The book has been designed topic and subtopic-wise, keeping the students’ needs in mind. The current edition has certain unique features: Each chapter starts with a To Do list. It gives the central idea of the chapter and the way it has been addressed. Each chapter is divided into several sections corresponding to different components of the syllabus. Each chapter is splashed with HOTS. This is to promote clarity of the basics. Focus Zones in each chapter present a crux of the concepts. Blocks in each chapter include matter of special significance. Power Points and Revision Window offer a quick glance of the subject matter. ‘Exercise’ is tuned to the pattern of examination. Answers to important questions focus on the technique of writing. The exercise includes: objective type questions (remembering & understanding based questions), divided into five sections: (a) multiple choice questions, (b) fill in the blanks, (c) true or false, (d) matching the correct statements, (e) ‘very short answer’ objective type questions reason-based questions HOTS & applications analysis & evaluation CBSE questions (with answers or reference to the text for answers) NCERT questions (with hints to answers) miscellaneous and add-on questions (with hints or reference to the text for answers) Dos and Don’ts (at the end of each chapter) should serve as a safeguard against misinterpretation of the concepts. Ability Zone is a uniquely designed section at the end of the chapter. This raises the difficulty level, of course, but should serve as a useful material for the outstanding learners. Solved & Unsolved numericals are given to boost a grip on the subject.

A Simple Account of the World History 'Glimpses of the World History' is an account of the progress of the world through centuries and ages. This book is a collection of letters that Jawaharlal Nehru wrote to his daughter Indira when he was in various Indian prisons for three years. The letters were meant to introduce her to the world and its history. In the first few letters, Nehru expresses his sadness for not being able to be around his daughter and give her the materialistic gifts that other parents could but he promises to give her a gift that he could afford; in the form of knowledge and wisdom through words that come from the very core of his heart. Nehru wrote 196 letters and covered the history of mankind from 6000 BC to the time he was writing the letters. Tales of Empires A major part of these letters talks extensively about the rise and fall of empires around the world and development of civilizations as well. Nehru talks about the histories of every significant place ranging from Greece in the far West to China in the east. The book talks about the wars that were fought during these years and the greatest revolutions that overthrew established dynasties. Nehru has also written about the legendary leaders and kings who have walked the earth including right from Alexander the Great to Mahatma Gandhi. A Different View Unlike many other books that talk more or less about particular history of specific cultures, this book is a panoramic view of the history of mankind. It talks about the barbarians as well as the well behaved societies in the far west. Nehru has written this book with lot of wit which makes it an interesting read.

*Tracing the history of colonial education in the Punjab, the large province of Hindustan divided today between India and Pakistan, this book argues that the British-controlled system of colonial education in Hindustan failed well before the national movement challenged foreign educational practice in the early twentieth century. Drawing on extensive archival research in Great Britain, India and Pakistan, Allender shows how the early ideas of British officials generated a highly imaginative village system of schooling. Attempting to accommodate local language and religious sensitivities, this broad-based scheme offered possibilities to improve the lot of village boys. The revolt of 1857, and a well-meaning crusade against female infanticide, prompted officials to drop this scheme and to content themselves with city based schools. Christian missionary tensions with the government over their evangelising agenda also meant that their focus on poor students was limited to a mere 17 years. These developments helped to create a strong indigenous voice for educational innovations and change, notably represented in the Arya Samaj. In 1882, the Hunter Commission marked a recognition over the previous 30 years made it impossible for them to reach the general population with an effective European-led scheme of education.*

*Niccolo di Bernardo dei Machiavelli (1469-1527) was an Italian political philosopher, musician, poet, and romantic comedic playwright. He is a figure of the Italian Renaissance and a central figure of its political component, most widely known for his treatises on realist political theory -The Prince (1513)- on the one hand and republicanism -Discourses on Livy (1512-1517)- on the other.*

Oswaal Karnataka PUE Solved Papers II PUC (Set of 4 Books) English, Physics, Chemistry, Biology (For 2022 Exam)

***Gives an understanding of the glorious intellectual and spiritual tradition of (a) great country.' Albert Einstein Written over five months when Jawaharlal Nehru was imprisoned in the Ahmadnagar Fort, The Discovery of India has acquired the status of a classic since it was first published in 1946. In this work of prodigious scope and scholarship, one of the greatest figures of Indian history unfolds the panorama of the country's rich and complex past, from prehistory to the last years of British colonial rule. Analysing texts like the Vedas and the Arthashastra, and personalities like the Buddha and Mahatma Gandhi, Nehru brings alive an ancient culture that has seen the flowering of the world's great traditions of philosophy, science and art, and almost all its major religions. Nehru's brilliant intellect, deep humanity and lucid style make The Discovery of India essential reading for anyone interested in India, both its past and its present.***
