This book examines the redress movement for the victims of Japanese military sexual slavery in South Korea, Japan, and the U.S. comprehensively. The Japanese military forcefully mobilized about 80,000-200,000 Asian women to Japanese military brothels and forced them into sexual slavery during the Asian-Pacific War (1932-1945). Korean "comfort women" are believed to have been the largest group because of Korea's colonial status. The redress movement for the victims started in South Korea in the late 1980s. The emergence of Korean "comfort women" to society to tell the truth beginning in 1991 and the discovery of Japanese historical documents, proving the responsibility of the Japanese military for establishing and operating military brothels by a Japanese historian in 1992 accelerated the redress movement for the victims. The movement has received strong support from UN human rights bodies, the U.S. and other Western countries. It has also greatly contributed to raising people's consciousness of sexual violence against women at war. However, the Japanese government has not made a sincere apology and compensation to the victims to bring justice to the victims.

The Diary of a Young Girl, also known as The Diary of Anne Frank, is a book of the writings from the Dutch language diary kept by Anne Frank while In 1942, with zis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. The family was apprehended in 1944, and Anne Frank died of typhus in the Bergen-Belsen concentration camp in 1945. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fasciting commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short. The diary was retrieved by Miep Gies, who gave it to Anne's father, Otto Frank, the family's only known survivor, just after the war was over. The diary has since been published in more than 60 languages.

Human to Nonhuman in Drama, Theatre and Contemporary Performance

Obstacle Course

The Secret History of the Vietnam War

Forms of Emotion analyses how drama, theatre and contemporary performance present emotion and its human and nonhuman diversity. This book explores the emotions, emotional feelings, mood, and affect, which make up a spectrum of 'emotion', to illuminate theatrical knowledge and practice and reflect the distinctions and debates in philosophy, neuroscience, psychology, and other disciplines. This study asserts that specific forms of emotion are intentionally unified in drama, theatre, and performance to convey meaning, counteract separation and subversively champion emotional freedom. The book progressively shows that the dramatic and theatrical representation of the nonhuman reveals how human dominance is offset by emotional connection with birds, animals, and the natural environment. This book will be of great interest to students and researchers interested in the emotions and affect in dramatic literature, theatre studies, performance studies, psychology, and philosophy as well as artists working with emotionally expressive performance.

"The WikiLeaks of its day" (Time) is as relevant as ever to present-day American politics. "The most significant leaks of classified material in American history." -The Washington Post Not Fake News! The basis for the 2018 film *The Post* by Academy Award-winning director Steven Spielberg, *The Pentagon Papers* are a series of articles, documents, and studies examining the Johnson Administration's lies to the public about the extent of US involvement in the Vietnam War, bringing to light shocking conclusions about America's true role in the conflict. Published by The New York Times in 1971, *The Pentagon Papers* riveted an already deeply divided nation with startling and disturbing revelations about the United States' involvement in Vietnam. The Washington Post called them "the most significant leaks of classified material in American history" and they remain relevant today as a reminder of the importance of a free press and First Amendment rights. *The Pentagon Papers* demonstrated that the government had systematically lied to both the public and to Congress. This incomparable, 848-page volume includes: *The Truman and Eisenhower Years: 1945-1960* by Fox Butterfield *Origins of the Insurgency in South Vietnam* by Fox Butterfield *The Kennedy Years: 1961-1963* by Hedrick Smith *The Overthrow of Ngo Dinh Diem: May-November, 1963* by Hedrick Smith *The Covert War and Tonkin Gulf: February-August, 1964* by Neil Sheehan *The Consensus to Bomb North Vietnam: August, 1964-February, 1965* by Neil Sheehan *The Launching of the Ground War: March-July, 1965* by Neil Sheehan *The Buildup: July, 1965-September, 1966* by Fox Butterfield *Secretary McNamara's Disenchantment: October, 1966-May, 1967* by Hedrick Smith *The Tet Offensive and the Turnaround* by E. W. Kenworthy *Analysis and Comment Court Records Biographies of Key Figures* With a brand-new foreword by James L. Greenfield, this edition of the Pulitzer Prize-winning story is sure to provoke discussion about free press and government deception, and shed some light on issues in the past and the present so that we can better understand and improve the future.

