Stone Barrington only wants a winter getaway from the chill of New York in the beautiful, tropical Caribbean paradise of St. Mark's. But what the lawyer and ex-cop gets instead is the chance to defend Allison Manning. The beautiful young woman stands accused of killing her rich husband on board their luxurious yacht and then burying him at sea. Stone isn't exactly conversant with the island country's law, but this much is clear to him: Allison is being railroaded by the perverse sense of justice of a prosecutor who will do anything to stay in office. Donning the robe and wig of a British barrister, Stone does everything he can to save Allison—from publicizing the case all over the American press to conducting the kind of smart, tough investigation that money can't buy. Just when he has the jury in the palm of his hands, a shocking reversal of fortune changes everything. And what was once a sure thing begins to look a lot like a death sentence.

Stays and Corsets: Historical Patterns Translated for the Modern Body goes a step beyond traditional historical costuming texts by not only providing you with historical pattern diagrams and information, but by showing you how to adapt

these patterns to the contemporary body shape. Using her original pattern-drafting system, author Mandy Barrington will show you how to draft a historical pattern for a modern body shape, while still retaining an accurate historical silhouette. Each pattern has been generated from an original stay, corset, or pattern taken from a historical garment. The instructions to follow these new patterns are designed to accommodate any size of female figure, allowing you to avoid extremely difficult, time consuming, and inaccurate historical pattern re-sizing. Requiring only basic prior knowledge of pattern drafting, all calculations have been worked out for the costume maker and are provided in simple tables accompanied by easy-to-read, step-by-step diagrams that clearly show how the historical pattern is plotted onto the female basic block, coupled with photographs of the constructed stays and corsets.
