The series, Studies of the Bible and Its Reception (SBR) publishes monographs and collected volumes which explore the reception history of the Bible in a wide variety of academic and cultural contexts. Closely linked to the multi-volume project Encyclopedia of the Bible and Its Reception (EBR), this book series is a publication platform for works which cover the broad field of reception history of the Bible in various religious traditions, historical periods, and cultural fields. Volumes in this series aim to present the material of reception processes or to develop methodological discussions in more detail, enabling authors and readers to more deeply engage and understand the dynamics of biblical reception in a wide variety of academic fields. Further information on „The Bible and Its Reception“.

Between 1932 and 1934, José Clemente Orozco painted the twenty-four-panel mural cycle entitled The Epic of American Civilization in Dartmouth College's Baker-Berry Library. An artifact of Orozco's migration from Mexico to the United States, the Epic represents a turning point in his career, standing as the only fresco in which he explores both US-American and Mexican narratives of national history, progress, and identity. While his title invokes the heroic epic form, the mural indicts history as complicit in colonial violence. It questions the claims of Manifest Destiny in the United States and the Mexican desire to mend the wounds of conquest in pursuit of a postcolonial national project. In Orozco's American Epic Mary K. Coffey places Orozco in the context of his contemporaries, such as Diego Rivera and David Alfaro Siqueiros, and demonstrates the Epic's power as a melancholic critique of official indigenism, industrial progress, and Marxist messianism. In the process, Coffey finds within Orozco's work a call for justice that resonates with contemporary debates about race, immigration, borders, and nationality.

Focusing on the specific case of Acolhuacan in the eastern Basin of Mexico, Pueblos within Pueblos is the first book to systematically analyze tlaxilacalli history over nearly four centuries, beginning with their rise at the dawn of the Aztec empire through their transformation into the “pueblos” of mid-colonial New Spain. Even before the rise of the Aztecs, commoners in pre-Hispanic central Mexico set the groundwork for a new style of imperial expansion. Breaking free of earlier centralizing patterns of settlement, they spread out across onetime hinterlands and founded new and surprisingly autonomous local communities called, almost interchangeably, tlaxilacalli or calpolli.

Tlaxilacalli were commoner-administered communities that coevolved with the Acolhua empire and structured its articulation and basic functioning. They later formed the administrative backbone of both the Aztec and Spanish empires in northern Mesoamerica and often grew into full and functioning existence before their affiliated altepetl, or sovereign local polities. Tlaxilacalli resembled other central Mexican communities but expressed a local Acolhua administrative culture in their exacting patterns of hierarchy. As semiautonomous units, they could rearrange according to geopolitical shifts and even catalyze changes, as during the rapid additive growth of both the Aztec Triple Alliance and Hispanic New Spain. They were more successful than almost any other central Mexican institution in metabolizing external disruptions (new gods, new economies, demographic emergencies), and they fostered a surprising level of local allegiance, despite their structural inequality. Indeed, by 1692 they were declaring their local administrative independence from the once-sovereign altepetl. Administration through community, and community through administration—this was the primal two-step of the long-lived Acolhua tlaxilacalli, at once colonial and colonialist. Pueblos within Pueblos examines a woefully neglected aspect of pre-Hispanic and early colonial Mexican historiography and is the first book to fully demonstrate the structuring role tlaxilacalli played in regional and imperial politics in central Mexico. It will be of interest to students and scholars of Latin American ethnohistory, history, and anthropology.

Often recognized as one of the happiest countries in the world, Denmark, like its Scandinavian neighbours, is known for its progressive culture, which is also reflected in its national cinema. It is not surprising, then, that Danish film boasts as many successful women film directors as men, uses scripts that are often co-written by both the director and the screenwriter, and produces among the highest numbers of queer films directed by and starring women. Despite all this, Danish film is not widely written about, especially in English. Inclusion in New Danish Cinema brings this vibrant culture to English-language audiences. Meryl Shriver-Rice argues that Denmark has

demonstrated that film can reinforce cultural ethics and political values while also navigating the ongoing and mounting forces of digital communication and globalization.

Roving vigilantes, fear-mongering politicians, hysterical pundits, and the looming shadow of a seven hundred-mile-long fence: the US-Mexican border is one of the most complex and dynamic areas on the planet today. Hyperborder provides the most nuanced portrait yet of this dynamic region. Author Fernando Romero presents a multidisciplinary perspective informed by interviews with numerous academics, researchers, and organizations. Provocatively designed in the style of other kinetic large-scale studies like Ren Koolhaas's Content and Bruce Mau's Massive Change, Hyperborder is an exhaustively researched report from the front lines of the border debate.

Follow the footsteps of history with the world's first and only comprehensive guide covering the entire Pacific Theater. Directions to everything from jungle relics and city museums to landing beaches and hallowed battlefields. More than 500 individual points of interest and detailed histories. With maps of all sites and more than 40 color photos. In-depth travel information and Insider tips. Accommodations close to major sites and spectacular beaches. Never before documented sites. For the casual traveler or dedicated war buff, this unique, all-encompassing guide is an essential part of any trip to Asia or the Pacific. Meticulous, up-to-date research makes getting to sites easy, leaving plenty of time to enjoy the beaches and other famed attractions of some of the most beautiful islands and vibrant cities in the world.

Now in brilliant full color, Otolologic Surgery, 4th Edition, by Drs. Derald Brackmann, Clough Shelton, and Moses A. Arriaga, offers comprehensive, step-by-step coverage of the full range of surgeries of the ear and skull base. Through crisp line drawings, high-quality photographs, and more than 50 procedural videos online, it provides detailed visual guidance that highlights the clinical expertise of dozens of the most respected specialists in the field. From cover to cover, you'll find the authoritative guidance you need to hone your surgical skills and ensure optimal outcomes for your patients. . Step-by-step coverage includes discussions of alternate approaches and controversial issues, as well as patient evaluation, patient selection, and patient counseling for every procedure. Detailed, color illustrations and photographs depict the full range otologic surgical techniques. New sections cover pediatric aspects of numerous procedures and considerations for revision surgeries. Meticulous updates throughout reflect the latest surgical procedures and practices, including changes in existing techniques. Your purchase entitles you to access the web site until the next edition is published, or until the current edition is no longer offered for sale by Elsevier, whichever occurs first. Elsevier reserves the right to offer a suitable replacement product (such as a downloadable or CD-ROM-based electronic version) should access to the web site be discontinued.

This book honors classical guitarist Benjamin Verdery, professor at the Yale School of Music. It contains personal reflections from his friends and colleagues illustrating Verdery's influence on his peers, his students, and the classical guitar world; features of his musical career; and characteristics of his personality.
