

Bear Grylls Pocket Survival Guide

A realistic approach to survival training and bushcraft from one of the country's top survival skills teachers - learn the techniques and confidence to fend for yourself in any situation. When it comes to writing weapons, most authors shoot from the hip--and miss. The Writer's Guide to Weapons will help you hit your target every time. Firearms and knives have starring roles in a wide range of genres--crime, thriller, war, mystery, Western, and more. Unfortunately, many depictions of weapons in novels and film are pure fiction. Knowing the difference between a shotshell and a slug, a pistol and a revolver, or a switchblade and a butterfly knife is essential for imbuing your story with authenticity--and gaining popularity with discerning readers. Inside you'll find:

- An in-depth look at the basics of firearms and knives: how they work, why they work, what they look like, and how to depict them accurately in your stories.*
- The biggest weapons myths in fiction, TV, and film.*
- A surefire guide for choosing the correct weapon for your characters, no matter their skill level, strength, or background.*
- A review of major gun and knife laws, weapons safety tips, and common police tactics.*
- "The Hit List," showcasing the most popular weapons for spies, detectives, gunslingers, gangsters, military characters, and more.*
- Examples highlighting inaccurate vs. accurate weapons depictions.*
- An insightful foreword by David Morrell, the award-winning creator of Rambo. Equal parts accessible, humorous, and practical, The Writer's Guide to Weapons is the one resource you need to incorporate firearms and knives into your fiction like a seasoned professional.*

Real-World Tactics for Safety and Survival in Extreme Situations For the beginner and way beyond, Extreme Wilderness Survival has what every outdoorsman needs to stay safe in the woods: the right mind-set, skills, advanced tactics and gear choices based on real experiences. Craig Caudill of Nature Reliance School has spent four decades gathering expertise in outdoor survival—including two 30-day solo sabbaticals in remote woods with only a knife. He teaches military personnel as well as everyday citizens how to avoid trouble and what to do when you can't avoid it. In this book, Craig puts it all together in a sensible way, step by step, for almost any scenario—from getting lost alone to extreme group tactics. You'll learn how to:

- Strengthen your mental fortitude*
- Heighten awareness to avoid danger*
- Hunt, fish and forage for food*
- Make gear from scratch*
- Use tactics and self-defense to fight off predators*
- Track animals and other people*
- Choose the right gear to help you get home safe always*

In this book, you'll learn how to work with nature, not against it, so you can travel with a healthy dose of confidence and caution, stay safe and survive no matter what dangers you encounter. A sequel to The Final Journey: A Diary of Survival, this second book of the trilogy continues the story of a Christian couple who chooses not to succumb to their uncontrolled world, their fractured society, and the dangers that are now part of their everyday lives. After a fifteen-hundred-mile survival journey, the couple finds themselves facing the daunting task of building a new life in a world that now resembles the year 1800 rather than the early twenty-first century. Survival is now not just a short-term task. It is a daily, weekly, monthly, and yearly challenge to build a life using their own survival common sense. What would their new world look like? The challenges they face will transform them even more than their completed initial survival journey. If you found yourselves in their shoes, what would you do? Their diary will help you when you possibly face such a world. Will you be up to the challenge? Choose to survive!

Knowledge That Will Keep You Alive

Ultimate SAS Survival

The Ultimate Survival Guide for Any Situation

SAS Survival Handbook

A Practical Reference for Using Firearms and Knives in Fiction

The Wilderness Survival Guide

Mud, Sweat, and Tears

The new Shooter's Bible Guide to Knives sets the standard for comprehensive publications by carrying on the Shooter's Bible tradition of bringing together more products and information than any other source. With photographs and descriptions of more than 400 knives, readers are treated to product highlights from major manufacturers and custom knife makers. This book brings you from the blacksmith shop to high tech influential designers with insights into blade steel, locking mechanisms, and handle materials. When it comes to knives, this book is the source for the products and the passion.