50th Anniversary Edition With a New Preface and Two Bonus Essays The most influential critique of psychiatry ever written, Thomas Szasz's classic book revolutionized thinking about the nature of the psychiatric profession and the moral implications of its practices. By diagnosing unwanted behavior as mental illness, psychiatrists, Szasz argues, absolve individuals of responsibility for their actions and instead blame their alleged illness. He also critiques Freudian psychology as a pseudoscience and warns against the dangerous overreach of psychiatry into all aspects of modern life.

Refugee Law's Fact-Finding Crisis

Hilary Evans Cameron demonstrates how the law that governs fact-finding in refugee hearings is malfunctioning, and suggests a way forward.

"Singapore ... is a repressive place where the government severely restricts what can be said, published, performed, read, or watched. Those who criticize the government or the judiciary, or publicly discuss race and religion, frequently find themselves facing criminal investigations and charges, or civil defamation suits and crippling damages. Public demonstrations and other peaceful assemblies are severely limited, and failure to comply with detailed restrictions on what can be said and who can participate in public gatherings often leads to arrest. [This report] documents the Singaporean government's use of its overbroad criminal laws, oppressive regulatory restrictions, access to funding, and civil lawsuits to control and limit critical speech or peaceful protest. It provides an in-depth analysis of the laws and regulations used to suppress speech and assembly, including the Public Order Act, the Sedition Act, the Broadcasting Act, various Penal Code provisions, and laws on criminal contempt, and examines how those provisions have been used against peaceful activists. ... Human Rights Watch calls on Singapore's government to drop all pending charges and investigations against those being prosecuted for the exercise of their freedom of expression or their right to participate in peaceful assemblies, and amend or repeal relevant laws to bring them into line with international human rights standards."--Back cover.

Voted America's Best-Loved Novel in PBS's *The Great American Read* Harper Lee's Pulitzer Prize-winning masterwork of honor and injustice in the deep South—and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, *To Kill a Mockingbird* has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

Suppression of Free Expression and Assembly in Singapore

The First Amendment

A concise and accessible guide to techniques for detecting doctored and fake images in photographs and digital media. Stalin, Mao, Hitler, Mussolini, and other dictators routinely d

photographs so that the images aligned with their messages. They erased people who were there, added people who were not, and manipulated backgrounds. They knew if they changed the visual record, they could change history. Once, altering images required hours in the darkroom; today, it can be done with a keyboard and mouse. Because photographs are so easily manipulated, fake photos are everywhere—supermarket tabloids, fashion magazines, political ads, and social media. How can we tell if an image is real or false? In this volume in the MIT Press Essential Knowledge series, Hany Farid offers a concise and accessible guide to techniques for detecting doctored and fake images in photographs and digital media. Farid, an expert in photo forensics, has spent two decades developing techniques for authenticating digital images. These techniques model the entire image-creation process in order to find the digital distortions introduced by manipulation of the image. Each section of the book describes a different technique for analyzing an image, beginning with those requiring minimal technical expertise and advancing to those at intermediate and higher levels. There are techniques for, among other things, reverse image searches, metadata analysis, finding image imperfections introduced by JPEG compression, image cloning, tracing pixel patterns, and detecting images that are computer generated. In each section, Farid describes the techniques, explains when they should be applied, and offers examples of image analysis.

