The cutting edge of medicine today is not to be found in invasive therapies like drugs and surgeries. It is in the disciplines that used to be regarded as "soft" medicine: prayer, intention, energy healing, acupuncture, and similar therapies. Overwhelming evidence from hundreds of scientific studies are showing that these safe, non-invasive approaches are often more effective, sometimes many times more effective, than conventional medicine. Two of the pioneers in the field, Dr. Norman Shealy, founder of the American Holistic Medical Association and world-famous neurosurgeon, and Dr. Dawson Church, one of the foremost writers and researchers in vibrational healing, and the editor or author of many books on the subject, explain the fundamentals of energy medicine, its many applications to common ailments, and the latest scientific research.

From award-winning actor Neil Patrick Harris comes the magical second book in the New York Times bestselling Magic Misfits series--with even more tricks up its sleeve. Growing up in an orphanage, Leila was bullied for being different. She turned her hardship into skill by becoming an escape artist--a valuable trait when you belong to a group of magical best friends. But when a famous psychic comes to town, Leila and her pals can't escape the big mystery heading their way. Whether chasing mad monkeys or banishing ghosts from haunted hotels, these six friends will do their best to keep their home of Mineral Wells safe--but can they protect themselves? Join the Magic Misfits as they discover adventure, friendship, and more than a few hidden secrets in this delightful new series. Whether you're a long-time expert at illusion or simply a new fan of stage magic, hold onto your top hat! ...have more questions? I thought you might. Here are some answers: WHERE? A sleepy town in New England. Within the town is a magic shop, run by the friendly but mysterious Dante Vernon--the gang's caped and top-hatted mentor. WHO? Carter, who can make things vanish. Leila, who can escape from anything. Theo, who can make things levitate. Ridley, who can invent anything. And twins Oly and Izzy, who can make anyone laugh. WHY? Because together, these six magical misfits will discover adventure, friendship, and the town's long-hidden secrets. (Psst. Hey, you! Yes, YOU! Congratulations on reading this far down. As a reward, I'll let you in on a little secret... This book isn't just a book. It's a treasure trove of secrets and ciphers and codes and even tricks.
