With probing questions that guide the reader toward application, The MacArthur Bible Studies are invaluable tools for Bible students of all ages. The book of Acts is the first volume of church history. It records the story of the church from its explosive beginning on the Day of Pentecost to the imprisonment at Rome of its greatest missionary. During those three decades, the church expanded from a small group of Jewish believers gathered in Jerusalem to embrace thousands in dozens of congregations throughout the Roman world. Acts describes how the Spirit of God superintended, controlled, and empowered the expansion of the church.*

*Although a work of history, not theology, Acts nevertheless emphasizes the doctrinal truths concerning salvation, the work and person of the Holy Spirit, and other theological issues. fighting against the will of God with your prayers? I once did. Our good Father does not want you to wonder. His Word makes it clear we can look to it and know His will on a great many things - including autism spectrum disorder. Filled with scriptural proof and revelation by the Holy Spirit, this book will help you discover the truth that will set you free, so you'll know with certainty that autism is not God's will for your child (nor you!). The revelatory teachings found in this book shine the light of His Word onto this disorder fully exposing how it exalts itself against the will of God, so you may take authority over autism in Jesus' name. If you're praying for autism to be healed for your child, then this is a great book to add to your faith arsenal, and may its words destroy every lie the enemy has ever spoken to you about this disorder which is not of God: "For God is NOT the Author of DISORDER but of peace," (1 Corinthians 14:33). This book is intended to be a prequel to my book, "Author of Head to Toe Healing from Autism and Other Neuroimmune Disorders

- A Book of 31 Scriptural Prayers for Your Child," but they can be read in any order. In Christ, D.R. Warring

We live in a radically skeptical age. Tough questions are being asked about Christianity. And most believers are ill-equipped to provide the answers our culture and communities desperately need. Many in today's church do not know the Bible as well as they should and they struggle with their own "big questions" about the faith. After receiving more than four thousand questions at his Christian Thinkers Society events over the span of six years, Dr. Jeremiah Johnston began to recognize six categories of recurring, trending questions that dominated the rest. In *Unanswered*, he tackles these tough issues that plague the minds of believers but are rarely addressed in church, such as... Why is it that God often seems to remain silent? How can we trust in the bodily resurrection of Jesus, and what does it mean for us today? What do Christians need to understand about suicide and mental illness? How should Christians respond to spiritual darkness and the obsession

with paranormal activity? Why is biblical illiteracy so dangerous for Christians and the church? Why do we experience suffering and pain?

Unanswered will leave you enriched, characterized by a thinking faith, capable to communicate confidently, and committed to escape the tendency to offer trite answers to a skeptical world.

“Is it working? Your belief system, that is. Is it really working? God’s intention all along has been for the believer’s life to work. From divine perspective toward terrestrial turf, God meant for his children to succeed.

. . Are our Christian lives successful? Are they achieving and experiencing what Scripture said they would? In a recent sermon my son-in-law preached, Curt told us the only way we were going to impact the world and the next generation is to prove that our faith in Christ is real and that it works. For countless Christians I’m convinced it’s real. My concern is whether or not we have the fruit to suggest it works.”—Beth Moore; *Believing God Forgiving Yourself and Others*