From bestselling writer David Graeber—"a master of opening up thought and stimulating debate" (Slate)—a powerful argument against the rise of meaningless, unfulfilling jobs...and the consequences. Does your job make a meaningful contribution to the world? In the spring of 2013, David Graeber asked this question in a playful, provocative essay titled "On the Phenomenon of Bullshit Jobs." It went viral. After one million online views in seventeen different languages, people all over the world are still debating the answer. There are hundreds of people—HR consultants, communication coordinators, telemarketing researchers, corporate lawyers—whose jobs are useless, and, tragically, they know it. These people are caught in a cycle of meaningless jobs. Graeber explores one of society's most vexing and deeply felt concerns, indicting among other villains a particular strain of finance capitalism that betrays ideals shared by thinkers ranging from Keynes to Lincoln. "Clever and charismatic" (The New Yorker), Bullshit Jobs gives individuals, corporations, and societies permission to undergo a shift in values, placing creative and caring work at the center of our culture. This book is for everyone who wants to turn their vocation back into an avocation and "a thought-provoking examination of the lives" (Financial Times).

Covering a broad geographic scope from Virginia to South Carolina between 1820 and 1860, Jeff Forret scrutinizes relations among rural poor whites and slaves, a subject previously unexplored and certainly under-reported. Forret's findings challenge historians' long-held assumption that mutual violence and animosity characterized the two groups' interactions; instead, he reveals that while poor whites and slaves sometimes experienced bouts of hostility, often they worked or played in harmony and camaraderie. Race Relations at the Margins is remarkable for its focus on lower-class whites and their dealings with slaves outside the purview of the master. Race and class, Forret demonstrates, intersected in unique ways for those at the margins of the southern society, challenging the belief that race created a social cohesion among whites regardless of economic status. As Forret makes apparent, colonial-era flexibility in race relations never entirely disappeared despite the institutionalization of slavery and the growing rigidity of color lines. His book offers a complex and nuanced picture of the shadowy world of interracial white interactions, demanding a refined understanding and new appreciation of the range of interracial associations in the Old South.

The Daily Show with Jon Stewart and The Colbert Report have attracted much interest in recent years from popular audiences as well as scholars in various disciplines. Both Jon Stewart and Stephen Colbert have been named on Time magazine's list of the most influential people in the world. The ten essays in this interdisciplinary collection explore the issues engendered by the popularity of entertainment news, including the role of satire in politics, the declining level of trust in traditional sources of media, the shows' cathartic or informational function, and the ways in which these shows influence public opinion. Instructors considering this book for use in a course may request an examination copy here.

Journey "inside the numbers" for an exceptional set of statistical tools and rules that can help explain the winning, or losing, ways of a basketball team. Basketball on Paper doesn't diagram plays or explain how players get in shape, but instead demonstrates how to interpret player and team performance. Dean Oliver highlights general strategies for teams when they're winning or losing and what aspects should be the focus in either situation. He describes and quantifies the jobs of team leaders and role players, then discusses the interactions between players and how to achieve the best fit. Oliver conceptualizes the meaning of teamwork and how to quantify the value of different types of players working together. He examines historically successful NBA teams and identifies what made them so successful: individual talent, a system of putting players together, or good coaching. Oliver then uses these statistical tools and case studies to evaluate the best players in history, such as Magic Johnson, Wilt Chamberlain, Bill Russell, and Charles Barkley and how they contributed to their teams' success. He does the same for some of the NBA's "oddball" players—Manute Bol, Muggsy Bogues, and Dennis Rodman and for the WNBA's top players. Basketball on Paper is unique in its incorporation of business and analytical concepts within the context of basketball to measure the value of players in a cooperative setting. Whether you're looking for strategies or new ideas to throw out while watching the ballgame at a sports bar, Dean Oliver's Basketball on Paper will give you amazing new insights into teamwork, coaching, and

success.

