'I Am Going To Write You Short Accounts Of The Story Of Our Earth And The Many Countries, Great And Small, Into Which It Is Divided&I Hope [These] Will Make You Think Of The World As A Whole And Of Other People In It As Our Brothers And Sisters . .

.' -Jawaharlal Nehru When Indira Gandhi Was A Little Girl Of Ten, She Spent The Summer In Mussoorie, While Her Father, Jawaharlal Nehru, Was Busy Working In Allahabad. Over The Summer, Nehru Wrote Her A Series Of Letters In Which He Told Her The Story Of How And When The Earth Was Made, How Human And Animal Life Began, And How Civilizations And Societies Evolved All Over The World. Written In 1928, These Letters Remain Fresh And Vibrant, And Capture Nehru'S Love For People And For Nature, Whose Story Was For Him `More Interesting Than Any Other Story Or Novel That You May Have Read'.

Covering a period of more than one hundred years of work by renowned folklorists, these enlightening essays explore the timeless tale of Cinderella. In addition to the most famous versions of the story (Basile's Pentamerone, Perrault's Cendrillon, and the Grimm's Aschenputtel), this casebook includes articles on other versions of the tale from Russian, English, Chinese, Greek and French folklore. The volume concludes with several interpretive essays, including a psychoanalytic view from Dundes and a critique of the popularization of Cinderella in America. "Folklorists, scholars of children's literature, and feminists should appreciate particularly the wide scope of this collection . . . now in paperback with an updated Bibliographical Addendum. . . . Most helpful are the two-page introductions to each variant and to each essay which include a brief overview of the historical times as well as suggested additional sources for more discussion."—Danny Rochman, Folklore Forum "A milestone, a near complete source of primary and secondary materials. . . . The selected analytical writing include definitive classic and new discoveries, covering the whole range of methodological modes and theoretical perspectives from early forms and typology to myth-ritual, social-historical, anthropological, and psychoanalytical readings. The annotated bibliography is most helpful, illuminating, and comprehensive, encompassing

publications in other Western languages and works by Asianists.”—Chieko Mulhern, *Asian Folklore Studies* “One can imagine several dimensions on which psychoanalysts might find such a collection interesting: as examples of applied psychoanalysis, in relation to philosophical and cultural examination of imaginative material, in relation to child development, and in the correlations between folktales of a particular culture and individual histories.”—Kerry Kelly Novick, *Psychoanalytic Quarterly*

A Simple Account of the World History 'Glimpses of the World History' is an account of the progress of the world through centuries and ages. This book is a collection of letters that Jawaharlal Nehru wrote to his daughter Indira when he was in various Indian prisons for three years. The letters were meant to introduce her to the world and its history. In the first few letters, Nehru expresses his sadness for not being able to be around his daughter and give her the materialistic gifts that other parents could but he promises to give her a gift that he could afford; in the form of knowledge and wisdom through words that come from the very core of his heart. Nehru wrote 196 letters and covered the history of mankind from 6000 BC to the time he was writing the letters. Tales of Empires A major part of these letters talks extensively about the rise and fall of empires around the world and development of civilizations as well. Nehru talks about the histories of every significant place ranging from Greece in the far West to China in the east. The book talks about the wars that were fought during these years and the greatest revolutions that overthrew established dynasties. Nehru has also written about the legendary leaders and kings who have walked the earth including right from Alexander the Great to Mahatma Gandhi. A Different View Unlike many other books that talk more or less about particular history of specific cultures, this book is a panoramic view of the history of mankind. It talks about the barbarians as well as the well behaved societies in the far west. Nehru has written this book with lot of wit which makes it an interesting read. The iconic masterpiece of India that introduced the world to “a glittering novelist—one with startling imaginative and intellectual resources, a master of perpetual storytelling” (The New Yorker) WINNER OF THE BEST OF THE BOOKERS • SOON TO BE A NETFLIX ORIGINAL SERIES Selected by the Modern Library as one of the 100 best novels of all time • The fortieth anniversary edition, featuring a new introduction by the author Saleem Sinai is born at the stroke of midnight on August 15, 1947, the very moment of India’s independence. Greeted by fireworks displays, cheering crowds, and Prime Minister Nehru himself, Saleem grows up to learn the ominous consequences of this coincidence. His every act is mirrored and magnified in events that sway the course of national affairs; his health and well-being are inextricably bound to those of his nation; his life is inseparable, at times indistinguishable, from

the history of his country. Perhaps most remarkable are the telepathic powers linking him with India's 1,000 other "midnight's children," all born in that initial hour and endowed with magical gifts. This novel is at once a fascinating family saga and an astonishing evocation of a vast land and its people—a brilliant incarnation of the universal human comedy. Forty years after its publication, *Midnight's Children* stands apart as both an epochal work of fiction and a brilliant performance by one of the great literary voices of our time.

