the miraculous. In Samuel, we meet Saul, David, Goliath, Jonathan, Bathsheba, the witch of Endor, and other unforgettable characters. And we encounter ourselves. For while the culture and conditions of Israel under its first kings is vastly different from our own, the basic issues of humans in relation to God, the Great King, have not changed. Sin, repentance, forgiveness, adversity, prayer, faith, and the promises of God—these continue to play out in our lives today. Exploring the links between the Bible and our own times, Bill T. Arnold shares

perspectives on 1 and 2 Samuel that reveal ageless truths for our twenty-first-century lives. Most Bible commentaries take us on a one-way trip from our world to the world of the Bible. But they leave us there, assuming that we can somehow make the return journey on our own. They focus on the original meaning of the passage but don't discuss its contemporary application. The information they offer is valuable—but the job is only half done! The NIV Application Commentary Series helps bring both halves of the interpretive task together. This unique, award-winning

series shows readers how to bring an ancient message into our postmodern context. It explains not only what the Bible meant but also how it speaks powerfully today. No one can read far in the Old Testament without encountering numerous acts of violence that are sanctioned in the text and attributed to both God and humans. Over the years, these texts have been used to justify all sorts of violence: from colonizing people and justifying warfare, to sanctioning violence against women and children. Eric Seibert confronts the problem of "virtuous" violence and

urges people to engage in an ethically responsible reading of these troublesome texts. He offers a variety of reading strategies designed to critique textually sanctioned violence, while still finding ways to use even the most difficult texts constructively, thus providing a desperately needed approach to the violence of Scripture that can help us live more peaceably in a world plagued by religious violence.

Grasping God's Word*

In this updated edition of his successful textbook, a leading evangelical New Testament scholar offers a guide to the book of Romans that is informed by current scholarship and written at an accessible level. The new edition has been updated throughout and features a new interior design. After addressing introductory matters and laying the groundwork for reading Romans, Douglas Moo leads readers through the weighty argument of this significant

book, highlighting key themes, clarifying difficult passages, and exploring the continuing relevance of Romans. As with other volumes in the well-received Encountering Biblical Studies series, this book is designed for the undergraduate classroom and includes pedagogical aids such as photos and sidebars. A test bank for professors is available through Baker Academic's Textbook eSources.

An abridged edition of the bestselling book An Introduction to the Old Testament, this rich guide makes Old Testament scholarship accessible to the

average reader. Renowned Bible scholar Tremper Longman III gathers the best in historical research and literary analysis to lead the reader through each book of the Old Testament. Most significantly, Longman explores the meaning of each book in light of its cultural setting. Abbreviated chapters highlight key research discoveries, ensuring that the information is both significant and manageable. Including questions at the end of each chapter for group discussion or personal reflection, Introducing the Old Testament makes the words, history, and culture of biblical times come alive for readers.

Laypersons as well as church leaders will take away a solid understanding of the historical background and theological message of the Old Testament and be inspired to apply biblical truths to their lives.

This introduces and abridges the syntactical features of the original language of the Hebrew Bible or Old Testament. Scholars have made significant progress in recent decades in understanding Biblical Hebrew syntax. Yet intermediate readers seldom have access to this progress due to the technical jargon and sometimes-obscure locations of the scholarly

publications. This Guide is an intermediate-level reference grammar for Biblical Hebrew. As such, it assumes an understanding of elementary phonology and morphology, and defines and illustrates the fundamental syntactical features of Biblical Hebrew that most intermediate-level readers struggle to master. The volume divides Biblical Hebrew syntax, and to a lesser extent morphology, into four parts. The first three cover the individual words (nouns, verbs, and particles) with the goal of helping the reader move from morphological and syntactical observations to meaning and significance. The fourth section moves beyond

phase-level phenomena and considers the larger relationships of clauses and sentences.

Walter Kaiser questions the notion that the New Testament represents a deviation from God's supposed intention to save only the Israelites. He argues that--contrary to popular opinion--the older Testament does not reinforce an exclusive redemptive plan. Instead, it emphasizes a common human condition and God's original and continuing concern for all humanity. Kaiser shows that the Israelites' mission was always to actively spread to gentiles the Good News of the

promised Messiah. This new edition adds two new chapters, freshens material throughout, expands the bibliography, and includes study questions.

the Samaritan Pentateuch. The textual features, orthography, script, variant readings and even theology of the Samaritan Pentateuch have parallels in various manuscripts found in the Judaean desert and copied during the Second Temple period. The fertile encounter of Samaritan and Dead Sea Scrolls studies has yielded this exceptional volume, featuring twelve contributions by some of the most respected scholars gathered at the University of Strasbourg on May 26-27, 2016. They cover such issues as scribal and editorial practices, political and religious history, textual editions and versions, palaeography and linguistics—with provocative studies challenging classical theories on the origin of the Gerizim tenth commandment or the date of the earliest Dead Sea Scrolls. This accessible introduction to the Book of Genesis examines introductory issues,

