Economics

Organization And

Management le P

*and the working of
financial markets
around the world,
providing a
compelling new
analysis of the
corporate firm; the
role of shareholders,
managers and
workers; and
institutional
governance
structures. In recent*

Acces PDF

Economics

Organization And

Management le P

decades the firm has predominantly been seen as an organization run and governed in the interests of shareholders, where management act as the agent of shareholders, and the workers simply as instruments for share-value maximization.

Acces PDF

Economics

Organization And

Management le P

*This book reverses
this viewpoint. It sees
corporations as
associational
cognitive systems
where 'cognitive
actions' are
distributed amongst
managers and
workers, with
shareholders
supplying 'cognitive
tools' and monitoring*

Acces PDF

Economics

Organization And

Management In P

their use in the systems. Aoki analyses the different relationships that can exist between shareholders, managers, and workers from this perspective, and identifies a range of different models of organizational architecture and