Letters from a Father to His Daughter

For readers of Jhumpa Lahiri and Rohinton Mistry, as well as Lorrie Moore and George Saunders, here are stories on the pathos and comedy of small-town migrants struggling to build a life in the big city, with the dream world of Bollywood never far away. Jayant Kaikini's gaze takes in the people in the corners of Mumbai—a bus driver who, denied vacation time, steals the bus to travel home; a slum dweller who catches cats and sells them for pharmaceutical testing; a father at his wit's end who takes his mischievous son to a reform institution. In this metropolis, those who seek find epiphanies in dark movie theaters, the jostle of local trains, and even in roadside keychains and lost thermos flasks. Here, in the shade of an unfinished overpass, a factory-worker and her boyfriend browse wedding invitations bearing wealthy couples' affectations—"no presents please"—and look once more at what they own. Translated from the Kannada by Tejaswini Niranjana, these resonant stories, recently awarded the DSC Prize for South Asian Literature, take us to photo framers, flower markets, and Irani cafes, revealing a city trading in fantasies while its strivers, eating once a day and sleeping ten to a room, hold secret ambitions close.

Pinocchio, The Tale of a Puppet follows the adventures of a talking wooden puppet whose nose grew longer whenever he told a lie and who wanted more than anything else to become a real boy. As carpenter Master Antonio begins to carve a block of pinewood into a leg for his table the log shouts out, "Don't strike me too hard!" Frightened by the talking log, Master Cherry does not know what to do until his neighbor Geppetto drops by looking for a piece of wood to build a marionette. Antonio gives the block to Geppetto. And thus begins the life of Pinocchio, the puppet that turns into a boy. Pinocchio, The Tale of a Puppet is a novel for children by Carlo Collodi is about the mischievous adventures of Pinocchio, an animated marionette, and his poor father and woodcarver Geppetto. It is considered a classic of children's literature and has spawned many derivative works of art. But this is not the story we've seen in film but the original version full of harrowing adventures faced by Pinnocchio. It includes 40 illustrations.

On Indian politics and government with reference to the leadership of Jawaharlal Nehru, 1889-1964, Indian statesman. In its most brutal form, the prison in British India was an instrument of the colonial state for instilling fear and dealing with resistance. Exploring the lived experience of select political prisoners, this volume presents their struggles and situates them against the backdrop of the freedom movement. From Mohamed Ali, Maulana Abdul Kalam Azad, the Nehru family, and Gandhi, to communists like M.N. Roy—we get a vivid glimpse of their lives within the confines of the prison in a narrative that is at times deeply personal and yet political. The struggles of some remarkable women of the time are also brought to the fore—be it the feisty doctor Rashid Jahan, Aruna Ali, Vijaya Lakshmi Pandit, or Sarojini Naidu. Extensively researched, the volume draws upon the records at the National Archives of India, private papers, creative writings of the prisoners, newspapers, memoirs, biographies, and autobiographies. The volume also brings to light the differences between Indian and European prisons during the colonial period and the conception of 'criminal classes' in the colony. Capturing the sharp pangs of loneliness, the poetry born out of solitude, and the burning desire for independence, Roads to Freedom breathes new life into accounts and tales long forgotten.

A Freudian Folkloristic Essay on Caste and Untouchability

The Caravan April 2020

Vol. XLVI. No. 38 (20 SEPTEMBER, 1981)

This provocative book by a leading folklorist offers a new analysis of caste in India, focusing on the rationale underlying the customs surrounding untouchability. Drawing on clues contained in two fascinating folktales, Alan Dundes goes beyond Dumont's classic *Homo Hierarchicus* in deconstructing the pervasive pollution complex that prevents millions of individuals from entering temples or drawing water from community wells. His graceful and erudite explanation of caste also illuminates the mysterious worship of the sacred cow as well as sati/suttee, or widow burning. The author concludes by relating caste to the theory of marginal survival, drawing on Gypsy concepts of pollution. This controversial book offers a fresh perspective for anyone interested in India, folklore, and psychoanalytic anthropology—a detailed case study documenting how folklore, as a source of native categories and symbols, can yield unique insights into the unconscious functioning of a culture through time. In this comprehensive textbook, renowned

philosopher J. N. Mohanty examines the range of Indian philosophy from the Sutra period through the 17th century Navya Nyaya. Classical Indian Philosophy is divided into three parts that cover epistemology, metaphysics, and the attempt to transcend the distinction between subject and object. Mohanty focuses on the major concepts and problems dealt with in Indian philosophy, including ethics, social philosophy, law, and aesthetics. Students of Indian philosophy at every level will find this a rich and rewarding text.
