As the Nazis march toward Paris in 1940, American ballerina Lucie Girard buys her favorite English-language bookstore to allow the Jewish owners to escape. Lucie struggles to run Green Leaf Books due to oppressive German laws and harsh conditions, but she finds a way to aid the resistance by passing secret messages between the pages of her books. Widower Paul Aubrey wants nothing more than to return to the States with his little girl, but the US Army convinces him to keep

his factory running and obtain military information from his German customers. As the war rages on, Paul offers his own resistance by sabotaging his product and hiding British airmen in his factory. After they meet in the bookstore, Paul and Lucie are drawn to each other, but she rejects him when she discovers he sells to the Germans. And for Paul to win her trust would mean betraying his mission. Master of WWII-era fiction Sarah Sundin invites you onto the streets of occupied Paris to discover whether love or duty will prevail.

This is a story of my life. I went on an adventure to find the real purpose and reason we are all here on this planet. It is a story about the miracles in my life. But the greatest miracle is the one

In this follow-up romantic thriller, single-mother Carmella DiPaolo heads to Oxford to study law where she meets the man of her dreams only to learn that she must make peace with a man from her past.

Lt. Raymond Novak prefers the pulpit to the cockpit, but at least his stateside job training B-17 pilots allows him the luxury of a personal life. As he courts Helen Carlisle, a young war widow and mother who conceals her pain under a frenzy of volunteer work, the sparks of their romance set a fire that flings them both into peril. After Ray leaves to fly a combat mission at the peak of the air war over Europe, Helen

It's 500 years after the nuclear holocaust that devastated the earth's population and left the few survivors dealing with unending winter. At their remote British boarding school, Wellington Jones and Heather McKenna have a lot in common. Both are misfits trying to avoid attention, and both are fascinated by Earl, a tall, calm, older boy with no recollection of his past, but a remarkable knack for showing up when he is needed most. When a blow to the head brings Earl's memory back, he claims that he is actually Merlin . . . a 2000-year-old wizard. Originally published in two volumes in the mid-1980s, Pamela F. Service's creative, futuristic spin on the Camelot legend will appeal to Arthurian purists and fantasy lovers alike.

In 1970, nine members of a Japanese New Left group called the Red Army Faction hijacked a domestic airliner to North Korea with dreams of acquiring the military training to bring about a revolution in Japan. The North Korean government accepted the hijackers—who became known in the media as the Yodog group, based on the name of the hijacked plane—and two years later they announced their conversion to *juche*, North Korea's new political ideology. Little was heard from the exiles until 1988, when a member of Yodog was unexpectedly arrested in Japan, and communications with the group opened up in the context of his trial. As a former Red Army Faction member, journalist Kōji Takazawa made several trips to North Korea, reestablished his ties to the group's leader Takamaro Tamiya, and helped to

publish the group's writings in Japan. After Kim Il Sung revealed that Yodog members had Japanese wives, Takazawa published a book of interviews with the women, but in the process became suspicious about the romantic stories they told. He also wondered about the members who were missing and learned more details in long, private conversations with Tamiya. After Tamiya's sudden death in 1995, Takazawa launched his own investigation of what the group had actually been doing for two decades, even traveling to Europe to follow traces there. An example of superb investigative journalism, *Destiny: The Secret Operations of the Yodog Exiles* offers Koji Takazawa's powerful story of how he exposed the Yodog group's involvement in the kidnapping and luring of several young Japanese to North Korea, as well as the truth behind their Japanese wives' presence in the country.

Takazawa's careful research was validated in 2002, when the North Korean government publicly acknowledged it had kidnapped thirteen Japanese citizens during the 1970s and 1980s, including three people whom Takazawa had connected to the Yodog hijackers. Embedded in his pursuit toward what truly happened to the Yodog members is Takazawa's personal reflection of the 1970s, a decade when radical student activism swept Japan, and what it meant to those whose lives were forever changed.
