24 Simple Investing Strategies from the World's Greatest Value Investor

Investir en Bourse

In spite of its key role in creating the ruinous financial crisis of 2008, the American banking industry has grown bigger, more profitable, and more resistant to regulation than ever. Anchored by six megabanks whose assets amount to more than 60 percent of the country's gross domestic product, this oligarchy proved it could first hold the global economy hostage and then use its political muscle to fight off meaningful reform. 13 Bankers brilliantly charts the

Where To Download Investir En Bourse Styles Gagnants Styles Perdant

rise to power of the financial sector and forcefully argues that we must break up the big banks if we want to avoid future financial catastrophes. Updated, with additional analysis of the government's recent attempt to reform the banking industry, this is a timely and expert account of our troubled political economy.

The co-author of the internationally bestselling *The Rebel Sell* brings us "slow politics": promoting slow thought, slow deliberation and slow debate. Over the last twenty years, the political systems of the western world have become increasingly divided--not between right and left but between crazy and non-crazy. What's more, the crazies seem to be gaining the

Where To Download Investir En Bourse Styles Gagnants Styles Perdant

upper hand. Rational thought cannot prevail in the current social and media environment, where elections are won by appealing to voters' hearts rather than their minds. The rapid-fire pace of modern politics, the hypnotic repetition of daily news items and even the multitude of visual sources of information all make it difficult for the voice of reason to be heard. In *Enlightenment 2.0*, bestselling author Joseph Heath outlines a program for a second Enlightenment. The answer, he argues, lies in a new "slow politics." It takes as its point of departure recent psychological and philosophical research that identifies quite clearly the social and environmental preconditions for the exercise of rational thought. It is

Where To Download Investir En Bourse Styles Gagnants Styles Perdant

impossible to restore sanity merely by being sane and trying to speak in a reasonable tone of voice. The only way to restore sanity is by engaging in collective action against the social conditions that have crowded it out.
