Exploring the intersections of digital humanities and African diaspora studies How can scholars use digital tools to better understand the African diaspora across time, space, and disciplines? And how can African diaspora studies inform the practices of digital humanities? These questions are at the heart of this timely collection of essays about the relationship between digital humanities and Black Atlantic studies, offering critical insights into race, migration, media, and scholarly knowledge production. The Digital Black Atlantic spans the African diaspora’s range—from Africa to North America, Europe, and the Caribbean—while its essayists span academic fields—from history and literary studies to musicology, game studies, and library and information studies. This transnational and interdisciplinary breadth is complemented by essays that focus on specific sites and digital humanities projects throughout the Black Atlantic. Covering key debates, The Digital Black Atlantic asks theoretical and practical questions about the ways that researchers and teachers of the African diaspora negotiate digital methods to explore a broad range of cultural forms including social media, open access libraries, digital music production, and video games. The volume further highlights contributions of African diaspora studies to digital humanities, such as politics and representation, power and authorship, the ephemerality of memory, and the vestiges of colonialist ideologies. Grounded in contemporary theory and praxis, The Digital Black Atlantic puts the digital humanities into conversation with African diaspora studies in crucial ways that advance both. For fans of Michael Connelly and CJ Box, the fifth audacious and white-hot novel in the Charlie Hood series from New York Times bestseller and Edgar-award winner T. Jefferson Parker redefines the landscape of the thriller and shatters every expectation you ever had about the good guys and the bad. Now featuring an excerpt from his upcoming novel The Room of White Fire. When Benjamin Armenta, leader of the powerful Gulf Cartel, kidnaps songwriter Erin McKenna, his demands are as unique as the jungle fortress in which Erin is imprisoned. She ’s ordered to compose a narcocorrido, a folk ballad that will romanticize Armenta as one of the greatest desperadoes in Mexican history. Allowed to wander the hallways of the castle with only a guitar and a mysterious old priest to keep her company, Erin must produce the loveliest song these men have ever heard. Or she ’ ll be skinned alive. As Erin ’ s music wafts through the jungle, it serves as a siren call to the two men who love her: lawman Charlie Hood and Erin ’ s outlaw husband, Bradley Jones. They have the power to rescue her, but their long-simmering rivalry could very well compromise Erin ’ s deliverance and cause the ending of a life-and-death ballad to be rewritten in blood.

While on patrol on foggy March evening, Mike Bowditch receives a call for help. A woman has reportedly struck a deer on a lonely coast road. When the game warden arrives on the scene, he finds blood in the road - but both the driver and deer have vanished. The details of the disappearance seem eerily familiar. Seven years earlier, a jury convicted Erland Jefferts of the rape and murder of a college student and sentenced him to a life in prison. But when the missing woman is found brutalized in a manner that suggests Jefferts may have been framed, Bowditch receives a warning from state prosecutors to stop asking questions. For Bowditch, doing nothing is not an option. And as he closes in on his quarry, he suddenly discovers how dangerous his opponents are, and how far they will go to prevent him from bringing a killer to justice. Praise for The Poacher's Son: An excellent debut - filled with murder, betrayal and a terrific sense of place. C.J. Box. A stunning debut...At its heart this is a tale of bitter betrayal, lost hopes and broken dreams. The book has a tautness that is impossible to forget and which left me close to tears. It is also the first in a series. Its successor, Trespasser, also featuring Bowditch, is on the way. Grab him now. Daily Mail. Stunning vistas...eye popping scenes - The New York Times Book Review. This is a compelling, moving and utterly impressive debut - Andre Dubus III, author of House of Sand and Fog. The Poacher's Son is one of the best written debut novels I have read in years. This novel has it all - a great plot, a wonderful Maine woods setting and a truly remarkable and believable cast of characters. - Nelson de Mille.
