Each number includes "Reviews and book notices."

An indispensable companion to the classic Chinese book of wisdom known as the I Ching. I Ching Readings is the only book ever published that shares the real-life stories of people who have consulted the I Ching—their questions, the answers they received, and the events that followed. Wu Wei's informative stories show how the I Ching unerringly guides people to great success—and how misinterpreted guidance can lead lives off track. In this unique work, you will also learn how to understand and interpret answers you receive from the I Ching and, just as importantly, how to phrase your questions to obtain the best possible answers. "It is a great comfort," says Wu Wei, "to know that no matter how monumental our problem, there is a solution to it that will put us in a better situation than we were before the problem arose."

This study challenges the notions that the U.S. press is

either an active participant in the foreign policy process or an instrument of presidential manipulation. Based on a content analysis of New York Times' reporting of five recent foreign policy disasters, Berry explores the thesis that the press accepts administration assumptions on foreign policy matters, but only until the policy fails. The work also addresses the differences between domestic and foreign policy reporting, and compares the work of foreign-based correspondents with that of U.S.-based reporters.

The Fu Hsi I Ching

Loves Embrace: Poems of Prayer, Hope and Peace, is a book about loves, the metaphors for expressions of life and great sacred love from all of God's children, nature and the

universe. It contains approximately forty writings, which express themes of love, faith, hope and spiritual understanding. Some are metaphors, expressions of love and light. Some are similes that make you smile as well as spark an internal glow. The prayers and poems are accompanied by the biblical writings of the Divine, written by the prophets of the Old and New Testaments. Some are personal prayers and visions of what God has for me as well as for each of us. There is so much He has already given us. We simply have to recognize each glorious gift as we travel through life and in relationship. I did not begin to truly know myself and to accept myself as I am, until these special words, these holy words, began to flow from the Almighty into my heart, then from my heart onto paper. I began to experience the joy of Jesus, the Christ in my soul, an inexpressible exuberance and a sense of spiritual freedom I had never known before. And now that I have discovered that I could express this freedom and truly feel happiness by writing about this gift, I can, finally, with courage, express the opposing end of this continuum of sadness and serenity, and recognize that they are one in the same. We must surrender to our pain and sadness in

order to experience the joy of Jesus Christ and all He has to offer us, for He is Lord of all. God is the true source of love that we are all a part, as He gave his only begotten Son, Jesus to the world to save our souls from condemnation (The Book of John the Divine, 3:16).

Melding original archival research with new scholarship in the field, Hoffman describes Soviet culture and behavioral norms in such areas as leisure activities, social hygiene, family life and sexuality.

comprehensive explanation of cantillation practice with its grammatical rules and regional variations. His unique step-by-step system of analysis shows how chanting dramatizes and interprets the meaning of the biblical text. Jacobson also provides complete notation for performing all six musical systems, an extensive guide to pronouncing biblical Hebrew, and pedagogical tips for cantillation teachers. *Chanting the Hebrew Bible, Second Edition*, will be invaluable to anyone interested in chanting, from beginners to advanced readers—from haftarah readers who want to chant from the Torah, to Bible students seeking greater insight into Masoretic texts, to Torah chanters who wish to fine-tune their skills, fill gaps in their knowledge, and understand the system they have known only intuitively until now. This second edition features a week-by-week guide to Torah, haftarah, and megillot readings for Shabbat and holidays; useful new examples and exercises; a new comprehensive general subject index; a new, easy-to-read, clear Hebrew font; and a link to a new website with audio recordings and video lessons. *Chanting the Hebrew Bible* will continue to be the definitive work on Torah chanting—the most authoritative guide and reference on the subject. For more information on *Chanting the Hebrew Bible* visit chantingthehebrewbible.com. The Dutch Revolt has long been hailed as the triumph of political freedom over monarchical

Read Book Joyous 17

tyranny. In 1781, John Adams observed that the American Revolution was its "transcript." Known for its many protagonists—King Philip II, the Duke of Alba, the counts of Egmont and Hornes, radical Calvinists, obstreperous townspeople, and William of Orange—the Dutch Revolt brought into relief conflicts among civic freedoms, religious dissent, representative institutions, and royal authority. Drawing on a vast array of sources—including archival documents, political and religious pamphlets, ballads, chronicles and letters, and a rich store of popular prints—Peter Arnade gives us a new history of the core years of the revolt between 1566 and 1585, showing how the act of rebellion forged a political identity through ritual, symbol, and public action. In *Beggars, Iconoclasts, and Civic Patriots*, Arnade focuses on the political culture that took shape during the Revolt, a culture that itself fueled decades of turmoil. He sees the pulse of the Revolt in its public dramatization—the acts, words, and cultural representations that were its "daily bread and popular voice." The violent wave of radical iconoclasm that swept the southern Netherlands in 1566 is the book's pivot, setting the stage for the Duke of Alba's brutal effort to restore the authority of the Spanish crown. Arnade details the sieges and violent sacks of Dutch cities by the Army of Flanders, and the response of Dutch rebels, who touted defiant cities as the seats and guarantors of unassailable

rights and freedoms. This civic patriotism hailed William of Orange as father of the fatherland, his apotheosis hearkening back to late medieval princely ritual even as it invoked new republican imagery.

