! Do you have a piano (or keyboard) and forty-five spare minutes every day? Then spend the next six weeks with acclaimed concert pianist James Rhodes. By the end, you'll be able to perform Bach's Prelude No. 1 in C major—no prior musical experience required! Rhodes reveals How to Play the Piano step by step—how to read the treble and bass clefs as well as sharp and flat notes, and then how to practice—before teaching the Prelude in easy, bite-size segments. His method is free of tedious drills, and filled with inspiration: "If listening to music is soothing for the soul, then playing music is achieving enlightenment." Before you know it, not only will you have learned how to play one of Bach's most beloved masterpieces—you also will have unleashed your creativity, exercising your mind (and fingers) and accomplishing something you never thought possible. Bravo! Includes four instructional videos supported by select e-reader devices.

Many wished they started music lessons before and more parents wanting their children and/or themselves to start music lessons too but were leery of doing so because of its seemingly complexity. This book is the answer to those interested in wanting to learn or teach children the beginning music lessons for piano, organ, or electronic keyboard. It's a great way to start a music lessons. The easy-to-follow instructions are geared with examples, diagrams and samples which can also be profitably employed as formal settings of instructions. The inclusion of drills in the form of music arrangements, familiar songs and pieces is decidedly useful as a practical guide to enhancing the learning process.

In this remarkable memoir, Anna Goldsworthy recalls her first steps towards a life in music, from childhood piano lessons with a local jazz muso to international success as a concert pianist. As she discovers passion and ambition, and confronts doubt and disappointment, she learns about much more than tone and technique. This is a story of the getting of wisdom, tender and bittersweet. With wit and affection, Goldsworthy captures the hopes and uncertainties of youth, the fear and exhilaration of performing, and the complex bonds between teacher and student. An unforgettable cast of characters joins her: her family; her friends and rivals; and her teacher, Mrs Sivan, who inspires and challenges her in equal measure, and who transforms what seems an impossible dream into something real and sustaining.

A Piano Lessons Beginners Guide for Children & Adults.This Kindle book is suitable for children and adults who are about to start piano, keyboard or organ lessons.This book is aimed specifically at beginners who want to learn to play a keyboard instrument, this can be piano, electronic keyboard and electric organ. I actually wrote this book for myself to use as a resource when I teach new students how to play the piano. Since every piano keyboard player has had to learn what's in this book, it made sense to create a book that's easy to follow and can easily be shared.This learn to play piano book should be used before you buy a course book, in fact it should be the first book you go to before you start to play the piano. All keyboard players know this information, all piano teachers will teach you the information in this book before giving you sheet music to play.This is not a learn to play in 24 hours book, its not for advanced players, there's no secrets in this book, the info in this book is freely available if you want to search for it. I like to call the info in this piano book "essential information" for students who know nothing about music theory and playing the piano. Here's what's in this book:01 Note names on the keyboardIn this section you will learn all the white notes on a keyboard02 The staffHere we show what the staff looks like and what symbols you can expect to see in lesson 1.03 Notes on the staffHere you will learn what the notes are called on the staff.04 Middle CHere you will find where middle C is on the staff and the keyboard05 Note valuesDiscover music notes used in lesson 1 with different beat values06 Hand positionHand shape and position on the keyboard.07 5 finger exerciseThis is your first exercise to get those fingers working.08 Read the notes you are playingHere you will read the notes in the 5-finger exercise.09 Finger numbersLearn what each fingers number is.10 Play your first piece of musicHere you will play your first piece of music with your right handPiano teachers can use this book as a teaching aid for new students. Beginners can use this if they want to have a go themselves. I have used the methods outlined in this book for over thirty years teaching my own new students.My name is Michael Shaw, I hope you find this book useful, Good luck with your music

A Piano Lessons Beginners Guide for Children & Adults. This book is suitable for children and adults who are about to start piano, keyboard or organ lessons. This book is aimed specifically at beginners who want to learn to play a keyboard instrument, this can be piano, electronic keyboard and electric organ. I actually wrote this book for myself to use as a resource when I teach new students how to play the piano. Since every piano keyboard player has had to learn what's in this book, it made sense to create a book that's easy to follow and can easily be shared. This learn to play piano book should be used before you buy a course book, in fact it should be the first book you go to before you start to play the piano. All keyboard players know this information, all piano teachers will teach you the information in this book before giving you sheet music to play. This is not a learn to play in 24 hours book, its not for advanced players, there's no secrets in this book, the info in this book is freely available if you want to search for it. I like to call the info in this piano book "essential information" for students who know nothing about music theory and playing the piano. Here's what's in this book: 01 Note names on the keyboard In this section you will learn all the white notes on a keyboard 02 The staff Here we show what the staff looks like and what symbols you can expect to see in lesson 1. 03 Notes on the staff Here you will learn what the notes are called on the staff. 04 Middle C Here you will find where middle C is on the staff and the keyboard 05 Note values Discover music notes used in lesson 1 with different beat values 06 Hand position Hand shape and position on the keyboard. 07 5 finger exercise This is your first exercise to get those fingers working. 08 Read the notes you are playing Here you will read the notes in the 5-finger exercise. 09 Finger numbers Learn what each fingers number is. 10 Play your first piece of music Here you will play your first piece of music with your right hand Piano teachers can use this book as a teaching aid for new students. Beginners can use this if they want to have a go themselves. I have used the methods outlined in this book for over thirty years teaching my own new students. My name is Michael Shaw, I hope you find this book useful, Good luck with your music. Written for ages 5 and 6, My First Piano Adventure captures the child's playful spirit. Fun-filled songs, rhythm games and technique activities develop beginning keyboard skills. Three distinguishing features of the Lesson Book A make it unique and effective for the young 5-6 year old beginner. 1. A strong focus on technique embedded in the book through playful technique games, chants, and carefully-composed pieces that gently lead the child into pianistic motions. 2. An outstanding CD for the young student to listen, sing, tap, and play along with at the piano. The orchestrated songs on the CD feature children singing the lyrics, which has great appeal to the 5-6 year old beginner. The CD becomes a ready-made practice partner that guides the student and parent for all the pieces and activities in the books. 3. The fanciful art features five multi-cultural children who are also learning to play. These friends at the piano introduce basic rhythms, white key names, and a variety of white and black-key songs that span classical, folk, and blues. Young students will listen, sing, create, and play more musically with Nancy and Randall Faber s My First Piano Adventure, Lesson Book A. The Lesson Book introduces directional pre-reading, elementary music theory and technique with engaging songs, games, and creative discovery at the keyboard. Young students will enjoy the multi-cultural "friends at the piano" who introduce white-key names, basic rhythms, and a variety of songs which span classical, folk, and blues. Ear-training and eye-training are also part of the curriculum. The Fabers' instructional theory "ACE" - Analysis, Creativity, and Expression, guides the pedagogy of My First Piano Adventure. Analysis leads to understanding, creativity leads to self-discovery, and expression develops personal artistry. The CD for this book offers a unique listening experience with outstanding orchestrations and vocals. The recordings demonstrate a key principle of the course: when children listen, sing, tap, and move to their piano music, they play more musically. View Helpful Introductory Videos Here
