In the U.S. 5.2 million people live with Alzheimer's disease, it is the sixth - leading cause of death, and ten million baby boomers will develop Alzheimer's in their lifetime. Alzheimer's often takes a bigger toll on the caregivers of persons living with Alzheimer's, generally family members, lovedones and friends. Written by two caregivers with 55 years of experience the book addresses the challenges face dealing with behaviors of those they are caring for. Through the use of diagrams, charts, examples, and stories the book will help caregivers to understand what their loved ones are going through. And what they, as caregivers, are going through as well. Although no one has all the answers to the puzzle of Alzheimer's yet, this book will help people to understand and give better care both to persons living with and the people caring for them.

"The artist must create a spark before he can make a fire." --Auguste Rodin, French sculptor Who better to speak about the creative process than the greatest artists in history? From Georgia O'Keeffe and Ralph Waldo Emerson to Pablo Picasso and Isak Dinesen, Words of Art is a celebration of the craft and the artists who have changed the way we see the world--and influenced how we create. You can't ask Michelangelo how he felt when he first took a step back to look at the statue of David, or what Leonardo da Vinci felt when he began painting the Mona Lisa, but you can read their words and imagine for a moment how these stunning works came to be.

In Christ across the Disciplines a group of distinguished scholars from across the theological spectrum explores the dynamic relationship between the Christian faith and the life of the mind. Although the essays in this volume are rooted in a rich understanding of the past, they focus primarily on how Christian students, teachers, and scholars might best meet the challenges of intellectual and cultural life in a global world. This book ranges widely over the broad terrain of contemporary academic and cultural life, covering such topics as the enormous growth of political activism in late twentieth-century evangelicalism, the dynamics of literature and faith in the African-American experience, the dramatic implications of globalization for those who profess Christ and practice the life of the mind, and more!

"The Special Education Almanac serves as a practical, comprehensive reference that supports the everyday needs of professionals working in the field. Written by recognised experts from various areas of special education, this handy resource puts up-to-date information covering a wide range of special education topics and applications into a single, highly accessible toolbox filled with summaries, tips, examples, best practices and references to the latest research." --cover.

Machines aren't supposed to feel, but this cyborg can't help falling in love.Assigned as a specimen collector for a captured cyborg, Chloe is intrigued by the machine disguised as a man. Kidnapped during his daring escape, he shows her that despite the chip in his brain, his humanity is not completely lost.Formerly known as unit X109GI, Joe he doesn't find the answers he's looking for, he does discover that affection and lust aren't just for humans. But when it comes to a battle between logic and love, which side will the cybernetic organism—once a man—choose?Evaluating his feelings will have to wait though because the military isn't done with Joe. But their threats against the discovery of project C791, the revelation of which stuns the rebel cyborgs—and ignites a fury for vengeance.

User engagement refers to the quality of the user experience that emphasizes the positive aspects of interacting with an online application and, in particular, the desire to use that application longer and repeatedly. User engagement is a key concept in the design of online applications (whether for desktop, tablet or mobile), motivated by it is not just used, but are engaged with. Users invest time, attention, and emotion in their use of technology, and seek to satisfy pragmatic and hedonic needs. Measurement is critical for evaluating whether online applications are able to successfully engage users, and may inform the design of and use of applications. User engagement is a multi-faceted concept, with a number of potential measurement approaches. Common ways to evaluate user engagement include using self-report measures, e.g., questionnaires; observational methods, e.g. facial expression analysis, speech analysis; neuro-physiological signal processing methods, e.g., respiratory and cardiovascular accelerations and decelerations, m number of site visits, click depth. These methods represent various trade-offs in terms of the setting (laboratory versus ``in the wild''), object of measurement (user behaviour, affect or cognition) and scale of data collected. For instance, small-scale user studies are deep and rich, but limited in terms of generalizability, whereas large-scale user studies are shallow and broad. This book focuses on user motivation and context. The focus of this book is how user engagement is currently being measured and various considerations for its measurement. Our goal is to leave readers with an appreciation of the various ways in which to measure user engagement, and their associated strengths and weaknesses. We emphasize the multifaceted nature of user engagement, and the contextual constraints that come to bear upon attempts to measure engagement in different settings, and across different user groups and web domains. At the same time, this book advocates for the development of ``good" measures and good measurement practices that will advance the study of user engagement and improve our understanding of user engagement vital in our wired world. Table of Contents: Preface / Acknowledgments / Introduction and Scope / Approaches Based on Self-Report Methods / Approaches Based on Physiological Measurements / Approaches Based on Web Analytics / Beyond Desktop, Single Site, and Single Task / Enhancing the Rigor of User Engagement Methods and Metrics / Directions / Bibliography / Authors' Biographies / Index