Faith over Fear

***Set the stage for unhindered healing. Rejection, depression, guilt, fear--evidence of spiritual bondage in today's world is rampant. The hurt is real, but so is the good news! In this groundbreaking, classic work, Chester and Betsy Kylstra show how you can trace pain and woundedness back to four foundational sources. True, lasting restoration and healing take place by dealing with these four sources together in an integrated way, instead of as separate areas. They are · release from ancestral sins and curses · replacement of destructive beliefs with godly ones · healing from emotional and spiritual pain · deliverance from demonic oppression This well-proven manual is designed for both personal recovery and ministry to others. In it, the Kylstras provide guiding Scriptures, step-by-step processes, self-inventories, visual aids, tables and real-life stories of people being restored through this integrated, fourfold approach. You can live free! Become who you are meant to be, and help others do the same. ***For about two decades John W. Loftus was a devout evangelical Christian, an ordained minister of the Church of Christ, and an ardent apologist for Christianity. With three degrees--in philosophy, theology, and philosophy of religion--he was adept at using rational argumentation to defend the faith. But over the years, doubts about the credibility of key Christian tenets began to creep into his thinking. By the late 1990s he experienced a full-blown crisis of faith. In this honest appraisal of his journey from believer to atheist, the author carefully explains the experiences and the reasoning process that led him to reject religious belief. The original edition of this book was published in 2006 and reissued in 2008. Since that time, Loftus has received a good deal of critical feedback from Christians and skeptics alike. In this revised and expanded edition, the author addresses criticisms of the original, adds new argumentation and references, and refines his presentation. For every issue he succinctly summarizes the various points of view and provides references for further reading. In conclusion, he describes the implications of life without belief in God, some liberating, some sobering. This frank critique of Christian belief from a former insider will interest freethinkers as well as anyone with doubts about the***

Hope, Healing and Heaven is for everyone in search of hope. I have walked in your shoes. I've been mistreated, rejected, addicted, depressed and anxiety-ridden, hopeless and grief-stricken. But that is not where this story ends. My journey out of the pit of hopelessness is outlined in these pages as I discover the truth that whatever the present circumstances, hope still remains. Hope that is not just wishful thinking, but hope that comes with the certainty of an expected conclusion. The key is to understand that this present and short life is only the first act on the stage of eternity - just the opening scene in an infinite drama where the second, final, and never-ending act is spectacularly better than the first. So take heart - even the worst of situations can be overcome with hope and healing and the certain expectation of Heaven.

Faith is capable of completely overcoming fear, and the apostle Peter learned this simple truth while struggling through the darkness of overwhelming fear in the early days of Christianity. When he had grown in faith and had become the rock of the early church, Peter shared the lessons he had learned in scripture, just as Jesus had instructed him to do. In Faith over Fear, author Charity A. Lane shares her own spiritual journey from the darkest moments of her life, where she was able to learn the same simple truth when she turned to scripture in desperation and stumbled upon the faith-filled words of the apostle Peter in 1 Peter 5:8-10. These words inspired a battle against fear, which taught Charity the truth about the weakness

of fear and the strength of faith. Let Peter's words and Charity's own journey become the inspired foundation of your renewed strength in the face of fear. By tracking the distribution of disease and pinpointing relevant risk factors, social epidemiology reveals how social problems are intrinsically linked to the health of populations. The practice also takes into account the psychosocial, biological, and medical determinants of disease and health, encouraging a rich and multidisciplinary approach to analyzing and solving complex contemporary social issues. This book provides a clear and comprehensive set of tools for practice. Julie Cwikel begins with an overview of the historical roots of public health and social medicine and shows how they formed the theoretical basis for current social epidemiological methods. Cwikel then explains the theoretical and programmatic tools social epidemiologists use in their research, program planning, and evaluation. In conclusion, Cwikel demonstrates how the SOCEPID model can be applied to a range of topics, including chronic illness, obesity, violence prevention, occupational health, sexually transmitted diseases (especially HIV), environmental hazards, and addressing the needs of vulnerable populations such as immigrants and trafficked women. With compelling authority, Cwikel shows readers how the exciting and growing field of social epidemiology is both practical and activist, drawing on cutting-edge empirical findings to conduct policymaking research and promote health at both the personal and population levels.

