The name of Francis Poulenc (1899-1963) was first brought to prominence in the 1920s as a member of Les Six, a group of young French composers encouraged by Satie and Cocteau. His subsequent fame spread well beyond France, and he is coming to be regarded as one of this century's most significant composers. His compositions are heard constantly in concert halls the world over, and numerous recordings, including complete sets of songs and piano music, have been released. Books, articles and more than a dozen doctoral dissertations have discussed his music. Carl Schmidt's catalogue of Poulenc's works represents the first comprehensive attempt to list an oeuvre which numbers approximately 185 compositions written from his teenage years until his death at the age of 63. The Catalogue indentifies a number of unpublished works, and adds a small group of compositions to his musical canon for the first time. Each work, whether complete or unfinished, published or unpublished, is described fully. Catalogue entries list and describe all known printed editions (including reprints) and manuscript copies of each work. In addition, they provide detailed compositional histories based on numerous letters, documents, and press accounts, many of which have not been published previously. Russian interest in Poulenc's music, manifested in press runs exceeding one million copies, is also revealed for the first time.

***Tonal Space in the Music of Antonio Vivaldi incorporates an analytical study of Vivaldi's style into a more general exploration of harmonic and tonal organization in the music of the late Italian Baroque. The harmonic and tonal language of Vivaldi and his contemporaries, full of curious links between traditional modal thinking and what would later be considered common-practice major-minor tonality, directly reflects the historical circumstances of the shifting attitude toward the conceptualization of tonal space so crucial to Western art music. Vivaldi is examined in a completely new context, allowing both his prosaic and idiosyncratic sides to emerge clearly. This book contributes to a better understanding of Vivaldi's individual style, while illuminating wider processes of stylistic development and the diffusion of artistic ideas in the 18th century.***

**From the New York Times review of the Dallas Opera's performance of Orlando furioso and the international symposium on Baroque opera: ". . . it was a serious, thoughtful, consistent and imaginative realization of a beautiful, long-neglected work, one that fully deserved all the loving attention it received. As such, the production and its attendant symposium made a positive contribution to the cause of Baroque opera . . . ." Baroque opera experienced a revival in the late twentieth century. Its popularity, however, has given rise to a number of perplexing and exciting questions regarding literary sources, librettos, theater design, set design, stage movement, and costumes—even the editing of the operas. In 1980, the Dallas Opera produced the American premier of Vivaldi's Orlando furioso, which met with much acclaim. Concurrently an international symposium on the subject of Baroque opera was held at Southern Methodist University. Authorities from around the world met to discuss the operatic works of Vivaldi, Handel, and other Baroque composers as well as the characteristics of the genre. Michael Collins and Elise Kirk, deputy chair and chair of the symposium, edited the papers to produce this groundbreaking study, which will be of great interest to music scholars and opera lovers throughout the world. Contributors to Opera and Vivaldi include Shirley Wynne, John Walter Hill, Andrew Porter, Eleanor Selfridge-Field, Howard Mayer Brown, William Holmes, Ellen Rosand, and the editors.**

MAC THE DOG

A Catalogue

A Directory of Published Band Music

Published in 1913, a two-volume biography, in English translation, of the celebrated concert pianist, teacher and wife of composer Robert Schumann.

Mac the Dog is a historical and futuristic novel. It follows Andy Callahan from his birth in 1944 to his death in 2024. It follows Madeline Jones from her childhood in 1990 to her mid-thirties. It's a simple story of a once great, proud and heroic nation that was turned upside down by domestic enemies. It tracks that nation's descent into greed, corruption, violence, drugs, profligate profiteering and imperialism. It documents the bravery of the few, the herd mentality of too many, and the nation's fall from grace.