It is very rightly said that if we teach today as we taught yesterday, then we rob our children of tomorrow. With this vision, CISCE has yet again updated and released its curriculum for the upcoming Academic Year. With all the refreshing changes and updates, the way ahead looks exciting for students and teachers alike! We at Oswaal Books, are also extremely upbeat about the recent changes. We have made every possible effort to incorporate all these changes in our books for the coming Academic Year. Questions incorporated in this book follow the latest syllabus, pattern and marking guidelines of the Council to guide the candidates to answer with precision. This will help students to get familiar with the examination techniques. These Question banks are available for all important subjects like Maths, English, Hindi, Physics, Chemistry, Biology, History & Civics, Geography, Commercial Studies, Commercial Applications, Economic applications & Computer Applications & Economics. We at Oswaal Books never try to teach our readers. We on the other hand, provide them the conditions in which they can learn and train their mind to think! After all Education is what remains after one has forgotten what one learned in school. Some of the key benefits of studying from Oswaal Solved Papers are: • Strictly based on the latest CISCE Curriculum issued for Academic Year 2020-2021 • Previous Years' Board Questions for in depth study • Handwritten Toppers' Answers • Answering Tips and Examiner's Comments • Answers strictly as per the ICSE Marking Scheme • All Typology of Questions included for exam-oriented study • Revision Notes for comprehensive study • 'Mind Maps' in each chapter for making learning simple. Suggested videos at the end of each chapter for a Digital Learning Experience IMPORTANT FEATURES OF THE BOOK: Self-Study Mode ICSE Chapter wise/Topic wise 10 years' Solved papers ICSE Previous 10 years' Examination Questions to facilitate focused study Exam Preparatory Material Latest Solved paper with Handwritten Topper's Answers Answers from ICSE Marking Scheme -2018 with detailed explanations as per the word limit for perfection in answering final exam questions Board Examiner comments and answering tips for clearer thinking. Suggestions for Students to score full marks in Exams Topics and concepts found difficult by students All-in -one Chapter wise & Topic wise introduction to enable quick revision Mind Maps for improved learning WHAT THIS BOOK HAS FOR YOU: Latest ICSE Curriculum Strictly based on the latest CISCE curriculum and examination specifications for Academic Year 2020-2021, for class 10 Latest Typology OF Questions Latest typology of questions are included as per the latest design of the question paper issued by CISCE Hybrid Learning Suggested videos for digital learning About Oswaal Books: We feel extremely happy to announce that Oswaal Books has been awarded as 'The Most Promising Brand 2019' by The Economic Times. This has been possible only because of your trust and love for us. Oswaal Books strongly believes in Making Learning Simple. To ensure student-friendly, yet highly exam-oriented content, we take due care in developing our Panel of Experts. Accomplished teachers with 100+ years of combined experience, Subject Matter Experts with unmatched subject knowledge, dynamic educationists, professionals with a keen interest in education and topper students from the length and breadth of the country, together form the coveted Oswaal Panel of Experts. It is with their expertise, guidance and a keen eye for details that the content in each offering meets the need of the students. No wonder, Oswaal Books holds an enviable place in every student's heart!

The terrorist script is a plea to humanity that he is not a terrorist but society is pushing him into that dark world. You bombed my house killed my family I ran away. your country you treated me bad. You would not allow me to work. I sought free medication you refused me I sought help from lawyers I had no money.... You deport world full of terrorists? Are you surprised Im radicalised? The characters depicted are refugees from various countries savaged by British French USA and German bom rigorous journeys through dangerous seas and borders they are accosted by a host whose agenda is cryptically benevolent.

It seems unthinkable that citizens of one of the most powerful nations in the world must risk their lives and livelihoods in the search for access to necessary health o surprise that in many places throughout the United States, getting an abortion can be a monumental challenge. Anti-choice politicians and activists have worked tirele needless restrictions on this straightforward medical procedure that, at best, delay it and, at worst, create medical risks and deny women their constitutionally prote Obstacle Course tells the story of abortion in America, capturing a disturbing reality of insurmountable barriers people face when trying to exercise their legal rights t services. Authors David S. Cohen and Carole Joffe lay bare the often arduous and unnecessarily burdensome process of terminating a pregnancy: the sabotaged decisio clinics in remote locations, insurance bans, harassing protesters, forced ultrasounds and dishonest medical information, arbitrary waiting periods, and unjustified proce limitations. Based on patients' stories as well as interviews with abortion providers and allies from every state in the country, Obstacle Course reveals the unstoppable required of women in the pursuit of reproductive autonomy as well as the incredible commitment of abortion providers. Without the efforts of an unheralded army of

professionals, clinic administrators, counselors, activists, and volunteers, what is a legal right would be meaningless for the almost one million people per year who go is a better way--treating abortion like any other form of health care--but the United States is a long way from that ideal.