Born in 1961, Rebecca, whose nickname is Becky, was born into the most dire of circumstances. The fifth child of poor parents; whose marriage was already at the point of collapse. to have seven children. Barbara struggled while working for seventy-five cents an hour, at a nearby dry cleaners. Her father Loyd worked less and less as the years went by, due to the more extreme form of chronic alcoholism. While living in the ghetto and enduring the harshest depravation imaginable, God sent His messengers with The Good News of Jesus Christ. Becky faithfully rode the church bus with her elder siblings, starting around the age of two years old while carrying her own spare diaper, in a brown paper bag. Her mother would instruct, "Don't dirty your diaper while you're gone." The story is told that she never did! Becky refused to be left behind, and grew up cherishing the Bible stories she was taught at "The First Church of the Nazarene," in Rock Island, Illinois. Becky also attended regularly at Grant Elementary; her public grade school, a Bible study that was held after hours in the school cafeteria. The truth is, Becky never fully perceived until now, what God had indeed predestined for her, and that is why He saw to it that she knew His Holy Word from the start. She readily acknowledges, that if she hadn't experienced the steadfast love of God early on, that He would have never been able to do the miraculous for her in 1990, when her doctor crudely informed, "The top of your babies head is missing!" The cataclysmic discovery that her baby was suffering from the disease of "anencephaly," was rendered just two weeks before she was due to give birth for the first time at the age of twenty-nine. Indeed, God's hand has been upon Becky her entire life, but was never more providential than that fateful day on May 12, 1990, when her precious Melissa Ann was born, and returned straight back to heaven from whence she was sent. Melissa beat the odds by being born alive, and lived for three rapturous hours and eighteen glorious minutes upon this earth, cradled all the while in her parent's adoring arms. Afterwards, Becky spent vast hours alone in her prayer closet seeking God's divine help and guidance. She needed to know what He had to

say about all that was happening to her, as many more complications and obstacles were involved as you will read about. To her amazement, God had a lot to say, hence, "Becky's Ministry of Love" was born. From that moment on, Becky has faithfully shared the love, hope, healing, and restoration, God imparted to her during that potentially devastating time in her life. In addition, Becky also shares the wisdom and experience she's gained from twenty-two years of specializing in Child Death and Reproductive Challenges.

With the onset of sudden profound deafness at the age of 29, Barbara Brodsky set out on a quest to understand the nature of illness and healing, examining the interrelationship of mind and body and our capacity to transcend limitation. Asking the questions What is healing? Who and what heals? Why do some people heal while others do not? she discusses karma and free will, our habit of identifying with a limited sense of self, and our potential for greater healing. A longtime Buddhist practitioner who began meditation in the '60s, Brodsky discovered a new path on her healing journey when she began channeling the spirit Aaron in 1989. Based on three decades of meticulously kept journals, *Cosmic Healing* weaves together Brodsky's Buddhist teachings, channeled material from Aaron, exercises for the reader, and an account of her experiences with the healer known as John of God (João Teixeira de Faria) at his teaching center, Casa de Dom Inácio, in Brazil. While *Cosmic Healing* is channeled in part and has deep roots in traditional dharma, it is at heart a universal story of human growth and discovery. Old beliefs limit us every day. But as Brodsky discovered and teaches, we can learn to recognize such limiting beliefs, transcend them, and live a deeper truth. From the Trade Paperback edition.

*Synthesizing thirty years of research, psychologist and science historian, Michael Shermer upends the traditional thinking about how humans form beliefs about the world. Using sensory data that flow in through the senses, the brain naturally looks for and finds patterns - and then infuses those patterns with meaning, forming beliefs. Once beliefs are formed, our brains subconsciously seek out confirmatory evidence in support of those beliefs, which accelerates the process of reinforcing them, and round and round the process goes in a positive-feedback loop. In *The Believing Brain*, Shermer provides countless real-world examples of how this process operates, from politics, economics, and religion to conspiracy theories, the supernatural, and*