This concise volume introduces readers to the three main sections of the Hebrew Bible (Tanakh) and to the biblical books found in each. It is organized around two primary "stories": the story that scholars tell about the Old Testament and the story the literature itself tells. Concluding with a reconsideration of the Old Testament as more like poetry than a story, three main chapters cover: The Pentateuch (Torah) The Prophets (Nevi'im) The Writings (Ketuvim) With key summaries of what the parts of the Old Testament "are all about," and

including suggestions for further reading, this volume is an ideal introduction for students of and newcomers to the Old Testament. Although the Book of Hebrews "is not exactly what most of us would regard as a user-friendly book," notes Donald Hagner, "Hebrews has always been popular among Christians." Encountering the Book of Hebrews was written to help students more fully appreciate the complexities of this favorite section of Scripture. Hagner begins by exploring introductory issues (e.g., historical backgrounds, author, audience, date, purpose, structure, genre) and overarching themes (e.g., heavenly archetypes and earthly copies, the use of the Old Testament, the attitude toward Judaism). The heart of the book

then offers a chapter-by-chapter exposition of Hebrews. Unlike commentaries, it does not try to be exhaustive--examining all details and answering all questions--but instead guides students to the issues that are most important for their study of this difficult book. Hagner concludes with a final look at the contribution of Hebrews to the New Testament, New Testament theology, the church, and the individual Christian. As with other volumes in the Encountering Biblical Studies series, Encountering the Book of Hebrews is designed for classroom use and includes a number of helpful features, including further-reading sections, key terms, chapter objectives, and outlines along with numerous sidebars and

illustrations.

Every woman knows that life doesn't always turn out the way she imagined. From the little things to the big things, we all know what it's like to face disappointments, unfulfilled longings, and frustrating detours. Kristen Clark and Bethany Beal know this firsthand. In Not Part of the Plan, they open up their lives in the most raw and relatable way, sharing parts of their own journey through unexpected seasons of infertility, singleness, loss, and heartbreak. But in the midst of it all, they've learned that true hope doesn't come from getting the life you dreamed of; it comes from trusting God with every part of your story and believing that his plans truly are good. Wherever you are on your journey, be encouraged as you

Encountering Jesus in the New Testament has been found in conformity with the Catechism of the Catholic Church. Encountering Jesus in the New Testament helps students further their personal relationship with Jesus Christ by growing in understanding of Jesus' historical, cultural, and religious background through an in-depth look at Scriptures. Answering the question, "Who

is Jesus of Nazareth, the person people of faith call "Christ, the Son of God?," is a central focus of the text. In answering this question, the students will explore how the New Testament scriptures provide us with an answer. This clear and readable introduction provides guidance on the history and theology of the book of Isaiah. Walter Moberly is a top Old Testament theologian known for his creative, accessible, and provocative writing. His Old Testament Theology has been well received. This book, written in a similar vein, combines biblical criticism with constructive theology and engages both Jewish and

Christian interpretations. Moberly offers robust readings of eight pivotal Old Testament passages that unpack the nature of God in Christian Scripture, demonstrating a Christian approach to reading the Old Testament that holds together the priorities of both scholarship and faith. The poetic books of the Old Testament--Job, Psalms, Proverbs, Ecclesiastes, Song of Solomon--are often called humankind's reach toward God. The other books of the Old Testament picture God's reach toward man through the redemptive story. Yet these five books reveal the very heart of men and women struggling

with monumental issues such as suffering, sin, forgiveness, joy, worship, and the passionate love between a man and woman. C. Hassell Bullock, a noted Old Testament scholar, delves deep into the hearts of the five poetic books, offering readers helpful details such as hermeneutical considerations for each book, theological content and themes, detailed analysis of each book, and cultural perspectives. Hebrew is a language of "intrinsic musical quality that naturally supports poetic expression," says Bullock in his introduction. That poetic expression comes from the heart of the Old Testament

*In recent decades, reception history
has become an increasingly
important and controversial topic of
discussion in biblical studies.*

