"Beauty begins. That's the point of this book. Our understanding of beauty got started somewhere and somehow, and probably due to someone. Now that may have been a good start, but then again it may not have." We live in a culture obsessed with beauty. Walk by any magazine stand or turn on a television and you'll be bombarded with the images and ideals that our culture believes are the definition of beautiful. And if you're like most women, you've probably spent countless hours trying to measure up to this standard whether you realize it or not. But if you don't make peace with your reflection, you'll end up declaring war on yourself. That's where mother-daughter team Chris Shook and Megan Shook Alpha want to help. In Beauty Begins, they challenge each of us to trade the pressure of perfection for God's perfect love. Poignant, relevant, and relatable, Beauty Begins is for every woman who wants to reclaim what it means to be truly beautiful.

This beautiful inspirational notebook is just for you. Get inspired by words of wisdom on every page.
