provide comprehensive instruction to P-12 students through this text. While special education teachers are often not the ones conducting comprehensive evaluations, it is paramount that they understand their students' individual characteristics, and understand how assessment is used to determine diagnosis and eligibility. Framing the text around The Individuals with Disabilities Act (IDEA) provides students with concrete standards by which all disabilities are evaluated and regulated in our public educational system. Part I introduces the basic topics of assessment, ethics, and assessment types. Part II moves on to provide diagnostic and eligibility criteria according to IDEA categories that
