"Grace. It's what we crave most when our guilt is exposed. It's the very thing we are hesitant to extend when we are confronted with the guilt of others—especially when their guilt has robbed us of

something we consider valuable. Therein is the struggle, the struggle for grace. It's this struggle that makes grace more story than doctrine. It's the struggle that reminds us that grace is bigger than compassion or forgiveness. That struggle is the context for both. When we are on the receiving end, grace is refreshing. When it is required of us, it is often disturbing. But when correctly applied, it seems to solve just about everything. This struggle is not new; it has been going on since the beginning." —Andy Stanley

We find in the pages of Scripture that the stories found there often mirror our own stories, and that we too need the very thing we do not deserve: the grace of God. From the beginning, the church has had an uneasy relationship with grace. The gravitational pull is always toward graceless religion. The odd thing is that when you read the New Testament, the only thing Jesus stood against consistently was graceless religion. The only group he attacked relentlessly was graceless religious leaders. Even now as you think about grace, there might be a little voice in your head whispering, "It can't be that easy!" "What about obedience?" "What about disobedience?" "What about repeated misbehavior?" "What about bad habits?" "What about justice?" "What about repentance?" It's this tension that makes grace so slippery. But that's the beauty and the truth of grace. We don't deserve it. We can't earn it. It can't be qualified. But God gives it to us anyway because he loves us unconditionally. The story of grace is your story. And as you are about to discover grace plays a larger role than you imagine.

In making her selection for Pharos Editions, Dana Spiotta tells us how drawn she was by the work of Raymond Mungo. "[He] writes . . . about his own joy and his own pain, he is particularly good when he describes the land around him and how it feels on his body." Indeed, if Henry David Thoreau had downed a handful of liberty caps before penning *Walden* it would have read much like Mungo's *Total Loss Farm*, a rollicking memoir of the late 1960's back-to-the-earth movement. Written in a limber prose style formed by the tempo of the times, Mungo takes us into the cultural tsunami of a failed radical politics as it broke on the shoals of a drug-fueled personal freedom and washed inland across the farmlands of Vermont, leaving a trail of damage and redemption in its wake. *Total Loss Farm* attracted widespread critical and commercial attention in 1970, when the "back-to-the-land" hippie commune movement first emerged. The book's first section, "Another Week on the Concord and Merrimack Rivers," appeared as the cover article in the May 1970 issue of *Atlantic Monthly*. The hardcover first edition from Dutton was quickly followed by paperback editions from Bantam, Avon, and Madrona Publishers, keeping the book in print for several decades. Very recently, Dwight Garner in the *New York Times Book Review* cited *Total Loss Farm* as "the best and also the loopyest of the commune books." I may have reached my breaking point. As if trying to graduate from a school for supernaturals isn't stressful enough, my relationship status has gone from complicated to a straight-up dumpster fire. Oh, and the Bloodletter has decided to drop a bomb of epic proportions on us all... Then again, when has anything at Katmere Academy not been intense? And the hits

It's been eighteen months since the Raxter School for Girls was put in quarantine. The Tox turned the students strange and savage, the teachers died off one by one. Cut off from the mainland, the girls don't dare wander past the school's fence where the Tox has made the woods wild and dangerous. They wait for the cure as the Tox takes; their bodies becoming sick and foreign, things bursting out of them, bits missing. But when Byatt goes missing, Hetty will do anything to find her best friend, even if it means breaking quarantine and braving the horrors that lie in the wilderness past the fence. As she digs deeper, she learns disturbing truths about her school and what else is living on Raxter Island. And that the cure might not be a cure at all . . . 'Wholly original and compelling'

Hold On

Clear-eyed and spirited, Taylor Greer grew up poor in rural Kentucky with the goals of avoiding pregnancy and getting away. But when she heads west with high hopes and a barely functional car, she meets the human condition head-on. By the time Taylor arrives in Tucson, Arizona, she has acquired a completely unexpected child, a three-year-old American Indian girl named Turtle, and must somehow come to terms with both motherhood and the necessity for putting down roots. Hers is a story about love and friendship, abandonment and belonging, and the discovery of surprising resources in apparently empty places. Available for the first time in mass-market, this edition of Barbara Kingsolver's bestselling novel,

The Bean Trees, will be in stores everywhere in September. With two different but equally handsome covers, this book is a fine addition to your Kingsolver library.

The third in a sexy romance series from the bestselling author of Saxon and Toxic Girl about the bad boys of the Wind Dragons Motorcycle Club and the women who fall in love with them.

Tracker is everything I've ever wanted. I see him. I've watched time change him. I've been patient, but he still hasn't noticed me. Not the way I want him to.
