Two boys conquer their resentment of the other's claim to an abandoned sailboat when they realize it will require combined efforts to make it sail again.

Following his very popular collection Valparaiso, poet Bob Orr presents his new book Calypso. Orr's poems have a wistful yet forceful beauty, presenting images with depth, colour, light, and the narrative drive and cadences of a true storyteller. In the first of Calypso's four sections, 'Purple Octopus', the poet guides us on a voyage though space and time from Troy to Waiheke to San Francisco to Spain, through poems in which everything - clouds, ants, trains, winds, kites - and everyone are travelling, but only some are lost. In 'Seven Songs and an Anchor' Calypso sings of desks, chairs, bookshelves, typewriters, the ordinary things of the world made extraordinary. In the third section, he writes movingly of his family and his past with great simplicity and feeling. Finally, in 'Cicada Summer', Orr closes

with short, intensely New Zealand lyrics combining the everyday with a visionary sense of mystery and wonder. Written under the twin auspices of Bob Dylan ('While calypso singers laugh at them and fishermen throw flowers') and Lord Byron ('But not in silence pass Calypso's isles'), and encountering en route writers as diverse as Homer, Lorca, Blaise Cendrars and Apollinaire, Calypso is an entrancing new collection from Bob Orr.

In the collection of short stories entitled Curry Goat and Calypso, the author assumes the name of Juggernaut in exploring his thoughts and experiences from living and travelling in India, Trinidad, Jamaica and the United States. For example, in India Juggernaut explores the culture of Baba and idol worship; in Trinidad and Jamaica the easy going life style; in the United States the practices in the animal and yellow grease recycling business. In some stories, Juggernaut expresses his anguish over the bizarre sounding names given in the past to some tropical fruit and vegetable plants that now needs renaming to

reflect their true identity. A wide range of subject matter on local culture and practices was covered in the stories always trying to find some humor to entertain the readers.

What happens when teachers «relinquish the authority of truth providers»? Ninth grader Sasha Pringle, one of the student voices in Classroom Calypso, asserts that such a self-effacing posture empowers students by «releasing the writer within, » thereby fostering a critical, creative, and reflective disposition. Winthrop R. Holder re-represents students not as marginalized beings merely absorbing information but as subjects taking center stage and inscribing themselves into history. On their literary pilgrimage seeking self-knowledge, students, employing tale-telling, recast their classroom as a symposium - a place where popular culture orchestrates the discourse. This is an invaluable book for educators, parents, and anyone interested in understanding and facilitating the voices

of urban youth.

Steinberg Henry has composed for us this magical island adventure into song. It is made up of 14 segments and 119 chapters integrating leaps in consciousness, methods and disciplines with skill surprising. Calypso Drift passes by way of an island Parliament, Dread/Rastafari, memorable black-sand beaches, religious systems, the KwÉyòl language business, high-school learning remembrances, a touch of Kalinago sensibility and, American song selections on Caribbean radio in the 70s and 80s. The text leaps to record seven years of Dominican Calypso lyrics, contributing in the process to archiving an island's history. Calypso Drift implores us to listen again to warnings of our song-poets. This is a book for lovers of Calypso globally, one for culture enthusiasts. Those embracing entertainment education, history and the arts in general should find its methods provocative. Students in the natural and social sciences can comfortably uncover themselves herein. And most of all, musicians, song-writers, composers and performers of Calypso find space in its consuming fire. Drift, globality is inside!

Red Calypso tells the story of Grenada's fall to Marxist

tyranny and the United States' rescue of the island from a violent and fanatical government. When Maurice Bishop took over the government of Grenada establishing a one-party state on Leninist principles, he did not know that he would one day fall victim to his own machinery. The terror, corruption, and absurdity of Bishop's regime have never been described so vividly as in this eye-witness account which analyses the brief experiment in Grenadian communism and the American invasion which ended it. 'Sedaris is the premier observer of our world and its weirdnesses' Adam Kay, author of This is Going to Hurt 'He's like an American Alan Bennett' Guardian A New York Times Notable Book of 2018 'Entrancing . . . This book allows us to observed not just the nimble-mouthed elf of his previous work, but a man in his seventh decade expunging his darker secrets and contemplating mortality . . . The brilliance of David Sedaris's writing is that his very essence, his aura, seeps through the pages of his books like an intoxicating cloud, mesmerising us so that his logic becomes ours' Alan Cumming, Scotsman If you've ever laughed your way through David Sedaris's cheerfully misanthropic stories, you might think you know what you're getting with Calypso. You'd be wrong. When he buys a beach house on the Carolina coast, Sedaris envisions long, relaxing vacations spent playing board games and lounging in the sun with those he loves most. And life at the Sea Section, as he names the vacation home, is exactly as idyllic as he imagined, except for one tiny, vexing realization: it's impossible to take a vacation from yourself. With Calypso,

Sedaris sets his formidable powers of observation toward middle age and mortality. Make no mistake: these stories are very, very funny - it's a book that can make you laugh 'til you snort, the way only family can. Sedaris's writing has never been sharper, and his ability to shock readers into laughter unparalleled. But much of the comedy here is born out of that vertiginous moment when your own body betrays you and you realize that the story of your life is made up of more past than future. This is beach reading for people who detest beaches, required reading for those who loathe small talk and love a good tumour joke. Calypso is simultaneously Sedaris's darkest and warmest book yet - and it just might be his very best.

