

Heart On The Line

Told entirely via email, instant messages, letters, and postcards, this novel tells of two teens' long-distance relationship after they meet at a college visit during senior year of high school. "I'm not picking Cartwright just because I met Julian there. For all I know he'll change his mind and not even go! Although that would be a shame because I want him to be the father of my firstborn child. KIDDING! :-)" While on a college visit, Chloe meets Julian, another prospective freshman, and infatuated, the two high school seniors begin a long-distance relationship. Chloe is thrilled that she'll have a boyfriend at college, although she doesn't know how to break the news to Eli, her best friend whom she's sort of dating. As Chloe and Julian prepare to meet again, they must face the question of whether their relationship is based on who they really are or who they imagine each other to be.

The book you are holding is the result of an extraordinary exchange of love. It often showed up as hilarious laughter, enormous tomfoolery, good times, practical jokes, furious frustration expressed at outcomes of sporting events, and other events and noises that some people might misinterpret as not being very loving. It was all love: a love for life, a love for winning, a love for other people. Frieda Sellers said so well, “He had an infinite capacity for love.” But it is not just the love that Tommy Hicks gave to so many who crossed his path. He inspired so many to love him, to be inspired by him, to put aside their own petty complaints and do their best in the face of life’s frustrations. “Tommy Hicks gave much of his life to supporting Duke basketball. He was an unapologetic fan, the kind of fan that creates so much of our success. I’m sorry he is no longer with us, but this book will keep his memory alive and be a great source of joy to so many of his friends and family. When I think of the number of times he rolled his wheelchair into an arena hosting the ACC tournament, it inspires me to keep coaching winning teams at Duke.” Mike Krzyzewski, the winningest coach in the history of Division I College basketball “I have read the early drafts and can tell you that this is an Amazin’ book! Buy it and be ready to laugh and cry harder than you may have in a long time!” Dr. Tim Luckadoo, retired Vice Provost, N.C. State University Any time I try to tell someone what my friendship with Tommy Hicks was about, I get a lump in my throat. With his journalistic style, keen wit, and close observation, Pat Jobe has undertaken a labor of love for us all: to be our words about Tommy, for whom some of us still seek breath to share his name. Collectively, this memoir shares what we all want to express, we knew Tommy. A man who loved us all so well that we each thought that we were unique, and one who taught us by his every example, to live each day to the fullest and without complaint. Thank you, Pat Jobe, for seeking us out and weaving together our individual journeys and stories.

Reading your work is a treasure and a roadmap that connects us, each one to the other, and to life with its ever present challenge and promise, and to a universe where there is memory and love and hope that someday we may talk and laugh again with Tommy Hicks, our beloved with whom we were exceptionally graced to call “friend.” I once asked Tommy, “If you could be an animal, what would you be?” Without hesitation, he responded, “A colt!” I close my eyes now and see him leaping free and high across some wide open space. My Heart on a Chain

The Feeling Heart in Medieval and Early Modern Europe

Dear Mr. Heart On (The Matchmaker Series)

After Natalie Hart's pro-athlete husband cheated on her, she's not sure if she can ever give her heart again. Now she's single and working at a children's charity - but when she meets local football celebrity Michael Jones he makes it clear he'd like to kick off with seduction. He's used to women falling at his feet, but Natalie is giving him a run for his money. Michael is ready to let his playboy past go for the vulnerable beauty, but can Natalie let her guard down and fall for another professional athlete?

Patty O'Mara-Croft's "widowmaker" heart attack was a cruel assault on her body, threatening the happiest years of her life. Originally misdiagnosed as a panic attack, common among women who suffer heart attacks, Patty's heart suffers permanent damage, and her precarious condition threatens to raze all joy and hope between Patty and her husband, Brian. In a recounting both informative and inspirational, heartbreaking and funny, Patty and Brian share their stories from their own unique perspectives—the first-person account of painful revelations and medical struggles and a loved one's experience of despair, hope, and renewal. Families in medical crisis are getting sucker-punched every day and need help from those who overcame it and emerge stronger than before. The dual voice of both authors represents a love that flourishes, even as Patty's health weakens and is no longer a viable candidate for a heart transplant. Pulse of My Heart is part medical mystery, part comedy of errors, part family drama, and part enduring love story. The field notes at the back of the book focus on: The sometimes-strained relationship between doctors and patient Preparing for anticipatory grief The potential for addiction when narcotics are part of the drug protocol Dealing with familial strife during a time of need Struggling with others' prayers when one's own faith is strained Trying to maintain some level of dignity in an utterly undignified environment Finding ways to be an effective parent in a blended family when illness demands so much attention

