Physics on Your Feet (2nd Edition) is a significantly expanded collection of physics problems covering the broad range of topics in classical and modern physics that were, or could have been, asked at oral PhD exams at University of California at Berkeley. The questions are easy to formulate, but some of them can only be answered using an outside-of-the box approach. Detailed solutions are provided, from which the reader is guaranteed to learn a lot about the physicists' way of thinking. The book is also packed full of cartoons and dry humor to help take the edge off the stress and anxiety surrounding exams. This is a helpful guide for students preparing for their exams, as well as a resource for university lecturers looking for good instructive problems. No exams are necessary to enjoy the book!

The Maine 2020 Master study guide will help you prepare for the exam by providing 12 practice open book exams and 2 Final Closed Book Exams. Includes Maine License Forms and Sample Applications. This book also covers most topics that are included on all Master Electricians exams such as conductor sizing and protection, motors, transformers, voltage drop, over-current protection and residential and commercial load calculations. The text contains the most widely used electrical calculations and formulas the reader needs to pass the Master electrical competency exam. About the Author Ray Holder has worked in the electrical industry for more than 40 years as an apprentice, journeyman, master, field engineer, estimator, business manager, contractor, inspector, and instructor. He is a graduate of Texas State University and holds a Bachelor of Science Degree in Occupational Education. A certified instructor of electrical trades, he has been awarded a lifetime teaching certificate from the Texas Education Agency in the field of Vocational Education. Mr. Holder has taught thousands of students at Austin Community College; Austin Texas Odessa College at Odessa, Texas; Technical-Vocational Institute of Albuquerque, New Mexico; Howard College at San Angelo, Texas, and in the public school systems in Fort Worth and San Antonio, Texas. He is currently Director of Education for Electrical Seminars, Inc. of San Marcos, Texas. Mr. Holder is an active member of the National Fire Protection Association, International Association of Electrical Inspectors, and the International Brotherhood of Electrical Workers.

Physics on Your Feet: Berkeley Graduate Exam Questions

The most trusted name in law school outlines, Emanuel Law Outlines were developed while Steve Emanuel was a student at Harvard Law and were the first to approach each course from the point

of view of the student. Invaluable for use throughout your course and again at exam time, Emanuel Law Outlines are well-correlated to all major casebooks to help you to create your own outlines. Sophisticated yet easy to understand, each guide includes both capsule and detailed explanations of critical issues, topics, and black letter law you must know to master the course. Quiz Yourself QandAs, Essay QandAs, and Exam Tips give you ample opportunity to test your knowledge throughout the semester and leading up to the exam. Every title in the series is frequently updated and reviewed against new developments and recent cases covered in the leading casebooks. Emanuel Law Outlines provide a comprehensive breakdown of the law, more sweeping than most, for your entire study process. For more than thirty years, Emanuel Law Outlines have been the most trusted name in law school outlines. Here's why: Developed by Steve Emanuel when he was a law school student at Harvard, Emanuel Law Outlines became popular with other law students and spawned an industry of reliable study aids. (Having passed the California bar as well, Steve Emanuel is now a member of the New York, Connecticut, Maryland, and Virginia bars.) Each Outline is valuable throughout the course and again at exam time. Outline chapters provide comprehensive coverage of the topics, cases, and black letter law covered in the course and major casebooks, written in a way you can easily understand. The Quiz Yourself QandA in each chapter and the Essay QandA at the end provide ample opportunity to test your knowledge throughout the semester. Exam Tips alert you to the issues that commonly pop up on exams and to the fact patterns commonly used to test those items. The Capsule Summary an excellent exam preparation tool provides a quick review of the key concepts covered in the course. The comprehensive coverage is more sweeping than most outlines. Each Emanuel Law Outline is correlated to the leading casebooks. Every title is frequently updated and reviewed against new developments and recent cases covered in the leading casebooks. Tight uniformity of writing style and approach means that if you use one of these guides, you can be confident that the others will be of similar quality.