Bestselling author Bear Grylls has survived a free-fall parachute accident that left him with a broken back, possibly unable to walk again; falling down a mountain in the Rockies, severing a finger in the Vietnam jungle, a broken shoulder in Antarctica. He passed the gruelling training to join the SAS, crossed the North Atlantic in an open inflatable boat, and held the highest ever open-air formal dinner party, in a balloon at 25,000 feet. But the hardest thing he has ever had to face, he says, is the death of his father. It was then, age 25, that he found what he describes in an interview with the Telegraph as 'a really lovely quiet faith that has been a powerful thing in our lives'. As he wrote in GQ magazine, 'Faith doesn't mean you have to be especially "religious". But, in a nutshell, my faith tells me that I am known, that I am secure and that I am loved - regardless of the storms I may find myself in from time to time, regardless of how often I fall and fail.' For the first time, in this open, brave and honest book, Bear reveals the inspiration that helps him to stand strong and find peace each day. These daily readings - exploring themes of friendships, failure, courage, risk, and much more - show us all how to face each day with purpose and power. 'Be brave. Embrace faith wherever you may find it. You have nothing to lose and everything to gain.'

From basic first aid and campcraft to strategies for coping with any type of disaster, this is the definitive survival guide. Two 16-page color sections. Line art throughout.

*Bear Grylls is fitter, stronger and readier than ever to take on the challenges of the wild, thanks to a revolutionary new fitness program. And at the heart of Bear's personal training regime are fast-paced, dynamic workouts that can be done anywhere by anyone - men and women, young and old - in just 30 minutes or less! Select your workout: choose from Kettlebell Resistance training, Bodyweight workouts or Primal Power stretch sessions. Try one of Bear's epic Hero workouts for his ultimate challenge of all three disciplines combined ... Learn the moves: select your express workout based on the time you have available - be it 3 minutes or 30 - and then, as Bear says, 'It's time to get BG fit!' Train hard but eat natural: follow Bear's simple and straightforward advice on fuelling your body for maximum success and sustained health benefits. Train more efficiently with fast and achievable results - a fitter, stronger, healthier you is just around the corner. Go on, it's your life - train for it! _____ What readers are saying about Your Life: Train For it: ***** 'A fantastic book with clear and easy too follow instructions for each work out.' ***** 'Great and simple ways to fit fitness into even a busy life style.' ***** 'Accessible, affordable results with no gym.'*

Fight Back When Monsters and Mother Nature Attack

Rescue and resilience on Kangaroo Island

A Diary of a Journey Finished

Survival Hacks

SAS Survival Handbook, Third Edition

Soul Fuel

The 99th Koala

Dr. Hortonthe author of The Final Journey: A Diary of Survival, the first book in his survival trilogy, and The Final Journey, Part Two: A Diary of Building a New life, the second book in the trilogynow completes the characters year-long journey into the future. What began as purely an effort to survive in their dangerous world continues as the characters discover a cle challenges of surviving in the harsh wilderness. They face threats to their existence. New relationships continue to grow. Danger, sorrow, tears, joy, understanding, service, and fulfilment fill their days. Clarity of what it costs them to live their lives trusting and having faith in their Lord, Jesus Christ, grows. They discover themselves in the midst of their harsh new world. Straightforward advice on what to do under threat of a dangerous situation.

Do you long for adventure without being quite sure how to find it? Do you want to sleep under the stars and experience the wonders of the natural world? More of us than ever are spending weekends and holidays climbing mountains, surfing waves or simply walking in the wilderness, as well as indulging in many other more extreme activities. But how can we use our intrepid survival adventurers of our day, shares his years of experience of the world's most extreme terrain to help you get the most from the great outdoors. So, if you've always been intrigued by kite surfing, now's the time to learn how to do it! Find out how to make a tree house, or what dangers to watch out for when you're skiing or paragliding. And if you're getting lost and what to pack in your rucksack to keep you safe. Whether you're a novice mountaineer looking to graduate from the climbing wall to real rocks, or a weekend camper in search of a little more adventure, this is the book for you.