A True Story of the Berlin Airlift and the Candy that Dropped from the Sky. Life was grim in 1948 West Berlin, Germany. Josef Stalin blockaded all ground routes coming in and out of Berlin to cut off West Berliners from all food and essential supplies. Without outside help, over 2.2 million people would die. Thus began the Berlin Airlift, a heroic effort by British and American airplanes and pilots to fly in needed supplies. As one of the American pilots participating in the Airlift mission, Lt. Gail S. Halvorsen helped to provide not only nourishment to the children but also gave them a reason to hope for a better world. From one thoughtful, generous act came a lifelong relationship between Lt. Gail and a young girl. The true story of a seven-year-old girl named Mercedes who lived in West Berlin during the Airlift and of the American who came to be known as the Chocolate Pilot. Artist Gijsbert van Frankenhuyzen's evocative paintings illuminate Margot Theis Raven's powerful story of hope, friendship and remembrance. About the Author: Margot Theis Raven is a writer working in the fields of radio, television, magazines, newspapers, and children's books for thirty years. She has won five national awards, including an IRA Teacher's Choice award. Ms. Raven earned her degree in English from Rosemont College and attended Villanova University for theater study, and Kent State University for German language study. About the Illustrator: Concord, MA, Charleston, SC and West Chesterfield, NH. About the Illustrator: Born in the Netherlands, Gijsbert van Frankenhuyzen studied at the Royal Academy of Arts in Holland. He immigrated to the United States in 1976, and years later he became a children's book illustrator. Mercedes and the Chocolate Pilot is Nick's ninth children's book. From an internationally renowned expert, here is an accessible and utterly fascinating one-volume history of the Crusades, thrillingly told through the experiences of its many players—knights and sultans, kings and poets, Christians and Muslims. Jonathan Phillips traces the origins, expansion, decline, and conclusion of the Crusades and connects the dots between the mysteries of the Templars to the grim reality of al-Qaeda. Holy Warriors puts the past in a new perspective and brilliantly sheds light on the origins of today's wars. Starting with Pope Urban II's emotive, groundbreaking speech in November 1095, in which he called for the recovery of Jerusalem from Islam by the First Crusade, Phillips traces the rise of two of the world's great faiths. Using songs, sermons, narratives, and letters of the period, he reveals how the success of the First Crusade inspired generations of kings to campaign for their own vainglory and set down a marker for the knights of Europe, men who increasingly blurred the boundaries between chivalry and crusading. In the end, he fell upon deaf ears until the charisma of the Sultan Saladin brought the struggle to a climax. Yet the story that emerges has other dimensions—as never before, Phillips incorporates the holy wars within the story of medieval Christendom and Islam and shines new light on many truces, alliances, and diplomatic efforts that have been forgotten. This book discusses how the term “crusade” survived into the modern era and how its redefinition through romantic literature and the drive for colonial empires during the nineteenth century gave it an energy and a resonance that persisted down to the alliance between Franco and the Church during the Spanish Civil War and right up to George W. Bush. Written by a leading expert, this book is written, compulsively readable, and full of stunning new portraits of unforgettable real-life figures—from Richard the Lionhearted to Melisende, the formidable crusader queen of Jerusalem—Holy Warriors is a must-read for anyone interested in medieval Europe, as well as for those seeking to understand the history of religious conflict.

The Alzheimer's Caregiving Puzzle

A secret grave is unearthed in the desert revealing the bodies of 19 women and the shocking truth that a serial killer has been operating undetected in Jeddah for more than a decade. However, lead inspector Ibrahim Zahrani is distracted by a mystery closer to home. His mistress has suddenly disappeared, but he cannot report her missing since adultery is punishable by death. With nowhere to turn, Ibrahim brings the case to Katya, one of the few women in the police department. Drawn into both investigations, she must be increasingly careful to hide a secret of her own. Portraying the lives of women in one of the most closed cultures in the world, award-winning author Zoë Ferraris weaves a tale of psychological suspense around an elusive serial killer and the sinister forces trafficking in human lives in Saudi Arabia.

