"Compellingly chronicles one of the least studied great episodes of World War II with power and authority...A riveting read" (Donald L. Miller, New York Times bestselling author of Masters of the Air) about World War II's largest airborne operation—one that dropped 17,000 Allied paratroopers deep into the heart of Nazi Germany. On the morning of March 24, 1945, more than two thousand Allied aircraft droned through a cloudless sky toward Germany. Escorted by swarms of darting fighters, the armada of transport planes carried 17,000 troops to be dropped, via parachute and glider, on the far banks of the Rhine River. Four hours later, after what was the war's largest airdrop, all major objectives had been seized. The invasion smashed Germany's last line of defense and gutted Hitler's war machine; the war in Europe ended less than two months later. Four Hours of Fury follows the 17th Airborne Division as they prepare for Operation Varsity, a campaign that would rival Normandy in scale and become one of the most successful and important of the war. Even as the Third Reich began to implode, it was vital for Allied troops to have direct access into Germany to guarantee victory—the 17th Airborne secured that bridgehead over the River Rhine. And yet their story has until now been relegated to history's footnotes. In this viscerally exciting account, paratrooper-turned-historian James Fenelon "details every aspect of the American 17th Airborne Division's role in Operation Varsity...inspired" (The Wall Street Journal). Reminiscent of A Bridge Too Far and Masters of the Air, Four Hours of Fury does for the 17th Airborne what Band of Brothers did for the 101st. It is a captivating, action-packed tale of heroism and triumph spotlighting one of World War II's most under-chronicled and dangerous operations.

From Emily R. King, author of the Hundredth Queen series, comes an epic novel of ancient Greece, Titans and treachery, and the women who dare to rise up against the tyranny of the Golden Age. My mother told me that men would speak about the Golden Age as a time of peace and happiness for all... However, the women of our age would tell a very different story... Cronus, God of Gods, whose inheritance is the world. Among his possessions: women, imprisoned and fated to serve. The strong-minded Althea Lambros controls her own fate and lives to honor her dying mother's plea to protect her two sisters at all costs. Althea's journey toward crushing the tyranny has begun. It is a destiny foretold by the Fates. And she is following their visions. On the southern isle of Crete, hidden among mortal women who have fled the Titans, is the Boy God, son of Cronus and believed dead. He shares Althea's destiny to vanquish the Almighty--fate willing. Because Cronus has caught wind of the plot. He's amassing his own forces against Althea's righteous rebellion and all those who will no longer surrender or run. There will be war. If she's to survive to write their history, the indomitable Althea must soar higher than any god.

Jayne Erixour believes she knows everything about the universe. As a bounty hunter and assassin, she's seen the worst dregs of humanity and every sentient species ever spat out of a hell realm. To her, there is no truth outside of her blaster's recoil and her resolve to let no one get too close. Hadrian Scalera is on the run from the same brutal assassins who slaughtered every member of his family, both birth and foster. He has no refuge and no one he dares to call friend, as it will mean the end of them. He expects no mercy from anyone, until the day one assassin hesitates to pull the trigger. An assassin's code is simple: Kill or be killed. No prey, no pay. Every life has a price. If Jayne doesn't fulfill her contract and kill Hadrian, she'll be the next target on the League's menu. But as old enemies return to hunt them both, they quickly learn that neither will survive unless they can learn to trust each other. Yet things are never so simple and survival means only one of them can be left standing . . .

One of the fiercest soldiers the Phrixians have ever produced, Maris Sulle has been an outsider from the moment he was born different from the rest of his family. He grew up with a secret that cost him everything—his birthright, his family, and his military career. In all his life, he's only had one love, and he has sacrificed his own happiness to see his best friend reunited with the woman he loves. But now that his good deed is done, he feels lost and adrift. Even though they do their best to include him in their new family, Maris is once again on the outside looking in. Ture has spent his life hiding from everyone around him—his family, the world, you name it—while trying desperately to fit in. Badly hurt by everyone he's ever known, he trusts no one except his own best friend. And honestly, he can't understand why he trusts her. Nor can he believe her when she describes a loyalty between friends the likes of which he's never seen. But when Ture is in his darkest hour, he's saved by a hero he thought only existed in novels. A man who is every bit as scarred and mistrusting as he is—one who has no interest in being dragged into another relationship with anyone. Having spent his life as a living study of doomed relationships, Maris is well aware of the courtship and fiasco that invariably follows. Still, there is something about Ture he can't resist. Something that won't let him walk away when he knows he should. But when old enemies return to threaten them both, they either have to stand together or die alone.

