

Dunkle Neue Weltordnung Teil 1 Mkultra Mind Contr

Our Life Beyond MKULTRA, Books 1 and 2, is an insider's story of intentionally designed trauma-based mind kontrol Multiple Personality Disorder and her resultant use involving government, military, intelligence, religious and corporate organizations and institutions, as well as the insidious kontrol of humanity by a eons old cross-dimensional species involved in hybridization and cloning. The demi-gods and Nephilim of old have a predominant role in her story, having encountered them repeatedly in the altered consciousness of trauma-based mind kontrol programming as well as in full waking consciousness. It is a journey through the mind fragmenting "black tech" being utilized by a bloodline network of human victims to these malevolent beings who are now its minions and perpetrators. Elisa's is a story of abilities attained through this process some of which still remain well into her deep deprogramming years which began in April 2008. Her story takes you through hybridization, cloning and cybernization, though not in the future, instead already here and successfully implemented in the black projects of high level total mind kontrol. Elisa contends she is a hybrid, preconception, and in the late 1980s became aware of her clones. What's more, she speaks to the current state of mind kontrol technology in use as involving not only hybridization and cloning, but post-birth cybernization and the design of human looking beings who are actually soulless, and that some already walk among us. Our Life Beyond MKULTRA is contained in 2 Books to provide the perspective of not only the horrendous programming and "on task" years running decades, but the life threatening journey that continues in deep deprogramming. Her contention, "once MKULTRA, always MKULTRA," however the dismantling and manageability of her still surfacing alters and programs has allowed an intelligent and self-aware evaluation of not only her own situation, yet that of the "next level" End Time agenda now affecting the globe. If the current intellect continues to demand that all that is surreal is a judge to falsehoods, then humanity will not extract itself from the impending species kontrol. According to Elisa and many of her alternate personalities, the "next level" is the total kontrol of the human species without their recognition that it occurred.

This classic text, the last major work by the great Hebrew Bible scholar Gerhard von Rad, has long been unavailable in North America. It is now being reissued in paperback from to satisfy the continuing demand for copies of the book. In brief, the subject of von Rad's study of Hebrew wisdom is Israel's

willingness to ground faith in encounter with the world as the creation of God. Those familiar with the author's Old Testament Theology will recall how he identified two great watersheds in the history of Israel's thought. The first was the rise of the prophetic movement, which occasioned a radical reinterpretation of Israel's religious traditions as expressed in the earliest creedal formulations found in the Pentateuch. The second watershed, which preceded the prophetic movement and was a basically different assessment of Israel's relation to Yahweh, was achieved by wisdom teachers at the start of the monarchy. This book studies this first and somewhat novel break with Israel's older sacral traditions. Von Rad bases the study on a wide range of literary materials principally concerned with the books of Proverbs, Job, Ecclesiastes, and the Wisdom of Ben Sirach. "No finer introduction to the fundamental theological questions raised by the wisdom literature of Israel is available." Theology Today Gerhard von Rad was for many years Professor of Old Testament at the University of Heidelberg. The Star of Redemption is widely recognized as a key document of modern existential thought and a significant contribution to Jewish theology in the twentieth century. An affirmation of what Rosenzweig called "the new thinking," the work ensconces common sense in the place of abstract, conceptual philosophizing and posits the validity of the concrete, individual human being over that of "humanity" in general. Fusing philosophy and theology, it assigns both Judaism and Christianity distinct but equally important roles in the spiritual structure of the world, and finds in both biblical religions approaches toward a comprehension of reality.

In order to understand Illuminati cult programming, it is first necessary to understand a bit about the structure and philosophy of the organization. The Illuminati are a group of people who follow a philosophy known as 'Illuminism' or 'enlightenment'. The Illuminati were named several hundred years ago, but trace their roots and history to the ancient mystery religions of Egypt, ancient Babylon, and even Mesopotamia. Out of these ancient religions, which were practiced secretly over hundreds and hundreds of years, there arose esoteric groups which continued to practice the rites, traditions, and enculturation brought in from the original groups. Over the centuries, these groups practiced openly in some countries, and covertly in countries where Christianity or other religions opposed their practices. Some of the groups which came out of these ancient roots included the order of the Knights Templar, Rosicrucian's, Baphetomism, and Druidic cults. These groups were the forerunners, or roots, of modern day