Terrorism: Commentary on Security Documents is a series that provides primary source documents and expert commentary on various topics relating to the worldwide effort to combat terrorism, as well as efforts by the United States and other nations to protect their national security interests. Volume 148, Lone Wolf Terrorists, examines the phenomenon of the solitary domestic terrorist, analyzes the distinction between such terrorists and mass murderers who are not deemed to be terrorists, considers the motivations of violent extremists, and examines the dilemmas faced by law enforcement in preventing solitary political extremists with violent ideologies from translating their beliefs into actions. The volume is divided into three sections, providing an overview of the topic, an examination of strategies for prevention of such attacks, and a consideration of the Internet's role in contributing to radicalization. Documents included in this volume include a CRS report on domestic terrorism, a report examining violent radicalization from a criminal justice perspective, and a CRS report differentiating hate crimes from domestic terrorism, as well as other reports on the lone wolf terrorism phenomenon and strategies to prevent and/or counter it. The last document in the volume is a CRS report relating to the advocacy of terrorism on the Internet, especially including social media, and the ways in which law enforcement might be able to address the problem of dangerous online speech within the current U.S. legal structure.

European Convention on Human Rights - Article 10 - Freedom of expression 1. Everyone has the right to freedom of expression. This right shall include freedom to hold opinions and to receive and impart information and ideas without interference by public authority and regardless of frontiers. This article shall not prevent States from requiring the licensing of broadcasting, television or cinema enterprises. 2. The exercise of these freedoms, since it carries with it duties and responsibilities, may be subject to such formalities, conditions, restrictions or penalties as are prescribed by law and are necessary in a democratic society, in the interests of national security, territorial integrity or public safety, for the prevention of disorder or crime, for the protection of health or morals, for the protection of the reputation or rights of others, for preventing the disclosure of information received in confidence, or for maintaining the authority and impartiality of the judiciary. In the context of an effective democracy and respect for human rights mentioned in the Preamble to the European Convention on Human Rights, freedom of expression is not only important in its own right, but it also plays a central part in the protection of other rights under the Convention. Without a broad guarantee of the right to freedom of expression protected by independent and impartial courts, there is no free country, there is no democracy. This general proposition is undeniable. This handbook is a practical tool for legal professionals from Council of Europe member states who wish to strengthen their skills in applying the European Convention on Human Rights and the case law of the European Court of Human Rights in their daily work.

The Stewart/Colbert Effect

Foundations of a Theory of Personal Conduct

On the 24th of February, 1815, the look-out at Notre-Dame de la Garde signalled the three-master, the Pharaon from Smyrna, Trieste, and Naples. As usual, a pilot put off immediately, and rounding the Chateau d'If, got on board the vessel between Cape Morgion and Rion island. Immediately, and according to custom, the ramparts of Fort Saint-Jean were covered with spectators; it is always an event at Marseilles for a ship to come into port, especially when this ship, like the Pharaon, has been built, rigged, and laden at the old Phocée docks, and belongs to an owner of the city. The ship drew on and had safely passed the strait, which some volcanic shock has made between the Calasareigne and Jaros islands; had doubled Pomegue, and approached the harbor under topsails, jib, and spanker, but so slowly and sedately that the idlers, with that instinct which is the forerunner of evil, asked

one another what misfortune could have happened on board. However, those experienced in navigation saw plainly that if any accident had occurred, it was not to the vessel herself, for she bore down with all the evidence of being skilfully handled, the anchor a-cockbill, the jib-boom guys already eased off, and standing by the side of the pilot, who was steering the Pharaon towards the narrow entrance of the inner port, was a young man, who, with activity and vigilant eye, watched every motion of the ship, and repeated each direction of the pilot. The vague disquietude which prevailed among the spectators had so much affected one of the crowd that he did not await the arrival of the vessel in harbor, but jumping into a small skiff, desired to be pulled alongside the Pharaon, which he reached as she rounded into La Reserve basin. When the young man on board saw this person approach, he left his station by the pilot, and, hat in hand, leaned over the ship's bulwarks. He was a fine, tall, slim young fellow of eighteen or twenty, with black eyes, and hair as dark as a raven's wing; and his whole appearance bespoke that calmness and resolution peculiar to men accustomed from their cradle to contend with danger.