Witemeyer Returns with Her Trademark Blend of Adventure, Romance, and Humor Grace Mallory is tired of running, of hiding. But when an old friend sends an after-hours telegraph transmission warning Grace that the man who has hunted her for nearly a year has discovered her location, she fears she has no choice. She can't let the villain she believes responsible for her father's death release his wrath in Harper's Station, the town that has sheltered her and blessed her with the dearest friends she's ever known. Amos Bledsoe prefers bicycles to horses and private conversations over the telegraph wire to social gatherings with young ladies who see him as nothing more than an oddity. His telegraph companion, the mysterious Miss G, listens eagerly to his ramblings every night and delights him with tales all her own. For months, their friendship--dare he believe, courtship?--has fed his hope that he has finally found the woman God intended for him. Yet when he takes the next step to meet her in person, he discovers her life is in peril, and Amos must decide if he can shed the cocoon of his quiet nature to become the hero Grace requires.

The heart is an iconic symbol in the medieval and early modern European world. In addition to being a physical organ, it is a key conceptual device related to emotions, cognition, the self and identity, and the body. The heart is read as a metaphor for human desire and will, and situated in opposition to or alongside reason and cognition. In medieval and early modern Europe, the “ feeling heart ” – the heart as the site of emotion and emotional practices – informed a broad range of art, literature, music, heraldry, medical texts, and devotional and ritual practices. This multidisciplinary collection brings together art historians, literary scholars, historians, theologians, and musicologists to highlight the range of meanings attached to the symbol of the heart, the relationship between physical and metaphorical representations of the heart, and the uses of the heart in the production of identities and communities in medieval and early modern Europe.

Grace Mallory is tired of running. But when she learns that the villain who killed her father is closing in, she has no choice. Grace is waylaid, however, by Amos Bledsoe, who hopes to continue their telegraph courtship in person. With Grace's lifeand his hearton the line, can Amos shed his shyness and become the hero she requires?

WINNER OF THE 2020 GOVERNOR GENERAL'S LITERARY AWARD FOR NONFICTION "Wondrously and elegantly written in language that astonishes and moves the reader...This is an important book: an emotional and intellectual tour de force." —Jane Urquhart An experimental memoir about Partition, immigration, and generational storytelling, This Red Line Goes Straight to Your Heart weaves together the poetry of memory with the science of embodied trauma, using the imagined voices of the past and the vital authority of the present. We begin with a man off balance: one in one thousand, the only child in town whose polio leads to partial paralysis. We meet his future wife, chanting Hai Rams for Gandhiji and choosing education over marriage. On one side of the line that divides this book, we follow them as their homeland splits in two and they are drawn together, moving to Canada and raising their children in mining towns and in crowded city apartments. And when we turn the book over, we find the daughter's tale—we see how the rupture of Partition, the asymmetry of a father's leg, the virus of a mother's rage, makes its way to the next generation. Told through the lenses of biology, physics, history and poetry, this is a memoir that defies form and convention to immerse the reader in the feeling of what remains when we've heard as much of the truth as our families will allow, and we're left to search for ourselves among the pieces they've carried with them.

In A Heart on Fire: Rediscovering Devotion to the Sacred Heart of Jesus, Rev. James Kubicki, S.J., presents a a persuasive and engaging guide to the Sacred Heart of Jesus, an age-old and often misunderstood Catholic devotion. He delves into the rich theological and spiritual roots of the devotion and demonstrates how the faithful may encounter the Sacred Heart of Jesus in one another, scripture, the sacraments, and especially in the Eucharist. Fr. Kubicki, former national director of the Apostleship of Prayer (now the Pope's Worldwide Prayer Network), brings to life the rich imagery associated with the devotion's history and provides a contemporary look at traditional devotions like the Twelve Promises, family consecration and enthronement, the Sacred Heart Badge, the Litany of the Sacred Heart, holy hours, and devotion to the Immaculate Heart of Mary.
