Focusing on prose fiction from Malory's Morte Darthur through the works of Sir Philip Sidney and Thomas Nashe, this study explores the concept of collective agency and the extensive impact it had on English Renaissance culture. In contrast to studies devoted to the myth of early modern individuation, English Fictions of Communal Identity, 1485-1603 pays special attention to primary communities-monastic orders, printing house concerns, literary circles, and neighborhoods-that continued to generate a collective sense of identity. Ultimately, Phillips offers a new way of theorizing the relation between collaboration and identity. In terms of literary history, this study elucidates a significant aspect of novelistic discourse, even as it accounts for the institutional disregard of often brilliant works of early modern fiction. Standardized tests demand Standard English, but secondary students (grades 6-12) come to school speaking a variety of dialects and languages, thus creating a conflict between students' language of nurture and the expectations of school. The purpose of this text is twofold: to explain and illustrate how language varieties function in the classroom and in students' lives and to detail linguistically informed instructional strategies. Through anecdotes from the classroom, lesson plans, and accessible narrative, it introduces theory and clearly builds the bridge to daily classroom practices that respect students' language varieties and use those varieties as strengths upon which secondary English teachers can build. The book explains how to teach about language variations and ideologies in the classroom: uses typically taught texts as models for exploring how power, society, and identity interact with language, literature, and students' lives; connects the Common Core State Standards to the concepts presented; and offers strategies to teach the sense and structure of Standard English and other language variations, so that all students may add Standard English to their linguistic toolboxes.

 Who Says You Have to Attend Seminary to Learn Greek? Reading the New Testament in its original language is one of the most effective ways to gain a greater understanding of the message of the Bible. Even though Greek is important to preparation for preaching and teaching, many who are called to ministry will not be able to dedicate years of study to master the language. But a lack of mastery of Greek should not exclude us from gleaning important insight and inspiration from reading Scripture in its original language. Now pastors, Bible study instructors, Sunday school teachers, and serious lay students of the Bible can learn the basics of biblical Greek at their own pace. Greek for Everyone explains how the Greek language works and introduces the Greek alphabet, pronunciation, vocabulary, and grammar, equipping readers to understand the original meaning of the New Testament. By focusing on the takeaways that most impact interpretation, this accessible book provides a working knowledge of biblical Greek for the study of Scripture.

Written by a team of experienced examiners and teachers, and matched to the requirements of the latest CSEC syllabus, English A for CSEC adopts a skills-based approach and engages students with a variety of carefully structured activities to maintain interest. CSEC examination-type questions throughout develop skills and provide valuable practice alongside interesting, audience-appropriate, extracts that meet the outcomes of the syllabus and the requirements of the examination. A newly added SBA section focuses on core skills required for this aspect of the assessment. We may all speak the same language, but getting to grips with grammar is the ultimate challenge. You could be puzzled by prepositions, confused by comparatives, or muddled over modals. Thankfully, this complete visual aid to everything in the English language sets you straight with a clear and concise format for easy understanding. The rules of English grammar are beautifully presented with eye-catching illustrations, step-by-step graphics, and straightforward explanations to help you learn. Suitable for English language learners at all levels, including experienced English speakers looking for a recap of key language points, English for Everyone: English Grammar Guide covers basic, intermediate, and advanced grammar. There is no stone left unturned when it comes to the English language. All kinds of problems are solved, including tenses, verbs, adverbs, clauses, superlatives, and questions. You are encouraged to spot patterns and sequences in language to see the similarities and develop greater understanding. After an intensive review, test yourself with a range of speaking, reading, and writing exercises to see how far you have come. This essential grammar e-guide is part of DK's English for Everyone series, an exciting and educational self-study course to build up confidence and fluency. Whether you want to improve your grammar for school, study, exams (including TOEFL and IELTS), work, or travel, this is the perfect reading companion. This book contains eleven carefully selected papers, all discussing negative constructions in English. The aim of this volume is to bring together empirical research into the development of English negation and analyses of syntactic variations in Present-day English negation. The first part "Aspects of Negation in the History of English" includes six contributions, which focus on the usages of the negative adverbs ne and not, the decline of negative concord, and the development of the auxiliary do in negation. Most of the themes discussed here are then linked to the second part "Aspects of Negation in Present-day English". Especially, the issue of negative concord is repeatedly explored by three of the five papers in this part, one related to British English dialects in general, another to Tyneside English, and the other to African American Vernacular English. This book uniquely highlights the importance of continuity from Old English to Present-day English, while, in its introduction, it provides a useful detailed survey of previous studies on English negation.