Illuminism. The original Illuministic leaders chose to take what they felt were the best practices of each root religion, combine them into principles, then organized these principles according to specific guidelines. Modern day Illuminism is a philosophy funded by the wealthy, but practiced in all social strata. It is a philosophy whose tenets have spread across the world. It started with the German branch of Rosicrucian's, spread to England, then came to the United states with the first settlers. The Illuminati have 3 main branches: the Germanic branch, which oversees the others, the British branch, which handles finances, and the French/Russian branch. All 3 branches are represented in both the United States and Canada, as well as every country in the world.

This is the account of an American teenager who discovered a monastery in Tibet that was the inspiration for the legend of Shangri La. It might be categorized as a 'new age' or philosophy book, like the Celestine Prophecy, since it focuses on his spiritual training and their teachings in a novel-like format. Hard to believe, but interestingly, the sub-tropical region amongst the Himalayas that he describes finding, was later documented by explorers from National Geographic, then 'covered up' (there is still evidence of this). Also interesting is that the author was apparently mentioned in the Edgar Cayce readings (the famous American psychic whose books have sold millions of copies), as someone who would one day bring an important message to the world.

This edition of Global Trends revolves around a core argument about how the changing nature of power is increasing stress both within countries and between countries, and bearing on vexing transnational issues. The main section lays out the key trends, explores their implications, and offers up three scenarios to help readers imagine how different choices and developments could play out in very different ways over the next several decades. Two annexes lay out more detail. The first lays out five-

year forecasts for each region of the world. The second provides more context on the key global trends in train. A stunning account of the economic workings of the Third Reich—and the reasons ordinary Germans supported the Nazi state In this groundbreaking book, historian Götz Aly addresses one of modern history's greatest conundrums: How did Hitler win the allegiance of ordinary Germans? The answer is as shocking as it is persuasive: by engaging in a campaign of theft on an almost unimaginable scale—and by channeling the proceeds into generous social programs—Hitler literally "bought" his people's consent. Drawing on secret files and financial records, Aly shows that while Jews and citizens of occupied lands suffered crippling taxation, mass looting, enslavement, and destruction, most Germans enjoyed an improved standard of living. Buoyed by millions of packages soldiers sent from the front, Germans also benefited from the systematic plunder of conquered territory and the transfer of Jewish possessions into their homes and pockets. Any qualms were swept away by waves of government handouts, tax breaks, and preferential legislation. Gripping and important, Hitler's Beneficiaries makes a radically new contribution to our understanding of Nazi aggression, the Holocaust, and the complicity of a people.

This book contains the diaries of the well-known Franz Kafka during the period 1910-1913, and would make a valuable addition to the bookshelf of anyone who is a fan of his works.

This comprehensive book is mainly based on primary archive sources and eyewitness talks. It focuses on Austria's relations to Europe in general, two significant issues of European integration especially after 1945 as well as on its EU membership. Ten chapters will show the developments over decades in a chronological manner. One concentrates on Austria's small room for political maneuverability between concepts of Middle Europe, Paneurope, the "Anschluss" by Nazi-Germany (1918-1938) and the exile groups (1938-1945). A further chapter deals with Austria's participation in the Marshall-Plan and the Organization for European Economic Cooperation (OEEC, 1947-1953). The next chapter focuses on the intended arrangements with the European Coal and Steel Community (ECSC), which were a tightrope act between Western orientation and neutrality (1954-1956). A further chapter shows the unsatisfactory membership within the European Free Trade Association (EFTA) and the failed attempts of association with the European Economic Community (EEC, 1961-1967). Free trade remained as a

substitute solution (1972). One chapter demonstrates Austria's policy of "wait and see" (1972-1986) and a further one examines the attempts of full membership in the European Communities (EC and EU, 1987-1995). Light will be shed on the negotiations and agreements with Brussels (1993-1994) and on the implementation of the EU entry (1994-1995). Austria is also presented as a member of the EU until the Treaty of Lisbon came into force (1995-2009). The reader will get backgrounds of the country's long road to Europe which offers different developments of a story of ambivalence and complexity. The question will also be raised and answered how "Europe" became a controversial issue of domestic policies and national identity. A final assessment will sum up the main aspects. An annex with an edition of 100 documents, many of which new, a bibliography and a chronology provide additional and expanded information.