From the acclaimed author of Mr. Dickens and His Carol, a richly-imagined reckoning with the life of another cherished literary legend: Mary Wollstonecraft – arguably the world's first feminist August, 1797. Midwife Parthenia Blenkinsop has delivered countless babies, but nothing prepares her for the experience that unfolds when she arrives at Mary Wollstonecraft's door. Over the eleven harrowing days that follow, as Mrs. Blenkinsop fights for the survival of both mother and newborn, Mary Wollstonecraft recounts the life she dared to live amidst the impossible constraints and prejudices of the late 18th century, rejecting the tyranny of men and marriage, risking everything to demand equality for herself and all women. She weaves her riveting tale to give her fragile daughter a reason to live, even as her own strength wanes. Wollstonecraft's urgent story of loss and triumph forms the heartbreakingly brief intersection between the lives of a mother and daughter who will change the arc of history and thought. In radiant prose, Samantha Silva delivers an ode to the dazzling life of Mary Wollstonecraft, one of the world's most influential thinkers and mother of the famous novelist Mary Shelley. But at its heart, Love and Fury is a story about the power of a woman reclaiming her own narrative to pass on to her daughter, and all daughters, for generations to come.

Years ago, family loyalty caused Fain Hauk to give up everything he loved: His military career. His planet. His fiancée. Even his name. Now decades later, everything has changed. But when old enemies align themselves with new ones, he's caught in the middle of a brutal war. And when fate throws his former fiancée back into his world and she has her own agenda that includes taking his head for what he did to her years ago, more than just his life is at stake. The fate of the Ichidian universe and that of his brothers-in-arms hangs in the balance. Winner take all. It's kill or be killed, and never has the battle been more fierce... In a universe where assassins make the law, everyone lives in fear- except Syn. Born of an illicit scandal that rocked a dynasty, he knows how to survive. But that was then, and the future is now. "There are things that it is impossible to learn when you are young, no matter how much you read and study." The season of fury and wonder, in Sharon Butala's world, is the old age of women. The lives of old women - women of experience, who've seen much of life, who've tasted of its sweetness and its bitter possibilities, and have developed opinions and come to conclusions about what they've learned. The stories of today's old women, who understand that they have been created by their pasts. But there's another layer to this standard-setting example of "cronicritique." Not content to rest on her conventional wisdom, Sharon Butala continues to push the boundaries of her art. The stories in Season of Fury and Wonder are all reactions to other, classic, works of literature that she has encountered and admired. The stories are told in various ways, inspired by and tributes to works by the likes of Raymond Carver, Willa Cather, James Joyce, Shirley Jackson, Flannery O'Connor, John Cheever, Alan Sillitoe, Ernest Hemmingway, Tim O'Leary, Allan Poe and Anton Chekhov.

Genius. The word connotes an almost unworldly power: the power to create, to grasp universal secrets, even to destroy. As renowned intellectual historian Darrin McMahon explains in Divine Fury, the concept of genius can be traced back to antiquity, when men of great insight were thought to be advised by demons. The modern idea of genius emerged in tension with a growing belief in human equality; contesting the notion that all are created equal, geniuses served to dramatize the exception of extraordinary individuals not governed by ordinary laws. Today, the idea of genius has become cheapened—rock stars and football coaches earn the term with seemingly the same ease as astrophysicists and philosophers—yet our enduring fascination with it reflects the desires, needs, and fears of ordinary human beings. The first comprehensive history of this mysterious yet foundational concept, Divine Fury follows the fortunes of genius from Socrates to Napoleon to Einstein and beyond, analyzing its democratization, disappearance, and potential rebirth.

Poetry. "If a girl, a virus, a horned animal, milkweed, an exchange of cash for dirty looks, the near-rhyme of greed to death, the names of all brutes, and a shroud in which was wrapped the erect ascendant all met in an ovum and, lodged deep in the earth's core, fused into a supernova. If, from that long ago time until this very moment—perhaps even into the future—that supernova were listening in on us, her grave canal located such that she were overexposed to US American politicovangelizing, all at once began to speak: this is what she says." —Danielle Pafunda
