Why does the Snow Queen capture Kai and take him to her Ice Palace? Who helps Gerda find Kai? What are the secrets the Snow Queen keeps from Kai in her frozen heart? Why is this story called an Eco Tale? Is this the end or the beginning of the Snow Queen?

A romantic interpretation of French country style in a California cottage. With beautiful photography and a tale about a little forgotten house that could, Courtney shares the story of her renovation of a 1940s cottage in the California countryside. An abandoned vacation house, set in the center of rolling fields and trees becomes the cottage home of her dreams . . . a French country style cottage filled with original elements and an exquisite mix of rustic and refined. The years of renovation allowed Courtney to create a lifestyle that is fueled by inspiration and beauty, a touch of whimsy, and an abundance of everyday elegance. The journey has been shared on her popular blog *French Country Cottage*, and now, through the publication of her first book, her readers will experience a reveal of more of her home and property and the inspirations behind her beloved style. Courtney's inspiring photography reveals every nuance of her style and home including a muted color palette, old brass door knobs, chippy paint, antiques, her greenhouse and garden, and an abundance of entertaining and holiday decorating style. Blurring the lines between indoor and outdoors and embracing well worn as well loved, *French Country Cottage* is a style that celebrates simplicity, indulges in romance, cherishes pieces with history and believes a chandelier and fresh flowers belong in every room. A freelance photographer and author of the blog *French Country Cottage*, Courtney also works as an editor, brand ambassador and designer. She has a floral collection with Balsam Hill and with several licensed collections launching in 2018 and 2019, Courtney's product lines

will join her long list of creative accomplishments. Her photography and home has been featured in magazines in the US and Europe including several cover shots. Courtney is a mother of three and lives in her vintage cottage in the California countryside with her husband and adopted dog Sweet Pea; you can often find her with camera in hand capturing a whimsical moment.

Enjoy the ease and charm of country style, no matter where you live. With 750 tips from the editors at Country Living, this far-reaching, sumptuously photographed book is your guide to every aspect of the good life. Country decorating is all about feeling comfortable and relaxed. The characteristic furnishings are not only appealing, but also practical. Hand-painted tile back-splashes add bright color to a kitchen and stand up well when exposed to cooking steam, while louvered shutters look inviting whether they're closed to provide privacy or open to let sunlight in. Antiques are essential to this style for both their beauty and the history they evoke. Learn what to look for in the antiques that are popular with collectors. Detailing and size, for example, affect the value of whimsical chocolate molds. Be sure to consider the crispness of the colors and patterns on brown-and-white transferware. Country crafts are an integral part of country decor. Try striking yet simple projects like these to fill your home with warmth and personality: a colorful berry and vine wreath enlivens a front door, pretty pressed-leaf curtains bring the outdoors in, and a padded headboard dresses up a bed. The romance of country is epitomized in the garden, where you can get away from the everyday world in your own lush haven. Follow the tips for planting grass in and around your garden and you'll have a beautiful lawn to be proud of. Plant hydrangeas -- they stage a brilliant transformation from the sky blues, purples, and pinks into gorgeous autumnal hues after most flowering shrubs and perennials have gone for the season. Then take advantage of all your hard work by planning a late-summer garden party! One of the best features of country living is delicious, home-style cooking. Add to your recipe collection with such comfort foods as Cranberry Cornmeal Pancakes, Chutney-Glazed Pork Tenderloin, Americana Potato Salad, and Pear Maple Upside-Down Cake. Bonus: Close-up profiles of country icons, including Adirondack chairs, wedding ring quilts, watering cans, and more. Book jacket.

Before taking out the brush, dip into this manual that demystifies every traditional and modern paint technique, from aging and antiquing to sponging, ragging, and crackling, from stenciling to freehand drawing. Remarkable color photos reveal a myriad of marvelous possibilities, and comprehensive instructions for each technique make it easy to create the look you want.

"Great design doesn't exist in a vacuum, and" *Designers on Designers* "proves that behind every bright idea is a startling inspiration. Susan Gray lets the world's top designers tell their own stories about who and what influenced their work. The result is funny and poignant, wry and informed.