THE EMERGING NEW WORLD ORDER A depraved satanic cult called the Illuminati is waging a covert war against humanity. This is the key to understanding mankind's tragic history and current predicament. For more than a thousand years, Cabalist money lenders have conspired to usurp power from church and aristocracy, according to a plan detailed in "The Protocols of the Elders of Zion." This plan does not represent Jews, but only a small cabal of bankers who organized in Masonic secret societies. They intermarried with prominent Gentiles and formed a vast occult and criminal underground. They are stealthily constructing a totalitarian world government. Taking God's place, secularism is a transition step to their Satanism. They involve nations in needless wars and enthrall the masses with porn, violence, trivia and toys. They attack our sources of identity and love - God (religion); family (gender); country and race - in order to stymie and dehumanize us. Sounds incredible, but after reading some of these 80 short essays, you'll nod in agreement. Their empire is partly based on mind control. If you know the truth, they lose you.

A lamp was lit when Adam rose from the clay, took a golden apple into his trembling hand and gazed into a forbidden world he had not before seen. The Gods allotted him six days of creation and no more. Each day is a thousand years, each year a verse in the Torah, each verse a whisper of our fallen fate. The leaves of this fearful book lie on two sides of an ancient grove. An evil serpent drapes the flowing coils of her intoxicating beauty from the tangled branches of the Tree of Knowledge and seduces all those who are destined to die. A flaming sword guards the ten twisted limbs of the tall Tree of Life from desperate trespassers seeking to climb this mysterious ladder to the Gods so that they might live another year beyond the six thousand steps to the grave. In this divided garden, separated by an endless abyss, two giants were bred, angry twins slashing their arms and kicking their feet to tear at each other in their mother's weary womb. These would father warring tribes who will summons a great storm at the end of time to flood the world with blood and wet the serpent's thirsty tongue with the scaly souls of her children. The sanguine sea will wash away the empty shells and deposit them into the dark waters of chaos from whence they fell on the first and brightest day. But all of this is but a bad dream from which we must arise and waking open our eyes to see that the Gods Who Hate Us are but an illusion cut from a tattered veil of lies that loses its form and substance in the light of reason and truth. They only have power over us when they are hidden and we are afraid or asleep. This book lifts the rocks under which they hide and lets you see how small, hateful and absurd these writhing worms which dry up in the sunlight truly are.

Music always mirrors and acts as a focal point for social paradigms and discourses surrounding political and national identity. The essays in this volume combine contributions on historical and present-day questions about the relationship between politics and musical creativity. The first part concentrates on musical identity and political reality, discussing ideological values in musical discourses. The second part deals with (musical) constructions, drawing on diverse national connections within our own and foreign identity. Musik ist immer auch Spiegel und Kristallisationspunkt gesellschaftlicher Paradigmen und politisch-nationaler Identitätsdiskurse. Der vorliegende Sammelband vereint Beiträge zu historischen und gegenwärtigen Fragestellungen, die um das Verhältnis von Politik und musikalischem Schaffen kreisen. Im ersten Teil sind Beiträge zusammengefasst, die sich mit "Musikalischer Identität und politischer Realität" befassen und dabei ideologische Zuschreibungsprozesse im Musikdiskurs thematisieren. Der zweite Teil des Bandes umfasst Betrachtungen über "(Musikalische) Konstruktionen von eigener und fremder Identität" aus verschiedensten nationalen Zusammenhängen