After bushfires devastated Kangaroo Island's koala population, Kailas Wild went to help. This is the inspiring and sometimes confronting story of what happened next. An arborist by trade and conservationist at heart, when Kai heard that some of the injured koalas could only be reached by a tree climber, he drove 1500 kilometres to volunteer. Seven weeks later, he became an international social media sensation and formed a special bond with a baby koala – Joey Kai. In words and pictures, The 99th Koala shares Kai's experience and introduces us to some of the koalas of Kangaroo Island. Sometimes tragic, sometimes hopeful, above all Kai's story commemorates our unique wildlife, and demonstrates the power of one person trying to make a difference against the immensity of the fires or the threat of climate change, Kai's daily descriptions and videos of saving helpless animals have been a welcome dose of personal courage and deep humanity.' ABC 'In words and photos that are impossible to look away from, Kai introduces some of the koalas on Kangaroo Island, painting a powerful picture of Australia's unique wildlife and the country's distant memory.' Mamamia 'Harrowing, touching and uplifting.' The Courier Mail 'The 99th Koala is a plea for wildlife, it's a tribute to the volunteers who strive to save animals and rehabilitate them. It's an emotional rollercoaster that shows the devastation and damage ... but it's a tale of love and dedication.' Good Reading

Outback Survival is a timeless, practical run down on everything you need to know to survive in the outback. Bob Cooper's incredible bushcraft skills have been developed through more than 25 years of experience in Australia's harsh outback. He has picked up tools of survival from the experiences of living with traditional Aboriginal communities, instructing with Special Forces Units, lecturing with the Texas Parks and Wildlife Service on desert survival in the Mexican Desert, delivering wilderness lessons in the UK and learning the skills of the bushmen of the Kalahari Desert in Botswana. Bob has put his own lessons to the test, dropping himself off in the 42C heat of the Australian desert with only a map and soap box sized survival kit, no food, water or sleeping gear, and a 10 day walk across 160km of rough terrain back to safety. He did this alone and showed that with the right knowledge of the land, you can survive in even the harshest of conditions. The outback of Australia is one of the most unforgiving regions of the world, but Bob is committed to protecting and enhancing the experience people have when venturing out into the bush. This comprehensive guide is full of the strategies, skills, and gear you need to survive any catastrophe—from natural disasters to the collapse of society. All over America, families are transforming spare rooms into long-term storage pantries, planting survival gardens, unplugging from the grid, converting their homes to alternative sources of energy, taking self-defense courses, and stocking up on everything from canned food to ammunition. So what are these people preparing for? In our increasingly unstable world, there are a whole host of catastrophic event that could throw civilization into turmoil. Outdoor Life: Prepare for Anything takes you through these potential threats and explains how to be prepared for them. From having the right equipment to considering your actions in the wake of a disaster, or acquiring the skills needed for self-sufficiency, this guide is full of hands-on hints, easy-to-use checklists, and engaging first-person stories. This volume includes vital information on:

- Necessary skills in a time of a natural disaster, economic collapse, or societal restructuring.
- What should be in your house, pantry, basement, bunker, and go-bag.
- How to handle yourself and your family in the wake of disaster, from creating a plan to leading your neighborhood watch.

OUTDOOR SURVIVAL SKILLS. Luxury edition of the bestselling survival guide. Lofty's extensive survival experience and tried and tested techniques are the choice of both survival expert and novice, and the text is specially crafted to prepare you for any and every situation, wherever you are in the world. Lofty imparts his much sought-after knowledge in a new illustrated top-of-the-range gift format, wonderfully packaged as a hardback covered with camouflage cloth, filled with informative and attractive photography. All the advice is firmly rooted in the training techniques of the world's most elite fighting force, the SAS. Whether you are on land, at sea, trekking in mountainous, desert or arctic regions, or in the midst of an unforeseen disaster, Lofty will teach you how to survive. Case studies form an important part of the text, giving the reader real-life stories to learn from, and test their knowledge against.

