provides

**everything you
need to**

**understand the
wide range of
rheumatic
conditions.**

**Including the latest
guidelines and the
most up-to-date
information, this is
the indispensable
guide for students,**

**trainees,
consultant
rheumatologists,
and everyone
dealing with
patients with
musculoskeletal
disease.
Rheumatic
conditions are
common in both
general and
hospital practice; a**

primary feature of many multi-system illnesses, and in the context of injury, age-related change, and psychological distress. This handbook provides practical advice, guidance, and key clinical facts to help you

**provide the best
care for your
patients.**

**Practically
structured, the
handbook focuses
first on presenting
symptoms, and
then considers key
diseases,
emergencies, and
rare diseases in
more detail,**

finishing with a comprehensive account of assessment, guidelines, and treatment options including the latest advances in biological therapy. It provides practical guidelines on the management and

diagnosis of patients with acute and chronic musculoskeletal disease. Colour plates and line drawings are present throughout along with tables of key information. Taking a clinical, evidence-based

**approach, written
by experts, and
presented in a
clear, practical,
bullet-point style
for rapid reference,
this handbook will
be your constant
companion and a
joy to use.**

**"The perfect book
for the present
moment.**

**Prosecuting the
President is
magnificent." --

involving his close friends and associates. Ever since, presidents of both parties have appointed special prosecutors and empowered them to operate with unusual independence. Also called special

counsels and independent counsels, such appointments became a standard method for neutralizing political scandals and demonstrating the President's commitment to the rule of law. Special counsel Robert

Mueller is the latest example. In Prosecuting the President, Andrew Coan offers a highly engaging look at the long, mostly forgotten history of special prosecutors in American politics. For more than a century, special

prosecutors have struck fear into the hearts of Presidents, who have the power to fire them at any time. How could this be, Coan asks? And how could the nation entrust such a high responsibility to such

**subordinate
officials? With
vivid storytelling
and historical
examples, Coan
demonstrates that
special
prosecutors can
do much to protect
the rule of law
under the right
circumstances.
Many have been**

thwarted by the formidable challenges of investigating a sitting President and his close associates; a few have abused the powers entrusted to them. But at their best, special prosecutors function as

**catalysts of
democracy,
channeling an
unfocused popular
will to safeguard
the rule of law. By
raising the
visibility of high-
level misconduct,
they enable the
American people
to hold the
President**

accountable. Yet, if a President thinks he can fire a special prosecutor without incurring serious political damage, he has the power to do so. Ultimately, Coan concludes, only the American people can decide whether the

President is above the law.

Criminal defense attorneys protect the innocent and guilty alike, but, the majority of criminal defendants are guilty. This is as it should be in a free society. Yet there are many different

types of crime and degrees of guilt, and the defense must navigate through a complex criminal justice system that is not always equipped to recognize nuances. In Guilty People, law professor and longtime criminal

defense attorney

Abbe Smith gives us a thoughtful and honest look at guilty individuals on trial. Each chapter tells compelling stories about real cases she handled; some of her clients were guilty of only petty crimes and

**misdemeanors,
while others
committed
offenses as grave
as rape and
murder. In the
process, she
answers the
question that
every defense
attorney is
routinely asked:
How can you**

represent these people? Smith's answer also tackles seldom-addressed but equally important questions such as: Who are the people filling our nation's jails and prisons? Are they as dangerous and depraved as they

Bookmark File
PDF E Drejta
Procedures Civile

are usually portrayed? How did they get caught up in the system? And what happens to them there? This book challenges the assumption that the guilty are a separate species, unworthy of humane treatment.