Drug-industry investigators have uncovered documents exposing that an international drug ring, operating from New York City, is behind the H1N1 swine "flu-fright" and mass-vaccination preparations. Dr. Leonard G. Horowitz and Sherri Kane, an investigative journalist, have released evidence in legal affidavits that leaders of a private global biotechnology "trust" are behind the pandemic flu, including its origin and alleged prevention via vaccinations. Their evidence proves that industrialists are operating a "crime-ring" within the "Partnership for New York City" (PNYC) and are behind the pandemic's creation, media persuasions, vaccination preparations, and health official promotions. "David Rockefeller's trust, that engages several powerful partners on Wall Street, including media moguls Ruppert Murdoch, Morton Zuckerman, Thomas Glocer, and former Chairman of the Board of Directors of the Federal Reserve Bank of New York, Jerry Speyer, are implicated in advancing global genocide," Dr. Horowitz has written to FBI directors. "This 'partnership' controls biotechnology research and development globally. Health commerce internationally is also controlled virtually entirely by this trust that also exercises near complete control over mainstream media to promote/propagandize its products and services for the drug cartel's organized crime. This trust, in essence, makes or breaks medical and natural healing markets, primarily through the mass media companies and propaganda it wields for social engineering and market building," Dr. Horowitz wrote. This book discloses the truth about the Swine-Flu hoax! Don't take the vaccine as it may seriously harm or kill you!

Does the race for vaccine development make sense? What are the chances of success? Will the vaccine be safe? Will people accept it?? In June 2020, Corona, False Alarm? exploded into the German market, selling 200,000 copies and 75,000 e-books in the first six weeks. No other topic dominates our attention as much as coronavirus and COVID-19, the infectious disease it triggers. There's been a global deluge of contradictory opinions, fake news, and politically controlled information. Differing views on the dangers posed by the pandemic have led to deep division and

confusion, within governments, society, and even among friends and family. In Corona, False Alarm?, award-winning researchers Dr. Sucharit Bhakdi and Dr. Karina Reiss give clarity to these confusing and stressful times. They offer analysis of whether radical protective measures—including lockdown, social distancing, and mandatory masking—have been justified, and what the ramifications have been for society, the economy, and public health. Dr. Bhakdi and Dr. Reiss provide dates, facts, and background information, including: How Covid-19 compares with previous coronaviruses and the flu virus What infection numbers and the death rate really tell us The challenges around lockdown: Were the protective measures justified? Mandatory mask-wearing: Does the science support it? Vaccines: What are the chances of success? What are the risks? Corona, False Alarm? provides you with sound information and substantiated facts—and encourages you to form your own opinion on the corona crisis.

In this collection of essays from 1969-2013, many in book form for the first time, Noam Chomsky exposes the real nature of state power. With unrelenting logic, he holds the arguments of empire up to critical examination and shatters the myths of those who protect the power and privilege of the few against the interests and needs of the many. Covering subjects like 'Human Intelligence and the Environment', 'Terror, Justice and Self-Defence' and 'The Welfare-Warfare state', this is an indispensable compilation of searing insights into the state of our modern world. In Teil 1 wurden die Zusammenhänge zwischen dem Mind Control-Projekt der CIA (MKULTRA) und satanischen Familienstrukturen aufgedeckt, in denen Kinder unter Aufspaltung ihrer Persönlichkeit missbraucht, gefoltert und geopfert werden. Es zeigte sich, dass die Täter eine satanische Weltordnung anstreben und einer weltweit vernetzten Geheimorganisation angehören. Nun untersucht der Autor, wer hinter dem militärisch-satanischen Komplex steht. Zeugen und Insider behaupten, dass es sich hierbei um Wesen aus einer anderen Dimension handelt. Doch kann dies sein? Der Autor stieß bei seinen Nachforschungen nicht nur auf zahlreiche historische Quellen, sondern auch auf Zeugenberichte aus aller Welt, die genau das belegen. Er sprach mit Augenzeugen und kam schließlich selbst in

Kontakt mit den geheimen Mächten. Erstmals wird nun die Kommunikation mit den satanische Handlangern offengelegt. Dabei zeigt sich, dass wir das Machtspiel auf unserer Erde nur aus der Perspektive eines multidimensionalen Universums verstehen können. Doch auch das spirituelle Konzept, das dieses komplexe Zusammenspiel erklären kann, wurde bereits übermittelt. Aus allem folgt: die Menschheit steht vor ihrer größten Herausforderung.

