as private capital moves freely around the world in search of the best trade-off between risk and return. However, they have also been strongly criticised for failing to spot the Asian crisis in the early 1990s, the Enron, WorldCom and Parmalat collapses in the early 2000s and finally for their ratings

Departement Van
Onderwys

markets. It avoids the sensationalist approach often associated with studies of rating scandals and the financial crisis, and instead provides an objective and critical analysis of the business of ratings. The book will be of practical use to any individual who has to deal with ratings and the ratings industry

in their day-to-day job.

Reviews "Rating

agencies fulfil an

important role in the

capital markets, but

given their power, they

are frequently the

object of criticism.

Some of it is justified

but most of it portrays a

lack of understanding

of their business. In

their book The Rating

Agencies and their