“Most of us need never fashion a gas mask from a soup can... Should the need arise, you’ll be glad for a copy of Survival Hacks... offers tips ranging from making a cookstove from a packet of alcohol-soaked ramen to cutting a fishing lure from the shiny bits of your Visa card.” —The Seattle Times Turn everyday items into survival necessities! Would you be prepared if you needed to survive in the wilderness? Survival expert Creek Stewart shares his cache of practical, easy-to-follow tricks to help you transform everyday items into valuable gear that can save your life. Survival Hacks takes you step-by-step through transforming simple objects like soda tabs and plant leaves into essential survival tools. This rough-and-rugged guide covers everything from small-scale hacks, like using sticks and rope to make a table, to the big stuff, like creating a one-person emergency shelter from a trash bag or purifying dirty water using a plastic bottle and the sun. And you can be ready anywhere you go with everyday carry kits, pocket-sized survival kits, so you’re never without the essential tools you need to make it on your own. Being prepared can make the difference when it comes to your survival in an emergency. And Survival Hacks makes it a whole lot easier.

Bear Grylls Great Outdoor Adventures

The exciting second book in the new young readers series from survival expert and Chief Scout BEAR GRYLLS. Sophie loves activity camp . . . but is terrified of insects. It's so bad that she won't go into the tent on her own, just in case something flies at her, or she steps on a creepie-crawlie. But when she's given a compass by one of the other boys on the campsite, Sophie is magically transported to the desert on an adventure where they're impossible to avoid! With the help of survival expert Bear Grylls as her guide, she will learn how to withstand the extreme temperatures of the desert and how to spot mirages, encounter giant camel spiders, deadly scorpions and snakes . . . but will Sophie overcome her fear of insects back in the real world? And who will she give the compass to next? Each book in this fun new 12-book series from BEAR GRYLLS follows a different child on the outdoor activity camp. Once they are given the magical compass, they meet the inspirational adventurer in an amazing place and learn new skills and facts they can take back with them to their real life.

Ray Mears' Outdoor Survival Handbook is a book of discovery, explaining the everyday skills you need to live in and enjoy the natural world. Season by season, this unique, fully illustrated guide describes the resources and materials available in the wild and how to use them. Whether you want to spend a day, a week or a month out of doors, Ray Mears' Outdoor Survival Handbook will help you enjoy it to the full. Packed with practical tips, insights into nature and respect for traditional knowledge, this is a book for families, groups and individual hikers and climbers - for everyone who enjoys outdoor life.

“Bear Grylls is a veritable superhero....The former UK Special Forces paratrooper has braved the world’s harshest environments.” —Hampton Sides, Outside Magazine “Bear Grylls is one tough, crazy dude.” —Washington Post THE THRILLING #1-BESTSELLING MEMOIR BY THE ADVENTURE LEGEND AND STAR OF NBC'S RUNNING WILD WITH BEAR GRYLLS Bear Grylls has always sought the ultimate in adventure. Growing up on a remote island off of Britain's windswept coast, he was taught by his father to sail and climb at an early age. Inevitably, it wasn't long before the young explorer was sneaking out to lead all-night climbing expeditions. As a teenager at Eton College, Bear found his identity and purpose through both mountaineering and martial arts. These passions led him into the foothills of the mighty Himalayas and to a karate grandmaster's remote training camp in Japan, an experience that soon helped him earn a second-degree black belt.

Returning home, he embarked upon the notoriously grueling selection course for the British Special Forces to join the elite Special Air Service unit 21 SAS—a journey that would push him to the very limits of physical and mental endurance. Then, disaster. Bear broke his back in three places in a horrific free-fall parachuting accident in Africa. It was touch and go whether he would walk again, according to doctors. However, only eighteen months later, a twenty-three-year-old Bear became one of the youngest climbers to scale Mount Everest, the world's highest summit. But this was just the beginning of his many extraordinary adventures. . . . Known and admired by millions as the star of Man vs. Wild, Bear Grylls has survived where few would dare to go. Now, for the first time, Bear tells the story of his action-packed life. Gripping, moving, and wildly exhilarating, Mud, Sweat, and Tears is a must-read for adrenaline junkies and armchair explorers alike.