Rather than attempting to recover

the original meaning of biblical texts, reception history focuses on exploring the history of interpretation. In doing so it locates the dominant historical-critical scholarly paradigm within the history of interpretation, rather than over and above it. At the same time, the breadth of material and hermeneutical issues that reception history engages with questions any narrow understanding of the history of the Bible and its effects on faith communities. The challenge that reception history faces is to explore tradition without either reducing its meaning to what faith communities think is important, or merely offering anthologies of interesting historical interpretations. This major new handbook addresses these matters by presenting

reception history as an enterprise (not a method) that questions and understands tradition afresh. The Oxford Handbook of the Reception History of the Bible consciously allows for the interplay of the traditional and the new through a two-part structure. Part I comprises a set of essays surveying the outline, form, and content of twelve key biblical books that have been influential in the history of interpretation. Part II offers a series of in-depth case studies of the interpretation of particular key biblical passages or books with due regard for the specificity of their social, cultural or aesthetic context. These case studies span two millennia of interpretation by readers with widely differing perspectives. Some are at the level

of a group response (from Gnostic readings of Genesis, to Post-Holocaust Jewish interpretations of Job); others examine individual approaches to texts (such as Augustine and Pelagius on Romans, or Gandhi on the Sermon on the Mount). Several chapters examine historical moments, such as the 1860 debate over Genesis and evolution, while others look to wider themes such as non-violence or millenarianism. Further chapters study in detail the works of popular figures who have used the Bible to provide inspiration for their creativity, from Dante and Handel, to Bob Dylan and Dan Brown. Written by eleven biblical scholars, this study explores the theology of the suffering servant in Isaiah 53 and answers a number of important

questions: What is a Christian interpretation of Isaiah 53? What is a Jewish interpretation of Isaiah 53? How did the New Testament writers understand Isaiah 53? How should forgiveness and salvation be understood in Isaiah 53? How can Isaiah 53 be used in Jewish evangelism? How do we preach Isaiah 53?

An examination of the literary and theological dynamics of the divine-human encounter as reflected in theophany narratives in the Hebrew Bible. The point of departure for this study is a type-scene analysis which reveals a common structure to theophany narratives. Beginning with the separation of the protagonist from human society, the text moves to a visual and verbal revelation by the Deity, and

records a range of human reactions to the experience. Each of the texts concludes with a description of a more externalized reaction, which marks the carrying over of the experience into a larger societal framework. The analysis develops the underlying structural and contentual similarity among texts which have traditionally been understood as belonging to different literary genres. The discussion offers a nuanced treatment of the range of literary strategies employed by the narrative for addressing these elements. In addition to a detailed analysis of each of the above components of the type-scene, there is discussion of issues such as the idea of the lethal nature of the encounter and intertextual

relations between the narratives.

JSOTS 420

In this eight-session LifeGuide® Bible Study, Douglas Connelly examines the stories of how eight people--among them a scholar, a failure, a blind man and an adulteress--found their lives changed forever when they met Jesus Christ. Looking at their lives can give you hope when you find yourself dealing failure or with an emptiness nothing in life seems to fill.

focus on the Deuteronomistic History as well as the Chronicler's History, the narrative art of Israel's historians, innerbiblical exegesis, text and textual criticism, and the emergence of these books as canonical. One feature is a series of eight consecutive articles on the periods of Israel's history from the settlement to postexilic period, which form a condensed history of Israel within the DOTHB. Syro-Palestinian archaeology is surveyed in one article, while significant archaeological sites receive focused treatment, usually under the names of

Download Ebook Encountering The Old Testament Free Books About Encounter

biblical cities and towns such as Jerusalem and Samaria, Shiloh and Shechem, Dan and Beersheba. Other articles delve into the histories and cultures of the great neighboring empires--Egypt, Assyria, Babylonia and Persia--as well as lesser peoples, such as the Ammonites, Edomites, Moabites, Philistines and Phoenicians. In addition there are articles on architecture, Solomon's temple, agriculture and animal husbandry, roads and highways, trade and travel, and water and water systems. The languages of Hebrew and Aramaic, as well as linguistics, each receive careful

Download Ebook Encountering The Old Testament Free Books About Encounter

treatment, as well as the role of scribes and their schools, and writing and literacy in ancient Israel and its environs. The DOTHB also canvases the full range of relevant extrabiblical written evidence, with five articles focused on the various non-Israelite written sources as well as articles on Hebrew inscriptions and ancient Near Eastern iconography. Articles on interpretive methods, on hermeneutics and on preaching the Historical Books will assist students and communicators in understanding how this biblical literature has been studied and interpreted, and its proper use in

preaching. In the same vein, theological topics such as God, prayer, faith, forgiveness and righteousness receive separate treatment. The history of Israel has long been contested territory, but never more so than today. Much like the quest of the historical Jesus, a quest of the historical Israel is underway. At the heart of the quest to understand the history of Israel and the Old Testament's Historical Books is the struggle to come to terms with the conventions of ancient historiography. How did these writers conceive of their task and to whom were they writing?

Clearly the Old Testament historians did not go about their task as we would today. The divine word was incarnated in ancient culture. Rather than being a dictionary of quick answers and easy resolutions readily provided, the DOTHB seeks to set out the evidence and arguments, allowing a range of informed opinion to enrich the conversation. In this way it is hoped that the DOTHB will not only inform its readers, but draw them into the debate and equip them to examine the evidence for themselves.

The history of Israel is a much-debated topic in Old Testament