And truly inspired." -- Mitchell Owens, ELLE Decor "The personal inspiration we gain from others in our field makes for fascinating and thought-provoking reading. I love seeing what my colleagues have learned from others; my own experience has been expanded by their insights."-- Michael Graves, Architect and Product Designer In these pages, you will discover how Orlando Diaz-Azcuy's admiration for the work of John Dickinson led to his firm's perennial quest for design perfection. Married designers Ashley and Allegra Hicks disclose an intimate view of Ashley's father, David Hicks, Britain's most celebrated interior designer -- who was so obsessed with design that he checked himself out of the hospital while dying because of the overabundance of plastic and the nurses' unappealing apparel. For contrast, Cuban-born, multi-talented Manhattan designer Vincente Wolf offers a different and distinctive view of David Hicks's great appeal. You will share Bunny Williams's appreciation of Sister Parish and that designer's comfortable, timeless, and witty sense of style. New York society decorator Thomas Jayne gives you new insight into the Edith Wharton and Ogden Codman classic "The Decoration of Houses," still used as a textbook a century after its original publication. Open this book and meet masters of design -- Billy Baldwin, Donald Deskey, Dorothy Draper, Elsie de Wolfe, Philippe Starck, Michael Taylor, Rose Cumming -- and their admirers Thomas Britt, William Sofield, Carleton Varney, Suzanne Rheinstein, John Stefanidis, and more than a dozen other great names of interior design. With color, wit, and passion, "Designers on Designers" sensuously captures the essence, soul, and inspiration of the mastery of interior design. On designers and by designers, it is a sumptuous work that architects, amateur decorators, and designers themselves will be powerless to resist. THE GREAT on THE GREAT: Pamela Banker on Sir John Soane Mattia Bonetti on Jean Royere Thomas Britt on Billy Baldwin Robert Couturier on Germain Boffrand, Eileen Gray, and Emilio Terry Elissa Cullman on Henry Francis du Pont Orlando Diaz-Azcuy on John Dickinson Jamie Drake on Stephane Boudin Arthur Dunnam on Jed Johnson Ronald A. Our dream was to live for a year in Europe. That could be every baby boomer's dream. In pursuing this odyssey, and traveling through Italy, France, Spain and the Netherlands, Lisa and I found that we had accidentally traced the history of Western art from city to city, artist to artist, genre to genre. We had traveled from ancient Rome to the Middle Ages and on to the Gothic churches, the Renaissance, the Baroque, Neoclassicism, Impressionism, Cubism and Surrealism. We followed great

writers through their cafés and restaurants. And along the way, we found ourselves, and rediscovered each other, through art, philosophy and literature. We became immersed in the culture, food and people of each country, and in doing so, we created a guide for your journey. We chronicled our breakthroughs and epiphanies as well as our screw-ups and humorous mistakes so you can take advantage of what we learned.

Explains how to transform small but awkward spaces into appealing, cozy corners, offering dozens of ingenious decorating approaches and design ideas in such sections as Themes and Collections, Forgotten Spaces, Crafting Corners for Pets, and more, along with advice on creating storage and seating, theme decorating, color choices, and do-it-yourself projects.

The year 1929 was devastating for America. It was the beginning of the Great Depression, which led to our country's economic collapse. The author, also born in 1929, lived through those challenging Depression years, experiencing firsthand the many adaptations and sacrifices needed to survive those trying times. Now some eighty-eight years later, the author looks back to review those key principles that helped folks survive those challenging 1930s. Although the times we are living in today are radically different than in those Depression years, the author holds to the belief that if these same key principles are followed by America's working class today, they will be more successful in meeting the challenge of our ever-changing, complex society. This book offers some suggested guides that should aid today's workers in achieving increased financial independence by following these same key principles, with grandpa's retirement rocking chair as the goal!

The Tokyo New City Guide goes far beyond the well-worn tourist itineraries and deep into the complex, highly contrasted heart of one of the world's largest and most exciting cities. This lively, up-to-the-minute Japan travel guide covers modern Tokyo like no other. Here's where you will find the ideal balance between the still-extant traditional Japan with its temples, way of life, arts and crafts, kimono, festivals, customs and cuisine and the crowded futuristic technopolis of electronics, high fashion, contemporary art and architecture, and gastronomic experiences from the four corners of the globe. Bewildering at times, the coexistence of such contrasts is precisely what makes Tokyo tick. More than just a perfunctory Tokyo guide, this is a handbook for life in contemporary Tokyo. The style is informative, absorbing and witty and, where due, refreshingly frank and critical. Bursting at the seams with information, it is not only invaluable for the short term visitor or the newcomer, but likely to send even the most jaded

long-term residents off to explore some new horizons of their many-faceted adopted home.

Decorating decisions for today's living and dining rooms are rooted first in our lifestyles. How the room is going to be used will govern everything from the type and style of furnishings, window treatments and lighting, to the colors on the wall. No matter what your situation, formal or casual, open concept or divided spaces, bestselling author and dynamic TV host Debbie Travis offers enduring styles with 60 stunning projects that will transform your living and dining spaces into the favorite rooms in your home.