Any time a royal event takes place—a wedding, a birth—the world takes notice and what captures their attention first is the royal attire. Who would not want their own little prince and princess to be just as beautifully dressed? Sewing for a Royal Baby includes three designs inspired by actual royal garments, including the royal christening gown, as well as a variety of fine heirloom designs exclusively selected by the editors of Sew Beautiful Magazine. Sewing for a Royal Baby allows new mothers and grandmothers to create a royal wardrobe for their new little one using the complete patterns and instructions provided with the book and accompanying CD. The patterns are sized differently according to the style, but the gowns start at newborn and go up to 18 months. The bubble goes up to 24 months. Toddler dresses go up to size 4 and the boys' pieces go up to size 3. The companion CD contains all of the project patterns plus two additional slip patterns, the complete Vintage Royal Alphabet machine embroidery template, and most of the embroidery designs (hand and machine) in the book, as well as some applique designs, and technique descriptions for: Shadow embroidery Geometric smocking Basic French sewing Lace shaping Hand embroidery Shark's teeth Plackets Neck bindings Piping From bonnets and booties to breathtaking christening gowns and sweet toddler looks, Sewing for the Royal Baby inspires sewists to create a wardrobe fit for a little prince or princess using a variety of heirloom sewing techniques.

The official utterly addictive number-placing puzzle Give your brain a workout with these all new Easy- to Medium-level puzzles. These entertaining puzzles offer more than just hours of fun–Su Doku engages your mind, improves your concentration, and helps you stay mentally fit. With 150 brand-new puzzles to complete, you'll become a Su Doku master in no time!

Jade finding herself back in the one place she has been running from her whole life, the attic, and with the thought of no escape and no one coming to help her. Jade takes deadly drastic measures. Will the man who since walking into her life has done nothing but save her manage to get to her in time, as he usually does? Will Rubin be able to save Jade from the attic before it is too late? In a night full of action, near shootings and brawls, Rubin is left on a periphery trying to balance what is most important. Jades family and friends will do anything to help her recover from being put back in the attic. With Jade box smashed to pieces, everything triggers of Jade traumatic memories. Jade admits to Rubin that some of the worst things that happened to her did not happen in the attic. Jades harrowing and disturbing past leads Rubin down a path of fury, vengeance and revenge, which leaves his whole family and Jade in danger yet again. After months of trying to deal with what happened to Jade when she was young and growing up she realises that there is no escaping what happened to her or the attic. She learns to cope with things in a healthier way but it still haunts her dreams. Nightmares torment Jade and Rubin has to witness the toll it takes on her. Even though Jade is still dealing with her past she has never been happier she is with the man of her dreams her soul mate and saviour. Jade has friends and family who she completely trusts and she has a blossoming career. Jade reaches a point in her life she can make plans for the future. Rubin has lost count of the times he has wished he could take Jades nightmares and pain away. It breaks his heart every time Jade wakes up screaming sobbing in his arms, so when Rubin gets the chance to give Jade the peace and freedom from the attic she has always craved for Rubin realises he has to break every promise he has ever made to her.

The Calculus of Friendship is the story of an extraordinary connection between a teacher and a student, as chronicled through more than thirty years of letters between them. What makes their relationship unique is that it is based almost entirely on a shared love of calculus. For them, calculus is more than a branch of mathematics; it is a game they love playing together, a constant when all else is in flux. The teacher goes from the prime of his career to retirement, competes in whitewater kayaking at the international level, and loses a son. The student matures from high school math whiz to Ivy League professor, suffers the sudden death of a parent, and blunders into a marriage destined to fail. Yet through it all they take refuge in the haven of calculus- until a day comes when calculus is no longer enough. Like calculus itself, The Calculus of Friendship is an exploration of change. It's about the transformation that takes place in a student's heart, as he and his teacher reverse roles, as they age, as they are buffeted by life itself. Written by a renowned teacher and communicator of mathematics, The Calculus of Friendship is warm, intimate, and deeply moving. The most inspiring ideas of calculus, differential equations, and chaos theory are explained through metaphors, images, and anecdotes in a way that all readers will find beautiful, and even poignant. Math enthusiasts, from high school students to professionals, will delight in the offbeat problems and lucid explanations in the letters. For anyone whose life has been changed by a mentor, The Calculus of Friendship will be an unforgettable journey.

Viviane, a beautiful Celtic princess, unwittingly unravels the spell that binds the spirit of the evil Idoc within a circle of tall stones. Once released, the sorcerer-priest uses his powers to deliver vengeance upon those responsible for his original enslavement - including the Princess Viviane. With Idoc in possession of the body of Prince Caradawc, her betrothed, Viviane can no longer judge safely between friend and foe, between this life and previous incarnations. Yet to rescue Caradawc from his nightmare, she must risk everything to reach the dreaded dark tower where Idoc waits. And, to ensure victory over evil, she must seek out Lucifer's Emerald. She journeys through dreams and nightmare, beauty and horror, good and evil to save her lover and destroy the sorcerer-priest. This is a quest for spiritual grace which is beautifully depicted and includes all the timeless ingredients of legend.

