The volume on
Semantics and

presents a
collection of studies
on linguistic
meaning in
Japanese, either as
conventionally
encoded in
linguistic form (the

field of semantics) or as generated by the interaction of form with context (the field of pragmatics), representing a range of ideas and approaches that are currently most influential in these fields. The studies are organized around a model that

whereby the
linguistic clause
consists of a
multiply nested
structure centered
in a propositional
core of objective
meaning around