Essential preparation for the new SAT Writing and Grammar Section. Homework Helpers: English Language & Composition is a user-friendly review book that will make any student—or those trying to help them—feel like he or she has a private tutor. Each chapter includes detailed questions that allow students to assess how well they've mastered each idea. Not only does the author provide the right answers to these self-study questions, but also detailed explanations of why the wrong answers are wrong. When is a comma used? Why are some titles capitalized? How are dangling modifiers prevented? There are hundreds of grammatical and compositional rules, many of them difficult to understand and memorize. And just as many exceptions to the rules! Homework Helpers: English Language and Composition focuses on all aspects of writing, with clear lessons and exercises on:• Parts of speech• Punctuation• Tone• The writing process• Types of sentences• Types of essays• Revisions• Common errors to avoid Students from high school through college will find this book to be an essential writing tool. Younger students can follow the lessons from beginning to end to learn everything they need to know about language and composition. The more experienced student can pick and choose lessons and exercises according to need—especially if they're facing the new SAT. The Homework Helpers Series is just what students need to boost their confidence and give them the help they need to ace even the most challenging classes and tests.

The main focus of this book is to address the problem of lack of grammar texts in simple and straightforward language that students will find less difficulty in understanding. Although this book is designed for students preparing for the West African Senior School Certificate Examination, it can also serve as a useful resource material for students studying English Language in tertiary institutions, teachers of English Language and other people who may want to improve their skills in the use of English Language. This book comprises five parts as follows; parts of speech, sentence structure, enriching vocabulary, punctuation marks and mechanics, essay writing and comprehension and summary.

Modern Bible translations are at a crossroads as multiple translation philosophies argue that Bible translations ought to be done a certain way. So who's right? And what has been the historic view of English Bible translators? Leland Ryken, an expert on the literature of the Bible, brings clarity to questions of how modern Bible translations should be viewed in their historical context. He begins by tracing the history of English Bible translation from William Tyndale to the King James Bible, outlining important distinctions. In the view of these historic translators, there is a right way and a wrong way to translate the Bible. Ryken concludes that essentially literal Bible translations best adhere to the legacy of classic English Bible translation. He contends that the English Standard Version is a true heir of this classical stream and concludes with an argument on why the ESV can serve as the translation of choice for Christians in all walks of life. This book will be a great resource for Christians who have questions about why we have different Bible translations and how to choose between them.

The future of English linguistics as envisaged by the editors of Topics in English Linguistics lies in empirical studies which integrate work in English linguistics into general and theoretical linguistics on the one hand, and comparative linguistics on the other. The TIEL series features volumes that present interesting new data and analyses, and above all fresh approaches that contribute to the overall aim of the series, which is to further outstanding research in English linguistics.

The author of Reading the OED presents an eye-opening look at language "mistakes" and how they came to be accepted as correct—or not. English is a glorious mess of a language, cobbled together from a wide variety of sources and syntaxes, and changing over time with popular usage. Many of the words and usages we embrace as standard and correct today were at first considered slang, impolite, or just plain wrong. Whether you consider yourself a stickler, a nitpicker, or a rule-breaker in the know, Bad English is sure to enlighten, enrage, and perhaps even inspire. Filled with historic and contemporary examples, the book chronicles the long and entertaining history of language mistakes, and features some of our most common words and phrases, including: Decimate Hopefully Enormity That/which Enervate/energize Bemuse/amuse Literally/figuratively Ain't Irregardless Socialist OMG Stupider Lively, surprising, funny, and delightfully readable, this is a book that will settle arguments among word lovers—and it's sure to start a few, too.

Ideal for native speakers and learners alike, this clear guide to the grammar of modern English will help students speak and write English with greater confidence.

Now in its third edition, The Cambridge Encyclopedia of the English Language provides the most comprehensive coverage of the history, structure and worldwide use of English. Fully updated and expanded, with a fresh redesigned layout, and over sixty audio resources to bring language extracts to life, it covers all aspects of the English language including the history of English, with new pages on Shakespeare's vocabulary and pronunciation, updated statistics on global English use that now cover all countries and the future of English in a post-Brexit Europe, regional and social variations, with fresh insights into the growing cultural identities of 'new Englishes', English in everyday use with new sections on gender identities, forensic studies, and 'big data' in corpus linguistics, and digital developments, including the emergence of new online varieties in social media platforms such as Facebook, Twitter and WhatsApp. Packed with brand new colour illustrations, photographs, maps, tables and graphs, this new edition is an essential tool for a new generation of twenty-first-century English language enthusiasts.

Do you spend entirely too much time correcting your students' papers? Do your students' essays and term papers take side trips to nowhere? Is their writing riddled with mechanical errors? Do their lab reports and essays lack specificity and clarity? Writing in the Content Areas, Second Edition is for middle and high school content area teachers who assign essays, term papers, lab reports, and other writing tasks to students. This book provides strategies and tips to help teachers of social studies, science, art, etc. improve the quality of students' writing and apply national and state curriculum standards in your classroom. The strategies in this book can be integrated easily into every teacher's daily plans. They will help your students improve their abilities to - reflect before writing - organize and classify - provide detail without padding - use technical terminology correctly - avoid unnecessary words - spell correctly - take useful notes while they read and during your lectures. This book will help teachers - get what they want from a writing task - frame their assignments more precisely - correct student papers more quickly and efficiently The new second edition offers activities and strategies which involve technology (word processing, presentation programming, the Internet, and e-communications), differentiated instruction, and brain-based learning.

Unlike other textbooks, it helps students to understand grammar rather than see it as a set of facts and rules.