Are you frustrated with the brand? Have you been poorly served by brand? Do you want a refund, compensation or exchange? Have you experience rude or humiliating behavior from your brand or service provider? do you feel cheated? Is your college or Institute fake? do you have a complaint against an eCommerce company, hospitals, insurance producer, placement company, Banks, Travel Company or immigration consultant? Do you want to file a criminal complaint against the brand, business or service provider? are you a victim of ATM fraud? or Do you have a complaint similar in nature? Do you want to contest consumer complaint on behalf of a community of other people? Resolve your consumer complaint online at your home or office or hassle free through consumer court. yes, that is true. File Consumer (Court) Complaint (In India) Without Lawyer eBook is a solution to all your grievances against the brand, manufactures, business, and service provider. This book is packed with solid information and strategy to collect evidence, file your complaint and fight your case to win. This book does not speak lawyer's language but it absolutely focuses on the practical situation and help you at every stage of your complaint. Moreover, this is an India's first Interactive eBook i.e you can ask author question related to your problem through email and get practical advises and support to win your case. This book also shows you how you can remain absent in court and still fight your case, steps to be taken when the lawyer of the opposite party remain absence or court gives you dates without a reason. The Terrorist Script

Slaves and Poor Whites in the Antebellum Southern Countryside

The emergence of severe acute respiratory syndrome (SARS) in late 2002 and 2003 challenged the global public health community to confront a novel epidemic that spread rapidly from its origins in southern China until it had reached more than 25 other countries within a matter of months. In addition to the number of patients infected with the SARS virus, the disease had profound economic and political repercussions in many of the affected regions. Recent reports of isolated new SARS cases and a fear that the disease could reemerge and spread have put public health officials on high alert for any indications of possible new outbreaks. This report examines the response to SARS by public health systems in individual countries, the biology of the SARS coronavirus and related coronaviruses in animals, the economic and political fallout of the SARS epidemic, quarantine law and other public health measures that apply to combating infectious diseases, and the role of international organizations and scientific cooperation in halting the spread of SARS. The report provides an illuminating survey of findings from the epidemic, along with an assessment of what might be needed in order to contain any future outbreaks of SARS or other emerging infections.

Make workplace conflict resolution a game that EVERYBODY wins! Recent studies show that typical managers devote more than a quarter of their time to resolving coworker disputes. The Big Book of Conflict-Resolution Games offers a wealth of activities and exercises for groups of any size that let you manage your business (instead of managing personalities). Part of the acclaimed, bestselling Big Books series, this guide offers step-by-step directions and customizable tools that empower you to heal rifts arising from ineffective communication, cultural/personality clashes, and other specific problem areas—before they affect your organization's bottom line. Let The Big Book of Conflict-Resolution Games help you to: Build trust Foster morale Improve processes Overcome diversity issues And more Dozens of physical and verbal activities help create a safe environment for teams to explore several common forms of conflict—and their resolution. Inexpensive, easy-to-implement, and proved effective at Fortune 500 corporations and mom-and-pop businesses alike, the exercises in The Big Book of Conflict-Resolution Games delivers everything you need to make your workplace more efficient, effective, and engaged.

The Merchant of Venice has been performed more often than any other comedy by Shakespeare. Molly Mahood pays special attention to the expectations of the play's first audience, and to our modern experience of seeing and hearing the play. In a substantial new addition to the Introduction, Charles Edelman focuses on the play's sexual politics and recent scholarship devoted to the position of Jews in Shakespeare's time. He surveys the international scope and diversity of theatrical interpretations of The Merchant in the 1980s and 1990s and their different ways of tackling the troubling figure of Shylock.
