circumstances keep her down. She learned to read and write in English and Latin, and showed a natural gift for poetry. By the time she was twelve, her elegy at the death of the great pastor George Whitefield brought her worldwide acclaim. Phillis became known to heads of state, including George Washington himself, speaking out for American independence and the end of slavery. She became the first African American to publish a book, and her writings would eventually win her freedom. More importantly, her poetry still proclaims Christ almost 250 years later.

This book is intended for anyone who has questions about their life experience that are causing them inner dissatisfaction. Spiritual people sometimes face this because they cant make sense of apparent inconsistencies between what they expect from their faith and what they experience in the practical world.

Secular people may face a similar type of inner dissatisfaction because external success fails to bring them the type of joy they expect. The writing method uses auto-ethnography a reflection on Adrians personal experience as he connects his story to wider understandings of the way life works. While his Christian worldview is central to the book, its emphasis is on the process. So, readers are encouraged to evaluate the process and models presented, but to insert your own life experience against them for the best benefit.

Hinds' Feet on High Places: The Original and Complete Allegory with Devotional Because Happiness Isn't Enough Devotional

Since his existence the human being has explored various ways in his quest for God. Part of this search is related to humanity's yearning for true harmony and joy in the world. Christian spirituality, as a unique spirituality one encounters today, imparts various ways one can respond to this longing. One of these ways is through allegorical narratives. Specifically, this study analyzes the spirituality of Hannah Hurnard

(1905–1990) by intertextually perusing her most famous allegorical narrative "Hinds' Feet on High Places." A Journey to the High Places is divided into four chapters. In chapter 1 the allegorical narrative is subjectively considered in all its aspects and the central themes are expressed without any reference to other secondary connections. Chapter 2 analyzes the allegorical narrative by relating this narrative with other material that Hannah Hurnard published. These other narratives provide the tools which Hannah employed in the composition of this allegorical narrative. Thus, chapter 2

presents an intertextual analysis between her other publications and "Hinds' Feet on High Places." Likewise, chapter 3 presents another intertextual analysis between the many biblical abstracts and their relation to the narrative, in the hope of showing her biblical interpretations. Several spiritual themes that emerged from the preceding chapters are discussed in chapter 4, presenting a consistent spirituality. In presenting the themes one notes that the strong points and weaknesses of Hannah's spirituality are related to other Christian spiritual traditions. In order to conduct a
