Gay-Neck: the Story of a Pigeon won the Newbery Medal for excellence in American children's literature in 1928. It deals with the life of Gay-Neck, a prized Indian pigeon. Mukerji wrote that "the message implicit in the book is that man and winged animals are brothers." He stated that much of the book is based on his boyhood experiences with a flock of forty pigeons and their leader, as the boy in the book is Mukerji himself. The book offers an insight into the life of a boy of high caste and also into the training of pigeons. Several chapters are told from Gay-Neck's perspective, with the pigeon speaking in first person.

The author recommends one hundred of the best books for children, including a variety of works to suit diverse interests, reading levels, and special needs, while also revealing the sometimes humorous process she undertook in choosing entries for the list.

"Anyone with an interest in archaeology or in liars and braggarts will be drawn in by this slim biography of the hyper-imaginative Schliemann." — Bulletin of the Center for Children's Books (starred review) From Newbery Medal-winning author Laura Amy Schlitz comes an engaging illustrated biography of Heinrich Schliemann, a nineteenth-century archaeologist who most believe did find the ancient city of Troy. This engrossing tale paints a portrait of contradictions — a man at once stingy and lavishly generous, a scholar both shrewd and reckless, a speaker of twenty-two languages and a man with a funny habit of taking liberties with the truth. Laura Amy Schlitz and Robert Byrd open a discussion about how history sometimes comes to be written, and how it sometimes needs to be changed. Back matter includes source notes and a bibliography.

If that means telling others what to do — like Skuggle, a squirrel ruled by his stomach — so be it. Not every creature, however, is as willing to bend to Flory ' s demands. The Newbery Medal-winning author of Good Masters! Sweet Ladies! gives readers a virtuoso performance in verse in this profoundly original epic pitched just right for fans of poetry, history, mythology, and fantasy. Welcome to ancient Greece as only genius storyteller Laura Amy Schlitz can conjure it. In a warlike land of wind and sunlight, "ringed by a restless sea," live Rhaskos and Melisto, spiritual twins with little in common beyond the violent and mysterious forces that dictate their lives. A Thracian slave in a Greek household, Rhaskos is as common as clay, a stable boy worth less than a donkey, much less a horse. Wrenched from his mother at a tender age, he nurtures in secret, aided by Socrates, his passions for art and philosophy. Melisto is a spoiled aristocrat, a girl as precious as amber but willful and wild. She'll marry and be tamed—the curse of all highborn girls—but risk her life for a season first to serve Artemis, goddess of the hunt. Bound by destiny, Melisto and Rhaskos—Amber and Clay—never meet in the flesh. By the time they do, one of them is a ghost. But the thin line between life and death is just one boundary their unlikely friendship crosses. It takes an army of snarky gods and fearsome goddesses, slaves and masters, mothers and philosophers to help shape their story into a gorgeously distilled, symphonic tour de force. Blending verse, prose, and illustrated archeological "artifacts," this is a tale that vividly transcends time, an indelible reminder of the power of language to illuminate the over- and underworlds of human history.

Gay Neck: The Story of a Pigeon

A Visit to a Castle in Thirteenth-Century England

A KID'S GUIDE TO THE OCEAN "Can you imagine a world without fish? It's not as crazy as it sounds. But if we keep doing things the way we've been doing things, fish could become extinct within fifty years. So let's change the way we do things!" World Without Fish is the uniquely illustrated narrative nonfiction account—for kids—of what is happening to the world's oceans and what they can do about it. Written by Mark Kurlansky, author of Cod, Salt, The Big Oyster, and many other books, World Without Fish has been praised as "urgent" (Publishers Weekly) and "a wonderfully fast-paced and engaging primer on the key questions surrounding fish and the sea" (Paul Greenberg, author of Four Fish). It has also been included in the New York State Expeditionary Learning English Language Arts Curriculum. Written by a master storyteller, World Without Fish connects all the dots—biology, economics, evolution, politics, climate, history, culture, food, and nutrition—in a way that kids can really understand. It describes how the fish we most commonly eat, including tuna, salmon, cod, swordfish—even anchovies—could disappear within fifty years, and the domino effect it would have: the oceans teeming with jellyfish and turning pinkish orange from algal blooms, the seabirds disappearing, then reptiles, then mammals. It describes the back-and-forth dynamic of fishermen, who are the original environmentalists, and scientists, who not that long ago considered fish an endless resource. It explains why fish farming is not the answer—and why sustainable fishing is, and how to help return the oceans to their natural ecological balance. Interwoven with the book is a twelve-page graphic novel. Each beautifully illustrated chapter opener links to the next to form a larger fictional story that perfectly complements the text.

kira-kira (kee' ra kee' ra): glittering; shining Glittering. That's how Katie Takeshima's sister, Lynn, makes everything seem. The sky is kira-kira because its color is deep but see-through at the same time. The sea is kira-kira for the same reason. And so are people's eyes. When Katie and her family move from a Japanese community in Iowa to the Deep South of Georgia, it's Lynn who explains to her why people stop them on the street to stare. And it's Lynn who, with her special way of viewing the world, teaches Katie to look beyond tomorrow. But when Lynn becomes desperately ill, and the whole family begins to fall apart, it is up to Katie to find a way to remind them all that there is always something glittering -- kira-kira -- in the future. Luminous in its persistence of love and hope, Kira-Kira is Cynthia Kadohata's stunning debut in middle-grade fiction.

