101 fun facts and answers to prehistoric creatures including tanystopheus, purussaurus, hynertia, enteledont, ankylosaurus and many more.

This book is more than an overview of race. While it includes haplographic studies and ancestry tracing, there is still a lot that is unknown about who we are as a HUMAN race. The story begins with the first people who lived with dinosaurs and the massive mutations occurring 5 thousand and 10 thousand years ago. Why these happened are important when tracing our ancestry. This study does not cover the near term expansion and massive mixing of races. What it does is look for beginnings and endings.

Both suggest mutation, separation, migration, and adaptation in a world that is just a changing as race.

First Big Book of Dinosaurs

From the Days of Dirt is the memoir of Marcus Hastings, a rebellious teenager who grew up in Maine in the 1990's. Marcus believed it was his mission as a young person to have as much fun as possible by causing high-quality mischief. Even when he isn't looking for trouble, which isn't often, trouble seems to find him. Marcus' journal entries trigger a series of stories chronicling his crooked, haphazard journey into adulthood. His cynical and oddly refreshing perspective on what it means to feel alive finds humor in just about everything- whether that be setting his pants on fire, falling in love or being thrown in jail. Many of his recollections are timeless and relatable. We all had that crazy friend or that weird neighbor, and if not, now you do.

A brief, but, elegant, & interesting story about a young woman, new African American flight attendant, entering the job as a scab breaker, during a strike. Hired on the spot, during an intensive interview and trained in Miami, Florida. She leaves a job from the steel industry wearing a hard hat, work uniform, and steel toed shoes, and takes on the elegance of wearing a flight attendant uniform, graceful cap, and high heel shoes. Flying across the country with a secret plan to make large amounts of money doing the wroth thing. But, somehow, her plan orks. She begins a relationship with a secret service agent, he hires her, and keeps her out of trouble, and she becomes one of the largest drug/money carriers in the USA-legally. She has fun. But every plan has a beginning, a middle, and a end.

Having a little sister isn't always a picnic. Older sisters may feel jealous of the time taken away from them, the toys they have to share, and the attention focused on the youngest member of their family. Getting along is often a day-to-day battle, but what can parents do to make this situation easier and to help children realize how special it is to have a sister? In Spice & Little Sugar, the delightful new children's book about sibling rivalry, authors Megan Waldrep and Melissa Nelson show big sisters the big benefits, responsibilities, and absolute joys of their role. Told in a whimsical rhyme that children will love to read aloud, Spice & Little Sugar first humorously relates all the ways Little Sugar gets on Spice's nerves, from grabbing her favorite toys to sticking to her like glue when Spice wants to be left alone. But gradually Spice comes to realize that Little Sugar does have her good points, including sticking up for her when she gets in trouble with their parents and saving the day with her cute face. Parents will love the warm, gentle lessons the book teaches about understanding how positives can outweigh negatives, and kids will laugh at the playful illustrations and funny story. The perfect book for siblings, Spice & Little Sugar can be read and enjoyed by the whole family, time and time again.

The perfect book for the young dinosaur fan. This easy-to-read dinosaur picture book is filled with beautiful illustrations, and facts about dinosaurs and how they lived. Its delightful pages will fascinate young children. My Best Dinosaur Fact Book is both a great bedtime book, and a wonderful activity book. There are dinosaurs to learn about, dinosaurs to find and even dinosaurs to draw. Join your child on a journey of discovery, and inspire them to look at the natural world around them in a new and exciting way... By the author of the popular "Act Normal" series of chapter books.

FUN FACT: "Becoming Zara" is a standalone novella, but if you're following the character of Samantha Bradford as she crosses off the items of her bucket list (the Single Wide Female Series), this is the book that Samantha publishes to complete her bucket list item #18 (Publish a Book). Note: You can download #1 Learn Pole Dancing of that series for free. *** Hi, I'm Zara...warrior princess. I don't usually tell that last bit to strangers, but I say it in my head all the time. It's one of the many mantras that have helped me to get to where I am today. And believe me when I say that I've come a long way. Besides, if you're a woman and you happen to have ever struggled with issues of self-esteem, we're probably gonna be fast friends anyway, so I won't hold anything (much) back. Oh, and Zara wasn't the name I was born with-but you'll find out more about that in the book. I don't know about you, but my own struggle with my weight has held me back a bit in life. And my self-

esteem took a real nose dive after my fiance dumped me-via text, no less. (I know, right? Jerk!...but I don't usually dwell on things in the past, so let's just move right along from that, shall we?) So, I'm still a work-in-progress for sure, but I'm really starting to figure it all out-how to be more of who I'm meant to be every day-including the bumps, the lumps, and my bruised ego along the way. Oh and I love my sisterhood (more about that later) - the women who join me in believing that we are all capable of being strong, amazing, warrior princesses-just the way we are right now."