Byron and Italy tackles a subject to which no book has been devoted exclusively since the early 1940s. Peter Cochran writes not just about Byron's relationships with Italian literature, not just about his relationships with Italian women, and not just about his relationship with Italian politics. He writes about Byron's relationship with Italy as a whole, seeing the poet's

sojourn in Italy as a vain attempt to forge a new identity for himself. Drawing on a wide range of up-to-date research, including his own as editor of Teresa Guiccioli's Lord Byron's Life in Italy and the diary of John Cam Hobhouse, Cochran traces numerous threads of evidence showing how the critical reception Byron's poetry received from Italian critics gave him a new sense of self-worth, and how his experience of Italian Carnival, and of the Italian mock-heroic tradition in verse, gave him a new idea of who he was, and of what poetry was about. Among much else, the book includes new material on the Carbonari and on Byron's reading of Ugo Foscolo, and an appendix containing translations of all known Italian and Austrian police-reports on Byron and his entourage.

But I do not account my life of any value nor as precious to myself, if only I may finish my course and the ministry that I received from the Lord Jesus, to testify to the gospel of the grace of God. —Acts 20:24 (ESV) Growing old has been the greatest surprise of my life,” says Billy Graham, known by many as God’s Ambassador. “I would have never guessed what God had in store for me, and I know that as I am nearing home, He will not forsake me the last mile of the way.” In *Nearing Home* this man of faith—now in his nineties—explores the challenges of aging while gleaning foundational truths from Scripture. Billy Graham invites us to journey with him as he considers the golden years while anticipating the hope of being reunited with his wife, Ruth, in his heavenly home that eclipses this world. “When granted many years of life, growing old in age is natural, but growing old with grace is a choice,” says the author. “Growing older with grace is possible for all who will set their hearts and minds on the Giver of grace, the Lord Jesus Christ.” Join Billy Graham as he shares the challenges of fading strength but still standing strong in his commitment to finishing life well. “Explore with me

not only the realities of life as we grow older but also the hope and fulfillment and even joy that can be ours once we learn to look at these years from God's point of view and discover His strength to sustain us every day."

—BILLY GRAHAM

This volume presents new essays on art, mind, and narrative inspired by the work of the late Peter Goldie, who was Samuel Hall Professor of Philosophy at the University of Manchester until 2011. Its three sections cover Narrative Thinking; Emotion, Mind, and Art; and Art, Value, and Ontology. Within these sections, leading authorities in the philosophy of mind, aesthetics and the emotions offer the reader entry points into many of the most exciting contemporary debates in these areas of philosophy. Topics covered include the role that narrative thinking plays in our lives, our imaginative engagement with fiction, the emotions and their role in the motivation of action, the connection between artistic activity and human well-being, and the appreciation and ontological status of conceptual artworks.

Fundamentals of Human Sexuality

"No matter how science has progressed, childbirth, in essence, has remained unchanged from ancient times . . . [It] is the last natural process left to us," writes internationally lauded obstetrician Dr.

Tadashi Yoshimura. "The fact that it has remained unchanged means that there is truth in it." The truth and power of birth is the subject of Dr. Yoshimura's first book published in the United States. Yoshimura describes babies born so directly into the arms of their mothers that they do not cry, and women so transformed with pride and passion in their ability that they are joyous and forever changed. Instead of a medical emergency, Yoshimura describes birth as a transcendent and natural process that cannot be perfected, and that, when performed through the innate power of women, reveals what he calls a "mystic beauty." Full of delightful stories of birthing women and peaceful smiling infants, and helpful tips from his childbirth preparation program, Joyous Childbirth Changes the World is a must-read for all expectant parents and those who care for them. Yoshimura's clinic serves as a testament to the kind of compassionate birth culture that is possible if we prioritize the health and experience of women and babies.

This English language edition of the I Ching approaches the mystical work solely from the perspective of the ancient order known as the Early Heaven Sequence (Fu Hsi Order). The author includes reconstructed poems from extant fragments which pre-date the Shang Dynasty, as well as the decoding of the Magic Square. Collins points out the essential balance of Ying and Yang in an age of apparent isolation and dereliction.