In Man vs. Wild, Bear Grylls demonstrates all manner of survival techniques when faced with nature's extremes—from crossing piranha-infested rivers to fighting off grizzly bears. He shows us how, armed with the correct know-how and a determination to stay alive, all of us have the potential to beat the elements in even the bleakest of situations. Bear Grylls is the ultimate modern-day adventurer. He spent three years with the British Special Forces (21 SAS), only leaving when a near-fatal parachuting accident broke his back in three places. Just two years later, Grylls followed his childhood dream and became one of the youngest climbers ever

to reach the summit of Mount Everest. He is the host of the Discovery Channel series Man vs. Wild, where viewers tune in to watch Grylls show what it takes to find your way out of the most inhospitable places on earth with little more than the clothes on your back. Now, in his book, he shows his millions of fans worldwide how to do what he does in an utterly entertaining crash course in surviving every kind of hard ecosystem--mountain, sub-zero terrain, jungle, desert, and the sea. Grylls takes readers on a journey to the corners of the earth and recreates disaster scenarios such as being stranded on a desert island or lost in the snowy Arctic. Perfect for armchair adventurers and extreme sports buffs alike, Man vs. Wild is destined to become a classic in adventure literature. Prepare to learn how to ...Snack on maggotsDig yourself a shelter from the snowSuck the fluid from fish eyeballsSkin a snake and eat itUse your own urine to cool yourself downLive without your cell phone "When disaster strikes and we find ourselves alone in an unknown and hostile environment, why do some people survive and others perish Almost all of the most extraordinary tales of survival seem to involve an indefinable Ingredient X, which can only be understood as having its source in that mysterious entity, the `human spirit.'" --Bear Grylls, Man vs. Wild Essential Scouting Skills for the Great Outdoors How to Survive in the Wild, in Any Climate, on Land Or at Sea Ray Mears Outdoor Survival Handbook Shooter's Bible Guide to Knives Extreme Food What to Eat When Your Life Depends on It A Dog Called Hope

Learn. Practice. Prepare. Survive. Survival situations can happen when least expected. The best defense is knowledge and confidence in the skills that will keep you alive--whether it's for a few hours, days or long term. 365 Essential Survival Skills comprises the best knowledge, tips and tricks available in the world today, and each skill is explained in fun, easy-to-learn ways that any student--greenhorn or seasoned--will pick up with a little practice. With 365 skills inside this book, there's plenty of practice to keep you busy year-round. The difference between life and death in a survival setting is a very slim margin. Don't take any chances--learn how to keep yourself and your family alive. FEATURING:
• Skills relevant to all four seasons of the year and desert, woodland, prairie, mountain and urban environments
• Vital insights on the four core survival needs--shelter, fire, water and food
• Other topics such as navigation, first aid, tools, signaling, self-defense and more
• Practical applications for campers, hunters, anglers, hikers, climbers, skiers and all who venture outdoors
• Links to thorough, in-depth video demonstrations Sharks Are Flying at Your Head at 300 mph. How Will You Survive? In the apocalyptic world we live in, Mother Nature is angry. Danger waits at every turn, and catastrophes like the Los Angeles sharknado have taught us that we need to be ready for anything. Too many lives have already been lost. But fear not. How to Survive a Sharknado and Other Unnatural Disasters is the first and only comprehensive guide to surviving the very worst that Mother Nature can throw our way. Inside this life-saving reference, you'll find:
• Vital information about dozens of unnatural disasters and uglyodly monsters that can injure, maim, or kill you, from arachnoquakes and ice twisters to piranhacondas and mega pythons;
• Easy-to-understand survival tips for avoiding a bloody demise;
• Inspirational words of wisdom from survivors, including Fin Shepard and April Wexler;
• Useful resources, such as the Shepard Survival Assessment Test (S.S.A.T), and much more. With this essential book in hand, you too can be a hero who laughs in the face of calamity while saving friends and family. Or you can just avoid getting savagely ripped apart by a roboocroc. Either way, you've been warned. Now be prepared. Sharknado 2: The Second One premieres July 30 at 9/8c on Syty! In the tradition of the million-copy-bestseller SAS Survival Guide, former SAS paratrooper Bear Grylls—the world’s most famous survival expert—teaches the necessary skills for eating in the wild. “There’s no getting away from it; I’ve eaten some pretty extreme things in my time—live tarantulas, raw goat testicles, elephant dung, you name it. In a situation when your life depends on it, you need to put your prejudices aside to keep your stomach filled and your strength up. Whether it’s mastering the art of foraging and cooking up a tasty feast around the campfire or learning about the more extreme end of wild food (ever tried a scorpion kebab?), there’s a lot to learn when it comes to dinner time in the wild. Extreme Food will teach you all the necessary skills and techniques to get your teeth into meals you might never have thought of as food in the first place—and, crucially, how to recognize plants and animals that might end up doing you more harm than good. In today’s world, we rarely need to venture beyond the local supermarket and we turn our noses up at the thought of snacking on bugs and grubs. But out in the wild, Mother Nature has provided us with a plentiful supply of nutritious—if not always delicious—food for the taking. And when needs must, we just have to know where to look. Some of it might take you out of your comfort zone. Some of it might turn your stomach. But it’s saved my life more than once. And one day, it might save yours . . .”—BEAR GRYLLS