This in-depth guide to practical issues involving the management of patients with dysphagia is written from the perspective of the swallowing team. Chapters have been written by internally recognized specialists. Medical and non-medical management issues are addressed along with different approaches to diagnosis. Each subject is covered in a level that makes the information suitable for practitioners and advanced students. Numerous schematic drawings and illustrations paired with photographs enhance and enrich the technical content.

There are certain days in our lives which, as we recall them, seem to detach themselves from the general sequence as forming the starting-point of a new epoch. Doubtless, if we examined them critically, we should find them to be but links in a connected chain. But in a retrospective glance their continuity with the past is unperceived, and we see them in relation to the events which followed them rather than to those which went before.Such a day is that on which I look back through a vista of some twenty years; for on that day I was, suddenly and without warning, plunged into the very heart of a drama so strange and incredible that in the recital of its events I am conscious of a certain diffidence and hesitation.The picture that rises before me as I write is very clear and vivid. I see myself, a youngster of twenty-five, the owner of a brand-new medical diploma, wending my way gaily down Wood Lane, Highgate, at about eight o'clock on a sunny morning in early autumn. I was taking a day's holiday, the last I was likely to enjoy for some time, for on the morrow I was to enter on the duties of my first professional appointment. I had nothing in view to-day but sheer, delightful idleness. It is true that a sketch-book in one pocket and a box of collecting-tubes in another suggested a bare hint of purpose in the expedition; but primarily it was a holiday, a pleasure jaunt, to which art and science were no more than possible sources of contributory satisfaction.At the lower end of the Lane was the entrance to Churchyard Bottom Wood, then open and unguarded save by a few hurdles (it has since been enclosed and renamed 'Queen's Wood'). I entered and took my way along the broad, rough path, pleasantly conscious of the deep silence and seeming remoteness of this surviving remnant of the primeval forest of Britain, and letting my thoughts stray to the great plague-pit in the haunted bottom that gave the wood its name. The foliage of the oaks was still unchanged, despite the waning of the year. The low-slanting sunlight spangled it with gold and made rosy patterns on the path, where lay a few prematurely-fallen leaves; but in the hollows among the undergrowth traces of the night-mists lingered, shrouding tree-bole, bush and fern in a mystery of gauzy blue.A turn of the path brought me suddenly within a few paces of a girl who was stooping at the entrance to a side track and seemed to be peering into the undergrowth as if looking for something. As I appeared, she stood up and looked round at me with a startled, apprehensive manner that caused me to look away and pass as if I had not seen her. But the single glance had shown me that she was a strikingly handsome girl--indeed, I should have used the word 'beautiful'--that she seemed to be about my own age, and that she was evidently a lady.The apparition, pleasant as it was, set me speculating as I strode forward. It was early for a girl like this to be afoot in the woods, and alone, too. Not so very safe, either, as she had seemed to realize, judging by the start that my approach seemed to have given her. And what could it be that she was looking for? Had she lost something at some previous time and come to search for it before anyone was about? It might be so. Certainly she was not a poacher, for there was nothing to poach, and she hardly had the manner or appearance of a naturalist.

Wings

The Long Night has begun. The Endlords and their dark army of Unmade prepare to unleash untold destruction upon the world. Every Sull warrior must step forward and fight, or risk the North falling into eternal darkness. Key to mankind's survival is the sacred warrior Ash March. But for Ash to realise her true potential as a Reach, and become the Sull's greatest weapon, she must keep herself safe as the perils that surround her multiply. Raif Sevrance has an equally perilous task. The exile must travel to the barren wastes of the Red Glaciers and recover the legendary sword named Loss. For Sull legend decrees that he who wields the Sword from Red Ice will bring terror to their enemies. But fulfilment of these goals may come too late. In the remote reaches of the Bitter Hills, the Endlords' minions have made a cataclysmic discovery: a crack in the Blindwall, an ancient and unguarded passage leading directly into the realms of men.

A New Adult/College/Adult Sexy Romantic Comedy! Emily never expected to find love in a dart bar, but the moment she spots tall, sexy Sebastian, she's determined to catch his eye.

Winner of the 2010 William C. Morris Award! Fifteen-year-old Blake has a girlfriend and a friend who’s a girl. One of them loves him; the other one needs him. When he snapped a picture of a street person for his photography homework, Blake never dreamed that the woman in the photo was his friend Marissa’s long-lost meth addicted mom. Blake’s participation in ensuing drama opens up a world of trouble, both for him and for Marissa. He spends the next few months trying to reconcile the conflicting roles of Boyfriend and Friend. His experiences range from the comic (surviving his dad’s birth control talk) to the tragic (a harrowing after-hours visit to the morgue). In a tangle of life and death, love and loyalty, Blake will em with a more sharply defined snapshot of himself.

