La camisa de Isabel la Católica, el negro inquisitorial de Felipe II, las figuras populares de gitanas, toreros, chulapas y chulos, prendas como la mantilla o nombres como Cristóbal Balenciaga, Amancio Ortega y Zara son algunos de los hitos y tópicos de la historia de la moda española. Sin embargo, su evolución revela un mundo mucho más complejo en el que es posible constatar cómo el fenómeno de la moda nos permite comprender los cambios y pervivencias de las mentalidades, los gustos y las identidades colectivas e individuales, configurándolos y a la vez reflejándolos. Este libro emprende un recorrido por la historia del traje y del vestir desde sus orígenes en la península hasta la actualidad para mostrar su alcance y difusión, sus peculiaridades y tendencias, la influencia internacional de la cultura española y sus estereotipos, así como las tensiones entre los estilos autóctonos y extranjeros, lo tradicional y lo nuevo.

España es un recorrido global por las principales categorías del traje –histórico, tradicional, religioso y militar– desde los orígenes hasta la actualidad. Esta concebida como una obra de consulta que permite fácilmente localizar períodos, bloques temáticos e hitos en la historia de la indumentaria española por parte del lector, contando con el apoyo de la documentación gráfica y el glosario. Partiendo de las formas más primitivas de protección del cuerpo aparecidas en la Prehistoria, y continuando por las primeras huellas del vestido español en la cultura ibérica, el discurso del libro realiza un estudio del traje en España, atendiendo a los rasgos autóctonos y su relación con las corrientes culturales internacionales o su distanciamiento de ellas a través de los siglos, finalizando con una aproximación al estado actual de la moda.

**Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully**

reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

Introducción a la historia de la indumentaria en España

Compendio de indumentaria española con un preliminar de la historia del traje y el mobiliario en los principales pueblos de la Antigüedad

Spain and Spanish America in the Libraries of the University of California: The Bancroft library

Jon Stobart and Johanna IImakunnas bring together a range of scholars from across mainland Europe and the UK to examine luxury and taste in early modern Europe. In the 18th century, debates raged about the economic, social and moral impacts of luxury, whilst taste was viewed as a refining influence and a marker of rank and status. This book takes a fresh, comparative approach to these ideas, drawing together new scholarship to examine three related areas in a wide variety of European contexts. Firstly, the deployment of luxury goods in displays of status and how these practices varied across space and time. Secondly, the processes of communicating and acquiring taste and luxury: how did people obtain tasteful and luxurious goods, and how did they recognise them as such? Thirdly, the ways in which ideas of taste and luxury crossed national, political and economic boundaries: what happened to established ideas of luxury and taste as goods moved from one country to another, and during times of political transformation? Through the analysis of case studies looking at consumption practices, material culture, political economy and retail marketing, *A Taste for Luxury in Early Modern Europe* challenges established readings of luxury and taste. This is a crucial volume for any historian seeking a more nuanced understanding of material culture, consumption and luxury in early modern Europe.