human beings, are vividly revealed in this inspirational and unforgettable true story as told by a mother and her daughter of their babies, born with life threatening birth defects. Swept away on an uncharted and treacherous journey one thing clearly emerges, God, the ultimate thread that held them together through their darkest hours, was waiting for them there. He gave them beauty for ashes, the oil of joy for mourning, and the garment of praise for the spirit of heaviness so He might be glorified through their babies' life and death struggles. (Isaiah 61: 3b) At every bend in the road lives were forever changed. The baby boy unable to ever speak a word about what he endured in his fight for life went to his grave never knowing what a giant impression his tiny handprint had left on every heart he touched...leaving this world a better place than he found it. For the little girl, the veil separating Heaven and Earth was lifted . . . "Mommy, I see an angel!" Hoping to get a glimpse, her mommy searched the hospital room eagerly. "Where do you see an angel?" her mommy asked. She pointed overhead, "Up there . . . in the corner of my room . . . one angel with big, pink wings." Although her mommy didn't see the Heavenly being, together they felt the comfort of its presence. On their timeless journey of faith, hope, and love, their loving God went with them through it all: healing hearts, changing lives, sharing their deepest sorrows, and sending his angels to comfort and help them. Their stories, formed in the crucible of life and death struggles, were transformed by the grace of God into a thing of beauty. "He hath made every thing beautiful in his time." (Ecclesiastes 3: 11a, KJV)

"But he was wounded for our transgressions, he was bruised for our iniquities: the chastisement of our peace was upon him; and with his stripes we are healed." Isaiah 53:5 KJV Andrew Murray once said, "Jesus came to deliver men from sin and sickness that He might make known the love of the Father." Yet we live in a skeptical world where millions are not convinced that God still performs miracles today. Small wonder that even in Christian churches, few people avail themselves of God's gracious provision of healing.

A miracle occurred in heaven that was shared by others as a witness to God's commitment and love for those who overcome the obstacles of this world. Jesus appeared to me in the form of the Morning Star. The events that followed have led to the writing of this book. If you seek Him with an open mind and heart, He has promised through scripture to appear to you as well. II Peter 1: 19, 21 Verse 19: And we have the word of the prophets made more certain, and you will do well to pay attention to it, as to a light shining in a dark place, until the day dawns and The Morning Star rises in your hearts. Verse 21: For prophecy never had its origin in the will of man, but men spoke from God as they were carried along by the Holy Spirit. Revelation 22: 16 Verse 16: I, Jesus, have sent my angel to give you this testimony for the churches. I am the Root and the Offspring of David and the Bright Morning Star. Revelations 2: 26, 28 Verse 26: To him who overcomes and does my will to the end, I will give authority over the nations. Verse 28: I WILL ALSO GIVE HIM THE MORNING STAR.**

**Jesus said, Render therefore to Caesar the things that are Caesar's, and to God the things that are God's, thereby approving (at least for this age) the idea of human government. The hard part is deciding what actually belongs to Caesar and what should be reserved exclusively for God. How Christians are to understand and apply Jesus' words has been a point of controversy since the days of the apostles. Many difficult issues that continue to trouble Christians are dealt with in this book: -Is there a biblical pattern for human government? -What should we as Christians expect from government? -Should Christians participate in government? -What does the Bible have to say about issues related to government such as wealth and poverty, left and right, crime and punishment, the family, education, censorship and pornography, civil disobedience, liberation theology, military service? -Do some systems of government**

**follow biblical teaching more closely than others? What about American democracy - how does it measure up? Would a socialist or redistributive economic and governmental system be more biblical? John Eidsmoe brings a wealth of biblical insight, theological reflection, and practical experience to bear on the crucial issue of how biblical Christianity and politics relate. Here at last is a book that simply and clearly shows how we really can give both God and Caesar their due.**

*about rediscovering who you truly are, Christian, now that you've been born again. The Word of God says, "But he who is joined to the Lord becomes one spirit with him." Jesus said, "Truly, truly, I say to you, whoever believes in me will also do the works that I do; and greater works than these will he do, because I am going to the Father. Whatever you ask in my name, this I will do, that the Father may be glorified in the Son. If you ask me anything in my name, I will do it." Yet they are only a glimpse of the testimonies from parents who are ministering healing to their own children and each other's children diagnosed with birth defects. This book is merely "first fruits," evidence of a much greater harvest that is ripe and still to come.
