Recorded by native speakers, the audio material features the dialogues and texts from the book and will help develop your listening and pronunciation skills.

Focused on the recently hotly debated topic at the crossroads of various human and social sciences, this book investigates the emergence of the cosmopolitan idea of literature and its impact on the reconfiguration of the European and non-European political spaces. The birthplace of this idea is its designers ' traumatic experience as induced by the disconcerting condition of their abode.The thesis is that the eighteenth and nineteenth century ' s cosmopolitan projects that grow out of such deep frustrations trace the twentieth century ' s global democracy. This hidden origin of cosmopolitan projects dismantles the usual European representation of modernization as universal progress as myopic. Rather than being a generous action of prominent subjects such as Voltaire, Kant, and Goethe, or Bakhtin, Derrida and Deleuze, cosmopolitanism is an enforced reaction of the instances dispossessed by injury that search for the ways of healing it. Yet as soon as their remedy establishes itself as the ground for universal reconciliation, it risks suppressing other ' s trauma, i.e. turns from politics into a police. Articulating the author ' s position in the recent debates on the structure of democracy, the epilogue suggests an alternative strategy.

Written by a Gaelic language specialist in Nova Scotia, this handbook will appeal to anyone who loves Scottish culture, Celtic roots, and tattoos. It contains a glossary of nearly 400 authentic Gaelic words and phrases, a history of the language, examples of real-life Gaelic tattoos that went wrong, and advice on how to avoid common mistakes.

Provides 8,500 entries, a list of abbreviations and irregular verbs, and a grammar guide.

The book offers a comprehensive overview of forms of modern Irish within a general linguistic framework. Starting with information on the sociolinguistics of modern Irish and on the overall sound system of the language, it then proceeds with a tripartite division of the present-day language into northern, western and southern Irish. It gives specific information on the features of each dialect and considers many sub-divisions, using maps and tables to illustrate clearly what is the subject of discussion. There are several innovations in the book, such as a system of lexical sets which facilitate the description and analysis of variation and change in modern Irish. The data for the book stems from recordings of more than 200 speakers and all the statements made about the structure of Irish are based on native speakers' speech samples. These are supplied online with a software interface which allows users to quickly orient themselves among the varieties of Irish via clickable maps. A number of further issues are focused on in the book, such as the possibility of dialect reconstruction and the use of place-name evidence for determining the earlier distribution of Irish. Additional historical and background information is provided so that scholars and students without any previous knowledge of the language can readily grasp the themes and issues discussed.

Learning Gaelic as easy as 1-2-3 With this book, Gaelic is attainable for any beginning student. You can use Teach Yourself Gaelic Complete Course at your own pace or as a supplement to formal courses. This complete course is based on the very latest learning methods and designed to be enjoyable and user-friendly. Do you want to be able to listen to, speak, read and write Gaelic confidently? Do you want the convenience of being able to learn at home or on the move? Whether you are starting from scratch, or are just out of practice, Teach Yourself Complete Gaelic – Touch & Listen will guarantee success! Touch & Listen ebooks are a groundbreaking new approach to language learning that include recordings of pronunciation and conversations within the pages of the books themselves – right where you need them. In the past you used to have to juggle separate books and CDs/MP3s to master listening, speaking, reading and writing. Not anymore. Thanks to the latest enhanced ebook technology, you can learn and practise all four language skills plus grammar and vocabulary from a single ebook that you can read and listen to on your tablet device or smartphone. First, touch the on-screen play buttons and listen to native speakers conversing on scores of current topics. Then rewind. Or pause. Whatever you need to do to make sure you've fully understood what you have just listened to. When you are ready, complete the activities with the convenient notes feature. You are in control. It's that simple. STRUCTURE The course is structured in thematic units based on real-life situations and with an emphasis on communication, so that you effortlessly progress from introducing yourself and dealing with everyday situations, to using the phone and talking about work. NOT MUCH TIME? Get started with a 1-minute introduction to the key principles of the language. GRAMMAR Follow easy-to-manage steps to give you a clear understanding of the language. VOCABULARY Use clearly marked lists to make it easy to find and review the most useful vocabulary. DIALOGUES Touch & Listen to everyday dialogues to help you speak and understand fast. PRONUNCIATION Don't sound like a tourist! Perfect your pronunciation before you travel. INSIGHTS Look out for lots of instant help with common problems and quick tips for success, based on the author's many years of teaching experience. FEATURES Make full use of the wealth of convenient ebook features, including highlighting, making notes and a built-in dictionary. PROGRESS Rise to Level B1 of the Common European Framework for Languages: Can deal with most situations likely to arise whilst travelling in an area where the language is spoken. Can describe experiences and events, dreams, hopes and ambitions. TEST YOURSELF Use the unit tests to keep track of your progress. Teach Yourself Complete Gaelic Enjoy the familiarity of a book with the convenience of Touch & Listen technology at home or on the move, and let Teach Yourself and its highly experienced authors guide you every step of the way.

Manx, a Goidelic language spoken on the Isle of Man, is undergoing a Gaelic revival. The number of Manx speakers has increased tenfold in the last twenty years, and this linguistic descendant of old Irish now lays claim to its own drama groups, second language seminars, and even its own primary school. The government-sponsored Manx Heritage Foundation and the Manx Gaelic Advisory Council regulate and standardize the official use of Manx and have together commissioned this definitive guide to the language. Practical Manx covers the grammar, spelling, and pronunciation of Manx Gaelic, rendering it accessible to readers of all levels of competence, while an accompanying website provides an opportunity to observe intonation patterns and other features of this remarkable language.

Classical FORTRAN: Programming for Engineering and Scientific Applications, Second Edition teaches how to write programs in the Classical dialect of FORTRAN, the original and still most widely recognized language for numerical computing. This edition retains the conversational style of the original, along with its simple, carefully chosen subset language and its focus on floating-point calculations. New to the Second Edition Additional case study on file I/O More about CPU timing on Pentium processors More about the g77 compiler and Linux With numerous updates and revisions throughout, this second edition continues to use case studies and examples to introduce the language elements and design skills needed to write graceful, correct, and efficient programs for real engineering and scientific applications. After reading this book, students will know what statements to use and where as well as why to avoid the others, helping them become expert FORTRAN programmers.

A survey of medieval and early modern Scottish Gaelic poetry which studies the fixed set of literary conventions by which the court poets gave sanction to their patrons' leadership, an essential task which served to preserve the cohesion of society. This book is the first systematic collection and classification of this rhetoric of leadership.

Using research methods and techniques, the author closely analyses the emergence of the Irish language amongst republican prisoners and ex prisoners in Northern Ireland from the 1970's up until the present. This pioneering study shows how the language was used exclusively in parts of the prison, despite the efforts of the prison authorities to suppress the language, and the dramatic impact this had on Irish society. Drawing on interviews with the prisoners, and various other materials, Mac Giolla Chríost shows how these developments gave rise to the popular coinage of the term 'Jailtacht', a deformation of 'Gaeltacht' - the official Irish-speaking district of the Republic of Ireland, to describe this unique linguistic phenomenon.

Is this the right book for me? With over 24,000 translations, including everyday idioms and expressions, Essential Gaelic Dictionary is the perfect tool to support your Gaelic learning.