Neil Gaiman's perennial favorite, The Graveyard Book, has sold more than one million copies and is the only novel to win both the Newbery Medal and the Carnegie Medal. Bod is an unusual boy who inhabits an unusual place—he's the only living resident of a graveyard. Raised from infancy by the ghosts, werewolves, and other cemetery denizens, Bod has learned the antiquated customs of his guardians' time as well as their ghostly teachings—such as the ability to Fade so mere mortals cannot see him. Can a boy raised by ghosts face the wonders and terrors of the worlds of both the living and the dead? The Graveyard Book is the winner of the Newbery Medal, the Carnegie Medal, the Hugo Award for best novel, the Locus Award for Young Adult novel, the American Bookseller Association's "Best Indie Young Adult Buzz Book," a Horn Book Honor, and Audio Book of the Year.

Newbery Medalist Laura Amy Schlitz brings her sorcery to a Victorian gothic thriller — an enthralling, darkly comic tale that would do Dickens proud. The master puppeteer, Gaspare Grisini, is so expert at manipulating his stringed puppets that they appear alive. Clara Wintermute, the only child of a wealthy doctor, is spellbound by Grisini's act and invites him to entertain at her birthday party. Seeing his chance to make a fortune, Grisini accepts and makes a splendidly gaudy entrance with caravan, puppets, and his two orphaned assistants. Lizzie Rose and Parsefall are dazzled by the Wintermute home. Clara seems to have everything they lack — adoring parents, warmth, and plenty to eat. In fact, Clara's life is shadowed by grief, guilt, and secrets. When Clara vanishes that night, suspicion of kidnapping falls upon the puppeteer and, by association, Lizzie Rose and Parsefall. As they seek to puzzle out Clara's whereabouts, Lizzie and Parse uncover Grisini's criminal past and wake up to his evil intentions. Fleeing London, they find themselves caught in a trap set by Grisini's ancient rival, a witch with a deadly inheritance to shed before it's too late. Newbery Medal winner Laura Amy Schlitz's Victorian gothic is a rich banquet of dark comedy, scorching magic, and the brilliant and bewitching storytelling that is her trademark.

Winner of the 2011 Newbery Award. The movement of the train rocked me like a lullaby. I closed my eyes to the dusty countryside and imagined the sign I'd seen only in Gideon's stories: Manifest—A Town with a rich past and a bright future. Abilene Tucker feels abandoned. Her father has put her on a train, sending her off to live with an old friend for the summer while he works a railroad job. Armed only with a few possessions and her list of universals, Abilene jumps off the train in Manifest, Kansas, aiming to learn about the boy her father once was. Having heard stories about Manifest, Abilene is disappointed to find that it's just a dried-up, worn-out old town. But her disappointment quickly turns to excitement when she discovers a hidden cigar box full of mementos, including some old letters that mention a spy known as the Rattler. These mysterious letters send Abilene and her new friends, Lettie and Ruthanne,

on an honest-to-goodness spy hunt, even though they are warned to "Leave Well Enough Alone." Abilene throws all caution aside when she heads down the mysterious Path to Perdition to pay a debt to the reclusive Miss Sadie, a diviner who only tells stories from the past. It seems that Manifest's history is full of colorful and shadowy characters—and long-held secrets. The more Abilene hears, the more determined she is to learn just what role her father played in that history. And as Manifest's secrets are laid bare one by one, Abilene begins to weave her own story into the fabric of the town. Powerful in its simplicity and rich in historical detail, Clare Vanderpool's debut is a gripping story of loss and redemption.

Now he turns to the most important subject of all - understanding people's drives and motivations, even when they are unconscious of them themselves. We are social animals. Our very lives depend on our relationships with people. Knowing why people do what they do is the most important tool we can possess, without which our other talents can only take us so far. Drawing from the ideas and examples of Pericles, Queen Elizabeth I, Martin Luther King Jr, and many others, Greene teaches us how to detach ourselves from our own emotions and master self-control, how to develop the empathy that leads to insight, how to look behind people's masks, and how to resist conformity to develop your singular sense of purpose.