This is the documented autobiography of a victim of government mind control. Cathy O'Brien is the only vocal and recovered survivor of the Central Intelligence Agency's MK-Ultra Project Monarch mind control operation. Chiseled deep into the white stone of the CIA's Langley, Virginia headquarters is a partial verse lifted from the Holy Bible and writings of Saint John... "and the truth shall set you free." This statement, like the agency, is total reality. The building that it is engraved upon houses the world's most successful manufacturer of lies to facilitate psychological warfare. The "Company" uses truth and technology as their raw material to produce "pure" lies for control of you and America's allies.

Whether you're a complete beginner or a keen gardener, there are always times when it helps to have a reliable expert at your side. In *The Complete How to be a Gardener*, Alan Titchmarsh draws on his extensive knowledge and experience to give you a comprehensive guide to becoming a successful gardener. Alan starts with the fundamentals, covering the absolute essentials that every gardener needs to know, including information on how plants work and what they need to survive, as well as where to begin if you're a first-time gardener. Each chapter includes practical advice and step-by-step techniques and projects, as well as information on garden maintenance and a host of Alan's favourite plants to help you in your selection. With its perfect balance of down-to-earth information and inspirational garden ideas, this complete paperback edition of *How to be a Gardener* gets to the very heart of gardening and provides a comprehensive reference manual for any garden owner.

Hermann Broch (1886-1951) is remembered among English-speaking readers for his novels *The Sleepwalkers* and *The Death of Virgil*, and among German-speaking readers for his novels as well as his works on moral and political philosophy, his aesthetic theory, and his varied criticism. This study reveals Broch as a major historian as well, one who believes that true historical understanding requires the faculties of both poet and philosopher. Through an analysis of the changing thought and career of the Austrian poet, librettist, and essayist Hugo von Hofmannsthal (1874-1929), Broch attempts to define and analyze

the major intellectual issues of the European fin de siècle, a period that he characterizes according to the Nietzschean concepts of the breakdown of rationality and the loss of a central value system. The result is a major examination of European thought as well as a comparative study of political systems and artistic styles.

The book presents a series of interpretive readings of the Romische Elegien, Sonette, Chinesisch-deutsche Jarhes- und Tageszeiten, several trilogies, and the shorter cycles of 1821, taking into account the variety of literary devices Goethe employs to link poems together into a cycle. The author examines Goethe's role in the history of the lyric cycle and, in stressing structural design, urges a reevaluation of the cycle's emergence as a standard poetic device.

Over two thousand years ago the self-styled "Sons of Light" declared war on the seventy nations of the world, whom they call the "Sons of Darkness". Hundreds of millions of lives have been lost in this conflict. The Sons of Light believe the contest will only be won when they utterly exterminate the Sons of Darkness. It will never be lost as long as one of the Sons of Light remains to carry on the fight. The war is mostly fought through deception. Only the Sons of Light know that they are engaged in this endless battle. The Sons of Darkness see the bodies piling up, but search in vain for their enemy, who is as subtle and sly as a holy serpent. Ultimate victory will mean the conquest of the entire Earth. It is close at hand for the Sons of Light. But the war continues and either side may yet win. If the Sons of Light are discovered, all of humanity will be saved. Within this book the battle plans and beliefs of the Sons of Light are revealed for the first time for all to see. The Sons of Light have tricked the Sons of Darkness into worshipping Satan, whom they believe is an androgyne composed of the demons Lilith and Samael. The gods of the Sons of Light are also androgynous. Their names are Ein Sof, Shekinah and Yahweh. The Sons of Light are planning to create a Utopia when all is won and all is lost. In it, every human being will be a perfect hermaphrodite with two faces. They will also be immortal and have no need to endure the pain of the cycle of birth, life and death, so there will be no more children and no more death. All the silver, gold and treasure will be theirs and technology will provide their robotic slaves. Since the Sons of Light are all righteous, and since the Sons of Darkness will have passed away together with their dark gods, divine light, peace and harmony will rule the Earth for one thousand years after which all will be complete.