Magic and intrigue go hand in hand in Mairelon the Magician and The Magician's Ward, two fast-paced novels filled with mystery and romance, set against the intricate backdrop of Regency England. When a stranger offers her a small fortune to break into a traveling magician's wagon, Kim doesn't hesitate. Having grown up a waif in the dirty streets of London, Kim isn't above a bit of breaking-and-entering. A hard life and lean times have schooled her in one lesson: steal from them before they steal from you. But when the magician catches her in the act, Kim thinks she's done for. Until he suggests she become his apprentice; then the real trouble begins. Kim soon finds herself entangled with murderers, thieves, and cloak-and-dagger politics, all while trying to learn how to become both a proper lady and a magician in her own right. Carolee's is the second issue of The Magazine of the Artist's Institute. Dedicated to Carolee Schneemann, it features a previously unpublished image archive from Schneemann's studio that documents half a century of morphological connections between her work and other visual material, including art, advertising, and popular culture. A new long-form pro'le of Schneemann by writer Maggie Nelson accompanies this project and considers the artist's relationship to the history of her reception and Schneemann's signi'cant in'uence on subsequent generations of feminists

It's 2015, and Camelot and Sherwood are at war. The Circle, the UK paramilitary agency whose Knights carry the devices of the members of King Arthur's Round Table, is hunting the Green Chapel, eco-activists allied to Robin Hood's Merry Men. For the Knights, this quest is personal as well as political: the Chapel's leader, Jory Taylor, is himself an errant Knight – and he has stolen the Holy Grail from the British Museum. But this war is fought with modern weapons, and nowhere – from the Circle's Thameside fortress to a Bristol squat, from the oldest pub in England to a music festival in Cheshire – will remain untouched. Before long, the enmity between its greatest heroes will tear Britain apart. Philip Purser-Hallard is a master craftsman. His stories are both cleverly constructed and wrought in the sharpest prose, and he's always a joy to read. Not to be missed.

-- George Mann Purser-Hallard takes urban fantasy back from fey vampires and rugged werewolves and puts it firmly back where it belongs, rooted deep in the myths and legends of old Britain. He combines a startlingly original premise with some bloody good story-telling. I'm in for the long run, and you should be too. -- Simon Morden (Philip K Dick Award winner, The Samuil Petrovich trilogy)

Dr John Evelyn Thorndyke is a fictional detective in a long series of novels and short stories by British author R. Austin Freeman (1862-1943). Thorndyke was described by his author as a "medical jurispractitioner": originally a medical doctor, he turned to the bar and became one of the first -- in modern parlance -- forensic scientists. His solutions were based on his method of collecting all possible data (including dust and pond weed) and making inferences from them before looking at any of the protagonists and motives in the crimes. (Freeman, it is said, conducted all experiments mentioned in the stories himself.) It is this method which gave rise to one of Freeman's most ingenious inventions, the inverted detective story, where the criminal act is described first and the interest lies in Thorndyke's subsequent unravelling of it.

A journey through the diverse landscape of American Buddhism, written with “a blessedly down-to-earth sense of humor” (Rodger Kamenetz, author of The Jew in the Lotus). In an era when many of us yearn for an escape from a culture of noise and narcissism, this book takes us into the physical and spiritual geography of Buddhism, American-style: from a weekend at a mountain retreat for corporate executives learning effective ways to cope with stress, to a visit with a Zen teacher holding classes in an old Quaker farmhouse, to a meeting with a Catholic priest who's also a Zen master.

Both a lively introduction to this Eastern spiritual tradition and a colorful portrait of American society, The Accidental Buddhist “makes the oftentimes impenetrable concepts of Buddhism accessible to the reader and contains striking, and important, parallels and contrasts between [the author's] own Catholic upbringing and ancient Buddhist traditions” (Library Journal). “A travelogue detailing the tremendous diversity within American Buddhism. His anecdotes make it clear that the umbrella term ‘Buddhist’ encompasses strict Zen monks, laid-back Tibetan politicians, and beatnik holdover Allen Ginsberg. In his travels, Moore attends weekend retreats, chronicles the Dalai Lama’s 1996 visit to Indiana, and grooves to Change Your Mind Day, a meditative Buddha-fest in New York City’s Central Park. . . . He finds that his family is his sangha (monastery), and while he still feels he is ‘probably a fairly lousy Buddhist,’ he will eclectically combine his various forms of new knowledge to find a path that makes sense to him. Now that may be an authentic American Buddhism.” —Kirkus Reviews