The complete guide to living in the wild from the ultimate survival expert In this essential guide to living wild, Bear Grylls reveals the secrets of his years of fieldcraft experience. This is the information you really need to know about living in the field from the man who has passed 21 SAS selection, climbed Everest and survived in some of the most inhospitable regions on Earth. In his inimitable style, Bear has thrown out everything that’s boring about scouting and fieldcraft and concentrated only on what’s exciting, inspirational and a little bit edgy. It’s all here, from mastering the art of making the perfect campfire and constructing the best camp, to navigating safely through all terrains in all weathers - with or without a map...The only other thing you'll need is this book! Bear Grylls served for three years with the British Special Forces - 21 SAS. He is a world-record-breaking adventurer, a bestselling author and one of the world’s most sought-after motivational speakers. Bear’s prime-time adventure tv series reaches over a bilion viewers worldwide in over 150 countries. He was recently awarded an honorary commission as a Lieutenant-Commander in the Royal Navy for his endeavours with both adventure and charity. He is married to Shara and they have three sons, Jesse, Marmaduke and Huckleberry. Tiny SURVIVAL GUIDE The Ultimate Guide to Scouting and Fieldcraft The Survival Handbook Extreme Wilderness Survival Living Wild A Life Insurance Policy in Your Pocket The Final Journey, Part Two

Over 200 Ways to Use Everyday Items for Wilderness Survival

PREPAREDNESS NOW! is the first comprehensive planning and action guide for urbanites and suburbanites who want to live more self-sufficiently and learn how to wisely provide for themselves and their loved ones in the face of any emergency or disaster. This book empowers individuals and communities to take care of themselves and each other in the face of any emergency and build more sustainable lifestyles along the way. Packed with checklists, resources, and step-by-step instructions, PREPAREDNESS NOW! has everything from home, office and car preparedness to information on Buckminster Fuller and building disaster-resistant geodesic domes. PREPAREDNESS NOW! is written by one of the most experienced experts in the field. Author Aton Edwards is Executive Director of the NYC-based non-profit organization, International Preparedness Network (IPN). IPN has worked with the Red Cross, Center for Disease Control, New York City Police Department, and other organizations to train thousands domestically and overseas to prevent and respond to emergencies and disasters. PREPAREDNESS NOW! provides years of wisdom gained from Edwards' first-hand experience and the experience of his extensive network of colleagues. You will learn basic and advanced techniques that will help you make the most informed choices for your own disaster plan- wherever you may live, and whatever your physical abilities and financial means. This manual delivers practical advice on: Building your emergency kits for home, car and officeWater Quality Control and StorageEmergency Shelter, Power, Lighting and HeatingEmergency Transportation, Communications and EvacuationExtreme weather preparednessChemical, Biowarfare and Nuclear PreparednessDefense against Infectious DiseasesPersonal Defense and Crime Prevention for the 21st Century HomeProcess' Self-Reliance Series is created to help urbanites make smart choices to live sustainably and self-sufficiently in the 21st century.