Dark New World Order. Part 2

The European Imagination, 1860-1920

Since the 1950s, U.S. military and intelligence agencies have systematically tortured and abused children. Their goal: the creation of mind-controlled slaves to be used for child prostitution (blackmailing), child pornography, drug trafficking and assassinations. A natural protective mechanism makes this possible. If the agony becomes unbearable, the victim uncouples parts of his perception (dissociation). In the most extreme form this means: the child's personality splits. The new inner person can then be programmed as desired by the perpetrators. What sounds like a cruel horror story is frightening reality. The German lawyer Dr. Marcel Polte presents in this book the evidence for the CIA's inhuman program called Project MKULTRA. He not only evaluates released intelligence documents and investigation files, but also minutes of court hearings, Senate hearings and an advisory committee appointed by President Clinton, as well as the testimonies of survivors and their therapists. This shows a disturbing connection: the victims often come from old satanic families, and their cults are not only internationally networked, they use the same highly complex mind control techniques as the CIA. In addition - largely unnoticed by the public - there are rituals, human sacrifices and cannibalism, in the USA and in Germany as well. The author now reveals for the first time what lies behind all this.

These three documents, Weather War document, Future warfare, Population figures of the countries, authorized by US Air Force, NASA, CIA, FBI, DARPA, ... all indicate the same endgame year: 2025. The year of the planned establishment of the New World Order (NWO). Artificial intelligence, Transhumanism, Geoengineering, Nanotechnology, Genetic engineering, Mass psychology, Manipulation of consciousness, Bioweapons and 5G serve to control and manipulate the population and to secure the transition to the NWO. The "Corona flu" in 2020 is used to spread fear and panic among the population to make them accept the massive reduction of civil liberties. The young generation expects a worse fate than the war generation of 1939-45, if we don't fight back. Fate has a name: Transhumanism & 5G. Is there still a chance of stopping this process? Argues that Adolf Hitler, Eva Braun, and other key Nazis escaped from Berlin and set up residence in a remote valley enclave in Argentina.

On Unbelievable Tales is an early effort to rationalize oft-told tales of the heroes and monstrous creatures of Greek mythology. Palaephatus, a contemporary of Aristotle, sought to reinforce belief in the historicity of ancient heroes by tracing the evolution of "actual" events into legendary and mythological accounts. This dual-language edition features introduction with in-depth examination of the work and history of Palaephatus, the first available English translation, notes on the ancient sources for over 40 tales, and notes and Greek text from the Teubner 1902 edition.

In this ambitious book, Kirk Wetters traces the genealogy of the demonic in German literature from its imbrications in Goethe to its varying legacies in the work of essential authors, both canonical and less well known, such as Gundolf, Spengler, Benjamin, Lukács, and Doderer. Wetters focuses especially on the philological and metaphorological resonances of the demonic from its core formations through its appropriations in the tumultuous twentieth century. Propelled by equal parts theoretical and historical acumen, Wetters explores the ways in which the question of the demonic has been employed to multiple theoretical, literary, and historico-political ends. He thereby produces an intellectual history that will be consequential both to scholars of German literature and to comparatists.

In Part 1, the connections between the CIA's mind control project (MKULTRA) and satanic family structures were revealed, in which children are abused, tortured and sacrificed while their personalities are split. It was shown that the perpetrators are striving for a New World Order and belong to a globally networked secret organization. Now, the author investigates who is behind the military-satanic complex. Witnesses and insiders claim that these are beings from another dimension. But can this be true? In his research, the author came across not only numerous historical sources, but also witness accounts from around the world that prove just that. He spoke with eyewitnesses and finally came into contact with the secret forces himself. Now, for the first time, the communication with the satanic henchmen is made public. It becomes apparent that we can only understand the power game on Earth from the perspective of a multidimensional universe. But the spiritual concept that can explain this complex interplay has also been conveyed. From all this follows: Mankind is facing its greatest challenge.

In accordance with the purpose of the series *Traditio Praesocratica*, the present volume, the first in the series, contains the most complete collection ever assembled of the documentary evidence on Thales of Miletus. Approximately 600 texts, dating from the sixth century BCE to the fourteenth century CE, are presented in chronological order, both in the original language (Greek, Latin, Arabic and Persian) and in a facing English translation. The original-language texts are reprinted (with corrections) from Georg Wöhrle's edition (2009). Several texts discovered since the publication of the 2009 edition are included. The English translations were made by Richard McKirahan from the original texts. Differences between the

German and the English translations are noted. An index of names and extensive glossaries and word indexes of the texts and translations are provided.
