THE BATTLE FOR ROOM 314 In a fit of idealism, Ed Boland left a twenty-year career as a non-profit executive to teach in a tough New York City public high school. But his hopes quickly collided headlong with the appalling reality of his students' lives and a hobbled education system unable to help them: Freddy runs a drug ring for his incarcerated brother; Nee-cole is homeschooled on the subway by her brilliant homeless mother; and Byron's Ivy League dream is dashed because he is undocumented. In the end, Boland isn't hoisted on his students'

shoulders and no one passes AP anything. This is no urban fairy tale of at-risk kids saved by a Hollywood hero, but a searing indictment of schools that claim to be progressive but still fail their students. Told with compassion, humor, and a keen eye, Boland's story is sure to ignite debate about the future of American education and attempts to reform it.

In this engrossing memoir, poet and literacy scholar Eli Goldblatt shares the intimate ways reading and writing influenced the first thirty years of his life—in the classroom but mostly outside it. *Writing Home: A Literacy Autobiography* traces Goldblatt's search for home and his growing recognition that only through his writing life can he fully contextualize the world he inhabits. Goldblatt connects his educational journey as a poet and a teacher to his conception of literacy, and assesses his intellectual, emotional, and

political development through undergraduate and postgraduate experiences alongside the social imperatives of the era. He explores his decision to leave medical school after he realized that he could not compartmentalize work and creative life or follow in his surgeon father's footsteps. A brief first marriage rearranged his understanding of gender and sexuality, and a job teaching in an innercity school initiated him into racial politics. Literacy became a dramatic social reality when he witnessed the start of the national literacy campaign in postrevolutionary Nicaragua and spent two months finding his bearings while writing poetry in Mexico City. Goldblatt presents a thoughtful and exquisitely crafted narrative of his life to illustrate that literacy exists at the intersection of individual and social life and is practiced in relationship to others. While the concept of literacy autobiography is a common assignment in undergraduate and graduate writing courses, few books model the exercise. Writing Home helps fill that void and, with Goldblatt's emphasis on "out of school" literacy, fosters an understanding of literacy as a social practice.

personal account of life inside the cult known as the Westboro Baptist Church, as well as a fascinating story of adaptation and perseverance. You've likely heard of the Westboro Baptist Church. Perhaps you've seen their pickets on the news, the members holding signs with messages that are too offensive to copy here, protesting at events such as the funerals of soldiers, the 9-year old victim of the recent Tucson shooting, and Elizabeth Edwards, all in front of their grieving families. The WBC is fervently anti-gay, anti-Semitic, and anti- practically everything and everyone. And they aren't going anywhere: in March, the U.S. Supreme Court ruled in favor of the WBC's right to picket funerals. Since no organized religion will claim affiliation with the WBC, it's perhaps more accurate to think of them as a cult. Lauren Drain was thrust into that cult at the age of 15, and then spat back out again seven years later. Lauren spent her early years enjoying a normal life with her family in Florida. But when her formerly liberal and secular father set out to produce a documentary about the WBC, his detached interest gradually evolved into fascination, and he moved the entire family to Kansas to join the church and live on their compound.

Over the next seven years, Lauren fully assimilated their extreme beliefs, and became a member of the church and an active and vocal picketer. But as she matured and began to challenge some of the church's tenets, she was unceremoniously cast out from the church and permanently cut off from her family and from everyone else she knew and loved. Banished is the story of Lauren's fight to find herself amidst dramatic changes in a world of extremists and a life in exile.

Armstrong walk on the moon he knew what he wanted to do when he became an adult. But NASA rejected him; then when he applied again they turned him down because of his poor eyesight. For the next year he trained his eyes to work better and finally, at the third time of asking, NASA accepted him. So began Massimino's 18-year career as an astronaut, and the extraordinary lengths he went to to get accepted was only the beginning. In this awe-inspiring memoir, he reveals the hard work, camaraderie and sheer guts involved in the life of an astronaut; he vividly describes what it is like to strap yourself into the Space Shuttle and blast off into space, or the sensation of walking in space, as he did when he completed a mission to service the Hubble telescope. He also talks movingly about the Columbia tragedy, and how it felt to step into the Space Shuttle again in the aftermath of that disaster. Massimino was inspired by the film *The Right Stuff*, and this book is not only a tribute to those fellow astronauts he worked with, but also a stunning example of someone who had exactly those attributes himself.

An astronaut who completed spacewalks on two Hubble missions tells his inspiring story in this middle grade adaptation of his bestselling adult memoir, *Spaceman: An Astronaut's Unlikely Journey to Unlock the Secrets of the Universe*. astronaut's real life adventure. From the time he was seven-years-old and saw Apollo 11 land on the moon, Mike Massimino dreamed of becoming an astronaut. Long Island is a long way from space. Kids like him, growing up in working-class families, seldom left the neighborhood. But with the encouragement of teachers and mentors, Mike ventured down on a path that took him to Columbia University and to MIT. It wasn't easy. There were academic setbacks and disappointments aplenty--and NASA turned him down three times. Still, Mike never gave up. He rose to each challenge and forged ahead, inching closer to realizing his boyhood dream. His love of science and space, along with his indomitable spirit and sense of teamwork eventually got him assigned to two missions to fix the Hubble Space Telescope--as a spacewalker. Spaceman takes readers on Mike's unlikely ride from Earth to space, showing the breathtaking wonder of science and technology along the way. "Mike Massimino is a spaceman through and through. In this edition for young people, he tells us how hard work can take you out of this world. He believes in teamwork, and he never gives up. Prepare to be inspired." --BILL NYE, SCIENCE GUY and CEO, THE PLANETARY SOCIETY