LONGLISTED FOR THE INTERNATIONAL IMPAC DUBLIN LITERARY AWARD 1938 is a tumultuous year on the small Trinidadian island of El Caracol, which houses a leper colony and a convent. In the sultry heat of the dry season a young orphan, Theo, is sent to live with the island's doctor, Vincent Metivier. The doctor knows little of Theo's past, only that it has been troubled and that he now needs love and attention. As Theo settles into the rhythm of life in El Caracol, he begins to

unburden himself of his demons. Every night, he sleeptalks his own strange, disturbing calypso about his childhood. Vincent listens and, gradually, learns what demons still haunt the boy's mind. And as his friendship with the passionate, unpredictable nurse Sister Weil intensifies, Vincent finds his settled life spirally dangerously out of control, as war in Europe looms on the horizon. A richly sensual, heartfelt novel, Night Calypso is the work of one of the world's most imaginative writers.

Bohemian Calypso contradicts the saying of postmodern literature as being exhausted. The novellete seeks new ways of exploring the art of literature. The author has coined new idioms, new thoughts, new ideas, epiphanies and the book aims to mingle literature with philosophy and music.

This is my story and journal of my experience with breast cancer. I started journaling about it shortly after I was diagnosed, knowing that this journey was going to be a long one. The journey was actually a blessing in many ways, so I don't think of it as a negative experience. It was just one of the many experiences in life that make you who you are. I had great support, a positive

attitude, and a sense of humor. In other words, I was well armed for the battle!

Calypso Magic

When a rich, white American yachtsman is indicted for murder of a local black launch-tender in the Caribbean island of Saint Vincent a conservative news commentator stirs up a media circus by championing the yachtsman and criticizing the weakness of the case with tactics that demean the local prosecutor. Facing worldwide embarrassment and condemnation for indicting the yachtsman without substantive

evidence, the prosecutor engages an investigator to bolster his charge. That man, a retired New York City detective had been cruising the archipelago in his refurbished 32-foot sailboat. Born in the Bronx of Puerto Rican parents the 51-year-old ex-cop pugnaciously probes every avenue relative to the case in his determination to clear the case and prove he deserves accolades the deputy commissioners of the NYPD denied him. Not withstanding the lack of physical evidence, he utilizes street smarts along with natural intelligence and twenty-eight years of cop experience to connect the killing to diamond smuggling. But unable to unequivocally connect the yachtsman to the suspected diamond smugglers, the detective worries that he railroads an innocent fellow American. On the other hand, having suffered as the victim of bigotry for much of his life, as well as treated as an inferior by the affluent and influential, he is tempted to partake of the sweet taste of payback. Steadily increasing antagonism developing between the cocky ex-cop and the stuffy prosecutor (steeped in pedantic English tradition) complicates working arrangements. But that doesn't deter the ex-cop, whose unwavering investigation leads to rooting out a shrewd but cold-hearted Armenian and his

cohorts: a robust Jamaican and a shifty Frenchman. Along the way the ex-cop encounters a foxy local gal who lights all of his fires. But all too often her self-sufficiency and individualism, as well as oft-times cankerous attitude, culminates in a rocky, while torrid, relationship.

Between 1945 and 1965 rhythm and blues artists made dozens of recordings incorporating West Indian calypso. This book draws musical and cultural connections that make the case for recognizing the significance of West Indian calypso in the history of African American popular music.

Calypso, with its diverse cultural heritage, was the most significant Caribbean musical form from World War I to Trinidad and Tobago Independence in 1962. Though wildly popular in mid-1950s America, Calypso--along with other music from "the island of the hummingbird"--has been largely neglected or forgotten. This first-ever discography of the first 50 years of Trinidadian music includes all the major artists, as well as many obscure performers. Chronological entries for 78 rpm recordings give bibliographical references, periodicals, websites and the recording locations. Rare field recordings are cataloged for the first time, including East Indian and

Muslim community performances and Shango and Voodoo rites. Appendices give 10-inch LP (78 rpm), 12-inch LP (33 1/3 rpm), extended play (ep) and 7-inch single (45) listings. Non-commercial field recordings, radio broadcasts and initially unissued sessions also are listed. The influence of Trinidadian music on film, and the "Calypso craze" are discussed. Audio sources are provided. Indexes list individual artists and groups, recording titles and labels.

In original and insightful ways, Caribbean writers have turned to Jewish experiences of exodus and reinvention, from the Sephardim expelled from Iberia in the 1490s to the "Calypso Jews" who fled Europe for Trinidad in the 1930s. Examining these historical migrations through the lens of postwar Caribbean fiction and poetry, Sarah Phillips Casteel presents the first major study of representations of Jewishness in Caribbean literature. Bridging the gap between postcolonial and Jewish studies, Calypso Jews enriches cross-cultural investigations of Caribbean creolization. Caribbean writers invoke both the 1492 expulsion and the Holocaust as part of their literary archaeology of slavery and its legacies. Despite the unequal and sometimes fraught relations between Blacks and Jews in the Caribbean before and after emancipation, Black-Jewish literary encounters reflect sympathy and identification more than antagonism and competition. Providing an alternative to U.S.-based

critical narratives of Black-Jewish relations, Casteel reads Derek Walcott, Maryse Condé, Michelle Cliff, Jamaica Kincaid, Caryl Phillips, David Dabydeen, and Paul Gilroy, among others, to reveal a distinctive interdiasporic literature.