Are you ready to be an explorer? Do you know how to cope with searing heat and intense cold? Can you find food and water in the wild? Avoid deadly diseases? Fight back against man-eating beasts? Bear Grylls World Adventure Survival Camp will teach you everything you need to know to cope in all weather and terrain. The perfect gift for any young adventurers in training.

Haynes has joined forces with the Scout Association (who better?) to create this hands-on, inspirational manual for enjoying the great outdoors, whether hiking for the day or camping in the back of beyond. Featuring step-by-step guides to a range of key 'backwoods' skills such as trekking, navigating, camping, firelighting and cooking, backed by hundreds of colour photographs, this is the ultimate introduction to outdoor skills for families and anyone wanting to 'get out there'.

Lofty Wiseman is the foremost expert on survival training and this updated edition contains all the latest techniques as well as Lofty's timeless advice. All of it is rooted in the training techniques of the Special Air Service, the world's most famous elite fighting force.Whether you are a camper, a hiker, a sailor or anyone else engaged in outdoor pursuits, this book could actually save your life.Using clear line drawings and colour illustrations, survival techniques from the sea to the mountains and from the polar icecaps to the desert are described, complete with what to do in a whole range of medical and meteorological emergencies.This edition has been updated to reflect rapidly changing developments in communication, textile and survival technologies.

333 Skills That Will Get You Out Alive

Bear Grylls Survival Skills Handbook: Camping

Lone Survivor meets Marley & Me in this inspiring buddy memoir of an extraordinary service dog whose enduring love brought a wounded soldier back to life. A decade ago, Special Forces warrior Jason Morgan parachuted into the Central American jungle on an anti-narcotics raid. He'd served with the famous Night Stalkers on countless such missions. This one turned out very different. Months later, he regained consciousness in a US military hospital, with no memory of how he'd gotten there. The first words he heard were from his surgeon telling him he would never walk again. The determined soldier responded: “Sir, yes, I will.” After multiple surgeries, unbearable chronic pain, and numerous setbacks, Morgan was finally making progress when his wife left him and their three young sons. He was a single father confined to a wheelchair and tortured by his pain. At this very dark, very low point, Morgan found light: Napal, the black Labrador who would change his life forever. A Dog

Called Hope is the incredible story of a remarkable service dog who brought a devastated warrior back from the brink. It is the story of one funny, lovable dog's power to heal a family and teach a wounded man how to be a true father. It is the story of an amazing dog with boundless loyalty who built bridges between his wheelchair-bound battle buddy and the rest of able-bodied humankind. It is the story of how one very special dog gave a man's life true meaning. Humorous, intensely moving, and uplifting, Jason and Napal's heartwarming tale will brighten any day and lift every heart.

A practical and indispensable guide for anyone venturing into the outdoors and backcountry, this classic resource by wilderness expert Branford Angier is packed with illustrated core survival skills and timeless advice. Broken down into four essential sections, Sustenance, Warmth, Orientation and Safety, this useful manual reveals time-tested outdoor skills, including how to catch game without a gun, what plants to eat (full-color illustrations of these make identification simple), how to build a warm shelter, make clothing, protect yourself and signal for help. Pioneering survivalist Bradefore Angier helps you master the great outdoors without modern gear. Detailed illustrations and clear instructions offer crucial information at a glance, making How to Stay Alive in the Woods is truly a lifesaver.
