Let's say you're way too smart, good-looking, and overpowered for your new world. Do you become a grand mage? Or do you play it cool like Kaoru: waiting tables, running an advice booth, cleaning up after absent-minded adventurers, and running a secret society of do-gooders on the side? Life may seem sweet when most solutions are just a potion away, but that doesn't mean it's easy. After all, you can't really drink away a menagerie of marriage-minded nobles...

Business is booming at Kaoru's brand new drugstore...or is it a deli? Whether she's behind the counter with Layette or on a treasure-hunting house call, Kaoru finds herself with no shortage of opportunities to use her divine gift of creating any potion she can imagine. She may prefer a subtler approach when curing the headaches of inter-industry intrigue, but when rumors of a deadly disease make their way through her doors, our miracle medicine-maker prepares to provide the panacea for this public health crisis. Even in the middle of an epidemic, she'll keep surviving!

A two-hundred-year-long nap has left Mariela the only alchemist in town—except that's a secret she definitely won't be sharing. In order to hide her true origins, she's going undercover as a chemist in the hopes of staying off the radar. While preparing to obtain her guild license and eventually open her own apothecary, Mariela begins to connect with residents of the Labyrinth City. Slowly but steadily, it starts to feel more like home...Is her dream of a quiet life finally within reach?

Campfire Cooking in Another World with my Absurd Skill (MANGA) Volume 2

The spiritualist and author of Dictionary of Aphrodisiacs presents an in-depth study of love potions and charms through the centuries. Love and sexuality are perhaps some of the most essential, eternal, and universal concerns of humankind. Since before recorded history, societies have sought ways to improve their physiological potency, attract mates amorously, and—in some instances—prevent such attraction or divert it elsewhere. Over time, these means have taken many forms: love elixirs, spells, and rites have been part of virtually every civilization through the ages. This survey explores the evolution of love potion practices over the centuries and across the world. Separate chapters focus on ancient Greece, Rome, India, and the Orient, as well as the Middle Ages and modern times. Author Harry E. Wedeck relays the spiritual aspects of these concoctions as well as historical anecdotes about them. Recipes are also included, though Wedeck cautions that they are exclusively for academic purposes and not intended for personal use.

"One day, the supervisor in charge of watching over Earth was taking care of a distortion, when they made a mistake that caused Kaoru Nagase to lose her physical body. Not only that, but reincarnating her into a different, less culturally-advanced world is the only thing they can offer to do for her. Not one to take this turn of events sitting down, Kaoru makes a demand: the power to create potions at any time she pleases, with whatever effect she wants it to have--and it doesn't stop there either. She asks for a magical Item Box, the ability to understand and speak every language, and the same body she had back when she was a fifteen-year-old girl. Using her newfound powers, Kaoru has to try and make a stable life for herself in a whole new world!

With her baptism ceremony complete, Myne begins work in the temple as an apprentice shrine maiden. Awaiting within is what she always wanted: a room full of books! On top of that, she has to constantly battle the weakness of her own body. But with her love for books burning in her heart, she gives her all to her new apprentice duties. Thus begins part two of this bibliofantasy!
